B. A. MAHAN IS KILLED IN ROSEBURG

IS SHOT BY ROY McCLALLEN, ON THE STREET—LATTER WAS ACCOMPANYING YOUNG WOMAN BOTH ADMIRED, FROM THE THEATER.

[UNITED PRESS LEASED WIRE.]

Roseburg, Ore., March 14.—In the presence of Miss Lillian Spiker, with whom he had been to the theater Roy McClallen, a local abstracter and a member of a prominent Douglas county family, shot and killed B. A. Mahan, proprietor of a plumbing store, shortly before midnight. The encounter took place on the principal business street of Roseburg.

In jail today McClallen said that he shot in self defense and that Mahan was attempting to draw a gun when he was shot. A revolver was found on the body of Mahan. McClallen says Mahan had followed him and Miss Spiker from the theater and as he overtook them had uttered several oaths and had placed his hand in his rear pocket as though to draw a weapon. McClallen said that he then shot.

Both men had been attentive to Miss Spiker for several months and it is said each felt bitter toward the other.

BIG SMOKE BROKE THE SPEED LIMITS

[UNITED PRESS LEASED WIRE.]

Oakland, Calif., March 14.—A warrant is out today for the arrest of Champion Jack Johnson for automobile speeding. The champion's machine is laid up for repairs.

NO MORE GREASY DOUGHNUTS.

A lady in Greenville, S. C., recently wrote a friend as follows:

"For years, after preparing doughnuts with the utmost care, I was disappointed to see them come out greasy and unwholesome looking. However, with my first use of Cottolene for frying them, I was delighted, as they were brown, crisp and delicious.

"For making doughnuts, pastry, light bread and flaky biscuits I prefer Cottolene to any other shortening on the market. We even carry a pail of it on our annual camping trips through the mountains."

Cottolene is made by The N. K. Fairbank Company, and is much more wholesome and economical than lard. It is sold by all good grocers.

The special session will not be called, for the simple reason that the bills being properly signed, do not require the records kept by the thoroughly competent clerks, to be produced to authenticate them. The signature of the president of the senate and speaker of the house are as much weight as a clerk's memorandum.

Francisco Madero has issued orders to his blood drinking troops to give Diaz soldiers no quarter. This will save some worry as the only way either side, so far, would have been able to give the other anything, would be by wireless.

Mexican battles are better than a moving picture show. Sunday 6,000 Americans in autos attended one of these functions, watching the fight for a couple of hours, and paying nothing for admission.

Those familiar with the earlier history of Utah will be pleased to learn that old Isaac Trumbo, dirt eater for Brigham Young, is dead broke. He prospered for many years, and the only regret now is that he isn't younger, so as to have a longer siege of poverty.

It is reported that the convicted bankers, Morse and Walsh, have been pardoned. The reason given is that confinement was not good for their health.

AUSTRALIA WILL BUILD A BIG FLEET

[UNITED PRESS LEASED WIRE.]

Melbourne, Australia, March 14.—Rear-Admiral Henderson, who, at the request of the Commonwealth government was sent out by the admiralty to inquire into the condition of the naval defenses of the country, has made his report to the cabinet, which has just been published.

The rear-admiral maintains that Australia cannot afford to keep up a navy commensurate with the length of its coast line, consequently the commonwealth must cooperate with the British authorities on a population basis. At present an outlay of $20,000,000 is involved in the work of policing the south Pacific. He recommends for Australia a fleet of 52 warships: The cost of the construction is to be spread over 22 years and will involve an outlay of $250,000,000.
