NINETEEN SENATORS TO GO OUT

REPUBLICANS WILL HAVE MAJORITY IN NEW SENATE OF ONLY EIGHT OR NINE, AND MANY HARD FIGHTS ARE CERTAIN TO RESULT.

Washington, March 1.—There is a lack of ginger in the manner of some of the veterans in the United States senate just now, for moving day comes apace. At noon Saturday the 61st congress dies. Hale of Maine, senior in point of service, having been a member since March 4, 1881, remained in the ranks to the last. Aldrich, whose service goes back to October 5, 1881, passed from the scene two months ago. His health, it was explained, demanded a change of climate. Burrows, of Michigan, with 15 years as a senator; Kean, of New Jersey, Scott of West Virginia and Depew of New York, each with 12 years, and of commanding influence under the Aldrich reign, retire to private life. Beveridge, of Indiana, the brilliant progressive, will pass, at least temporarily, after 12 years in the senate. The changes will be the most remarkable in the history of the upper deliberative body.

Nineteen members in all, three of them Democrats, will lay aside their togas. The Republicans include, beside those mentioned, Bulkeley, of Connecticut; Burkett of Nebraska; Carter of Montana; Dick of Ohio; Flint of California; Piles of Washington; Warner of Missouri, and Young of Iowa. Young, who serves until March 4 by appointment, is in a deadlock at present by the Iowa legislature. Flint and Piles were not candidates for re-election.

The retiring Democrats are Money of Mississippi; Tallaferro of Florida, and Frazier of Tennessee. None of them made serious efforts at re-election.

With the old leaders gone, the senate will require a complete re-organization. The comparatively new progressives will step forward and the whole aspect of the body will be changed. The Republican majority will be eight or nine, so that nearly everything proposed will cause an open fight.

ONE DOSE USUALLY CURES INDIGESTION OR BAD STOMACH

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of Dyspepsia, Indigestion or any other Stomach trouble.

For 200 years after Egypt was conquered Selim I, of Turkey, a council of Mameluke boys governed the country, and were so powerful as to set the Porte at defiance. FOUR PAGE PAPERS IN CHICAGO

ON ACCOUNT OF STRIKE ON HEARST PAPERS YESTERDAY EVERY CHICAGO PAPER IS TODAY HELD DOWN TO FOUR PAGES—STRIKE MAY LEAD TO LOCKOUT.

Chicago, March 1.—President Jas. Lynch, of the International Typographical Union, is expected today to take action on the strike of 250 union printers, which has crippled the Hearst newspapers here. Members of the American Newspaper Publishers' Association think Lynch will order the printers back to work, pending arbitration.

The Hearst type today is being set by union printers in the office of the Chicago Journal, and National Organizer Turner threatens to call a strike of the Journal's printers if this plan is continued. The publishers' association declares that if such a strike is called they will lock out all the union printers in Chicago.

All the papers in the city today are confined to four pages until the Hearst printers return to work, thus curtailing all work to a minimum.

Taking advantage of the other papers' difficulties, the Daily Socialist today issued a large paper and circulated it broadcast.

When the Socialist reached the streets, employes of the circulation departments of the other papers, against the orders of their employers, slugged the Socialist newsboys and destroyed their papers. Members of the Bohemian and German Turnvereins and Socialists generally volunteered to slug the sluggers, and there were scores of free fights throughout the city.

At a mass meeting of union printers late this afternoon it will be settled whether the union printers on other newspapers shall be permitted to set type for the Hearst papers. Anticipating a refusal, the printers have served an informal notice on the publishers that there will be a general strike if they continue to set type for Hearst. The publishers assert that such action would cause a break between the Chicago printers and the International Typographical union.

Members of the executive committee of the Chicago typographical union stated this afternoon that the Hearst printers had been ordered by President Lynch to return to work pending arbitration. It will be decided at the mass meeting late this afternoon whether to comply with or ignore the order. The impression is strong that the strike will end.

HITCHCOCK WANTS TO BE GREAT I AM

Denver, Colo., March 1.—Charging him with having violated the postal laws, U. S. Marshal Charwick this afternoon arrested Urban Walter, editor of "The Harpoon," the organ of the railway mail clerks. No specific information was contained in the complaint.

Walter was to be given a preliminary hearing before U. S. Commissioner Hinesdale late this afternoon. Campaigning for shorter hours and better working conditions for the mail clerks, Walter has attacked Postmaster-General Hitchcock. It was believed that this fact was behind the arrest.

COW SWALLOWED DARNING NEEDLE

The L. G. Curtis family had a cow ailing for several days, and finally she was taken down with a peculiar acute form of lung trouble, and died yesterday. Two veterinarians worked on the animal but she was beyond human aid. An autopsy showed she had swallowed a good sized darning needle and it penetrated her stomach and passed through one of the lungs.

Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly, and not always sure, here's a better way. Let Dr. King's New Discovery cure you at home. "I cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed, and I gained 40 pounds in weight. It is surely the king of all cough and lung cures." Thousands owe their lives and health to it. It is positively guaranteed for coughs, colds, la grippe, asthma, croup—all throat and lung troubles, 50c and 11. Trial bottles free at J. C. Perry's.

ZION LACE INDUSTRIES, ZION CITY, ILLINOIS

ZION LACES and many interesting features in their manufacture are on exhibition in one of our show windows. This display is educational and every person should see it.

From 3,400 to 4,500 bobbins are required to thread one lace machine, besides the beam and warp, making a total—when the machine is threaded—of 13,000 threads in actual work. When a machine is fully threaded there are 6,700 miles of cotton on it, enough to reach from here to England and nearly back again.

See the illustrations of the various machines in operation—where they take in the thread and turn out the dainty, attractive laces—also skeins of yarns, yarn spools—pieces of lace just as they come from the machines. Especially interesting is the process of clipping, scalloping and separating. The exhibit is so unique and the values so unusual that a visit will be of material interest to you.

THE DECISION BENEFITTED THE RAILROADS

[UNITED PRESS LEASED WIRE.]

New York, March 1.—The fact that the financial position of the railroads of the country has been actually bettered by the recent interstate commerce commissioner's decision against higher rates is indicated today by a Wall Street statement that since the decision \$85,000,000 worth of new railroad and other securities have been sold.

The amount includes \$50,000,000 Central Pacific bonds, \$10,000,000 St. Paul and Kansas City Short Line bonds, \$12,000,000 Erie 6 per cent notes and \$13,000,000 preferred stock of the Studebaker corporation.

It is understood the decision pleased the managers, who expect a phenomenal business.

BASKET BALL AT WILLAMETTE

The big basketball game between Pullman and Willamette will come off tomorrow afternoon at 4 o'clock. This game will no doubt be a fast one and a good one to watch. Although Pullman's standing is low in the conference, they have some excellent men on their team, including Lowrie their center, with Buck and Dalquist forwards. Willamette's team work is

better now than at any previous time this season, the forwards are more sure of their shots, and it would take a fast team to beat them. The line-up for Willamette will be McRae, center; Homan and McIntyre forwards; Schramm and Gibson guards.
