## EIGHT HOUR BILL STILL HANGS FIRE

The house committee of the judiciary and revision laws sat until 1 a. m. hearing arguments on the constitutionality of the Dimick eight-hour bill for industries that run 23 hours or over out of the 24. Buchanan asked Dimick if the bill would not affect all industries that run through the 24 hours, and he said it would. The bill is considered as not adapted to conditions in Oregon as they now exist and if amended to leave out fruit driers and hop driers it will be considered unconstitutional. No report has yet been made.

## RUSSIA GOES SOME BETTER ON HER BLUFF

[UNITED PRESS LEASED WIRE.] St. Petersburg, Feb. 17.—It is semi-officially announced here today that unless China yields to Russia's demands before March 1 an ultimatum will be sent. Minister Korotkovich has been instructed to deliver to China the following note: "Recent negotiations have convinced the Russian government that China does not wish to abide by the provisions of the treaty of 1881. These have been ignored by China, or interpreted by China in a way not in accordance with their spirit or their letter. The imperial government is convinced that, with such an attitude on China's part, a continuance of the friendly relations is impossible. While anxious for the maintenance and consolidation of these relations, Russia finds it necessary to make the foregoing declaration and to request China to confirm without delay her agreement to observe the points contained for by the imperial government."

## AND WANTS TO VOTE ALL THAT TIME

Chicago, Feb. 17.—Advocating a daily parade "in the altogether" for society women as a sure recipe for attaining a ripe old age, Mrs. Frances Shaw, a suffragette, has furnished food for gossip among Chicago women today. Addressing the National Pure Air Association, Mrs. Shaw said: "I don't want to shock you ladies, but I have found that the principal reason why women don't live longer is because they wear heavy underwear. A fine gauze vest is sufficient. Heavy underwear does not give the body a chance to breathe." And then Mrs. Shaw sprung a statement which made the hearers gasp. "Why, every morning I give my body," she said, "a thorough breathing spell. I'm 50 now, and I expect to reach 100. If I had known when I was younger what I know now, I would live to be 150."

## UNION LABOR.

(Continued from page 1.)

urged to take up the appeal promptly and organize a system by which voluntary contributions can be made. "Each day's receipts will be transmitted promptly to our needy brothers on the Pacific coast. The cause is just, the need is immediate and contributions should be as generous and prompt as possible. (Signed) "SAMUEL GOMPERS, President."

## Local Unions Confident.

Los Angeles, Calif., Feb. 17.—The large sum of money pledged by the workmen of the East means victory in the biggest strike Los Angeles has ever known, according to George J. Gunrey, labor organizer, who has been lining up the local unions for the impending struggle. Gunrey said the strike probably will be called in May.

## THIS INTIMATES SOME MEXICAN HAS BEEN SHOT

Washington, Feb. 17.—Responding to appeals by Mexicans wounded in the fighting near the American frontier, the National Red Cross Society today telegraphed \$1000 to Major-General Tasker H. Bliss, commanding the United States force at Calexico, Cal., which will be used for their relief.

## ADMIT HE WAS BAD BUT NOT AWFULLY BAD

Seattle, Wash., Feb. 17.—Admitting that Clarence D. Hillman, millionaire land operator, rented a post-office box under an assumed name and sold and resold pieces of property previously contracted for by other persons, his attorneys today opened the defense.

## DYING AT RATE OF 250 DAILY IN HARBIN

Washington, Feb. 17.—Consul-General Wilder today reported to the National Red Cross Society that 250 Chinese daily are dying in Harbin. The ground there, he says, has frozen hard, and as burials are impossible, coffins line the roadways for a mile around the city. More than 4000 corpses have been cremated, despite the violent opposition of the people.

## PUBLIC UTILITY BILL PASSES

At 3:15 this afternoon the house passed the Malarky public utilities bill.

## OTHER BILLS WILL GO DOWN ALONG WITH IT

The defeat of the good roads appropriation in the house means the probable defeat of all good roads legislation at this session. The senate is holding up house substitute for senate bill No. 42, the highway commission bill. These two bills were united in one substitute, which passed the house last week, and has not been considered in the senate. Unless the house recalls its action, and passes the good roads appropriation bill, the senate will allow the house commission bill to die.

## MILKMAN TOO TOUGH FOR THE CONVICT

[UNITED PRESS LEASED WIRE.] San Francisco, Feb. 17.—Jose Morales, ex-convict, is dying today with a bullet wound in the abdomen, inflicted by C. A. Eldridge, a milkman, who fired, when Mrs. N. F. Remington, a prominent club woman, shouted for help, when she caught Morales prowling about her home at daylight. Morales fired two shots at the milkman. Lying flat in his wagon, Eldridge fired twice at Morales, one of the bullets taking effect.

[UNITED PRESS LEASED WIRE.] Freeport, Ill., Feb. 17.—With the crest not yet in sight, hundreds of families have been driven from their homes by the flood waters of the Peacantonica river, now higher than it has been for 50 years. The city's light and water plant are submerged. The damage already done is estimated at \$100,000.
