

Gordon Hat Time Is Here!

Your Particular Style is Ready for You

The Gordons for spring are well worth seeing. New ideas, new shapes, new styles, new colors, a splendid assortment to select from--what more can you ask? Quality? The Gordon name gives the man who knows all the assurance he needs on that score.

Three Dollars Buys a Gordon

It's just like handing you \$2.00 to sell you this hat for \$3.00. No better hat is made, either soft or stiff.

Novel Shapes for Young Men

Spring shapes in new models to be worn telescoped, dented or creased--the latest ideas in hatdom.

Conservative Styles for Older Men.

Soft or stiff hats in models that will appeal to men who want more conservative styles.

JAPAN SMILES AT OUR YELLOW JOURNALISM

SAYS HER FLEET IS DISTRIBUTED AS USUAL AND THAT THE LOCATION OF ITS SHIPS IS KNOWN TO ALL THE WORLD.

[UNITED PRESS LEASED WIRE.]

Tokio, March 14.—Adopting an attitude of puzzled surprise over what they term the "wild" American news regarding Japan's alleged secret connection with the Mexican complications, the Mikado's officials today designated the stories that Japan had formed an alliance with Mexico as ridiculous.

"We fear that America curiously misunderstands Japan," was the statement of one high official.

News from the United States directed attention to the operations and movements of Japanese war vessels. The cruisers Kasagi and Asama returned from their American cruise March 6 and are at Yokosuka. The battleship Asahi participated in the fleet maneuvers off the Shimbara coast last month and was brought to Yokosuka March 10 owing to the illness of Prince Fushimi, her commander. Other Japanese ships are reported distributed through the various Japanese ports.

ADDITIONAL CAPITOL BUILDING

(Continued from Page 1.)

ernor West asks \$10,000 for his quarter block, while Mr. Metschan, whose land has better improvements, asks \$13,000 for his property. These estimates are regarded as reasonable by the committee, which regards the prices asked by the owners of the other half of the block as excessive. Owners of the north half block are asking in the aggregate \$37,000 for their lots, on which the improvements are not to be compared with those on the Metschan property. This would make the block cost the state \$60,000, which is more than can be allowed out of the total appropriation of \$150,000 and leave sufficient money for constructing the building that is needed.

"Speaker Rusk said that while no final decision had been reached by the committee, the purchase of the south half of the block would surely be recommended at the prices quoted by the state. If the quotations furnished on the other half block are reduced the entire block will be purchased. This would extend the present holdings of the state easterly to the main line of the Southern Pacific railroad.

"The proposed new building will provide offices for the supreme court, state library, attorney-general and railroad commission. The cost of the building will approximate \$100,000."

The other two members of the committee agreed with State Treasurer Kay that the block east of the state house should be procured if possible at its present market value. It is also admitted by the board that the property will cost a great deal more in the future, and an effort will be made to secure options on the property in the meantime. The law does not go into effect for 90 days and it is well known that with two railroads coming into Salem even in those 90

Makes Home Baking Easy

ROYAL BAKING POWDER
Absolutely Pure
The only baking powder made from Royal Grapes Cream of Tartar
NO ALUM, NO LIME PHOSPHATE

TO PROSECUTE CAMAS PRAIRIE NIGHT-RIDERS

[UNITED PRESS LEASED WIRE.]

Boise, Ida., March 14.—The government's investigation of the Camas Prairie night riders was renewed vigorously today by federal agents following the acquittal of Joseph Vaughn of murder, after Vaughn had testified that D. V. Emmons, whom he killed, in self defense, was a leader of the secret organization.

When Vaughn was freed citizens at Soldier, where he was tried, cheered and the man was carried from the courtroom on the shoulders of sympathizers who included a Baptist minister.

It is expected that arrests of men suspected of being night riders will soon be made. According to U. S. District Attorney Lingenfelder, who has charge of the case, a large number of settlers of Southern Idaho are now seeking him and telling him of threats made by mounted masked men who came to the isolated homes of ranchmen at night and ordered them to leave the country. Previous to Vaughn's trial the settlers were chary about telling their experiences.

According to Vaughn and other witnesses the night riders have been attempting to run new settlers out of the country as the new comers have fled contests on a number of homesteads in the district thus arousing the wrath of the riders.

WHEN EVERETT WENT DRY IT ALSO WENT DARK

[UNITED PRESS LEASED WIRE.]

Everett, Wash., March 14.—The people of this city are today divided on the new plan of the city council, to enforce an occupation tax. The city council discussed the move last night, declaring that it is necessary since the town went dry and \$7,000 in liquor license fees, are lost to the city today.

The power company, supplying the municipal electric lights, has notified the city that until the bills for street lighting are paid promptly the juice will be turned off, and the city plunged in darkness. Hence the plan to tax every man from \$3 to \$10, depending upon his trade or profession.

IN BREACH-LOADING CLASS WHEN FIGHTING BOOZE

[UNITED PRESS LEASED WIRE.]

Tecate, Calif., March 14.—Well fortified by Mescal, 35 Mexican rebels under General Luis Rodriguez today still hold the fort at the village across the line from here and are hourly hurling defiance across the border at the American soldiers on patrol. Three forces of rebels are reported near here—one at Dulsura, on the American side. In case they are able to evade the United States troops and make a combination they are expected to attack either Ensenada or Tia Juana.

A man doesn't care how out of date his wife's clothes are as long as the neighbors don't audibly comment upon them.

WILL LECTURE TONIGHT ON THE HISTORY OF ART

GEORGE L. SCHEIBER TO GIVE STEREOPTICON LECTURE AT UNIVERSITY CHAPEL AT 8 O'CLOCK THIS EVENING.

A stereopticon lecture on the History of Art will be given this evening at the University chapel at 8 o'clock.

This lecture has been arranged under the auspices of the Euterpean society and is planned to give a survey of the important and significant periods and products in the field of art.

George L. Schieiber, the lecturer, has had a broad experience in this field, having studied many of these works in the galleries of Europe and the art centers of the states. His interpretation is sufficiently democratic to make what he has to say both entertaining and instructive. He has lectured many times before the students and patrons of the Art Institute of Chicago and before the various art study clubs of that city, and has always been well received by large audiences. This fact alone stands as a guarantee of his ability.

Are you frequently noarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all druggists. Get it at Dr. Stone's Drug Store

The Doctor's Answers On Health and Beauty Questions

By Dr. Theodore Beck

The questions answered below are general in character; the symptoms or diseases are given and answers will apply to any case of similar nature. Those wishing further advice, free, may address Dr. Theo. Beck, College Bldg., College-Hillwood Sta., Dayton, Ohio, enclosing self-addressed envelope for reply. No questions will be answered unless full name and address is given. Initials or monogram will be used in answers. The prescriptions can be filled at any well stocked drug store. Any druggist can order of wholesaler.

Mack.—Your request for a simple but efficient cough and lung remedy has already been answered in these columns, but I will repeat this formula which is superior to anything I know of to cure chronic bronchitis, hoarseness, whooping cough, sore throat, etc. Obtain from any well stocked drugstore a 3-2-2 oz. package of Mentho-Laxene, and mix it with a home-made syrup according to directions accompanying it; this makes a full pint of the finest laxative, curative and tonic cough syrup, superior to patent or labeled goods and about 8 times cheaper. It makes the most effective cough remedy that I have ever prescribed.

Nervous.—I receive many letters from both men and women who class themselves as "nervous wrecks." Some attribute their condition to dissipated lives, some to society and its functions, some to indigestion of youth, and others have no explanation.

This condition begets mucous humors, melancholia, and is accompanied with such symptoms as timidity, downward cast of countenance, lost memory and vigor, cold extremities, dizziness, heart palpitation, trembling limbs, shortness of breath, sleeplessness, discontent, irritability and a general inability to act naturally at all times. Scientifically concentrated drugs, free from opium, cocaine and the like, will overcome such conditions. Obtain these ingredients separately, avoid any embers, resins, and mix at home as follows: Get three ounces of compound syrup sarsaparilla in a six-ounce bottle. Get one ounce each of compound fluid balsam, compound essence cardiol and tincture of domene compound. Add balsam to sarsaparilla, shake and let stand for two hours. Then add other two ingredients, shake well and take a teaspoonful before retiring. Drink slowly, at least a pint of water between each meal, and soon new life and nervous force will be felt coursing through the system and all distressing symptoms will be cast to the wind.

Florence.—Your questions and symptoms have been answered and explained several times heretofore in these columns, but as they may have escaped your attention, I will repeat my advice, as I have for many others. You have an extremely chronic and dangerous case of nasal catarrh, and this is responsible for your headache, foul breath and indigestion. The mucus drips into your throat and thence to the stomach while sleeping. Obtain two ounces of vilane powder; take a level teaspoonful and mix it thoroughly with one ounce of white vasoline. This makes an excellent healing balm when applied to the nostrils daily. Use the remainder of the powder as a nasal wash, a half teaspoonful to a pint of warm water. Snuff the water from the hollow of the hand well up into the nostrils until all mucus is removed. Do this twice daily and in a week or two all trace of catarrh will vanish. Keep up the treatment as a preventative.

Frank.—If you are thin and bloodless and suffering with acute indigestion, nervousness, sleeplessness and weakness, I would advise that you obtain a package of 3-grain Hypo-Nuciane tablets and take one before eating and one after. Do not eat between meals. Drink nothing but milk at mealtimes, and drink it very slowly.

O. L. K.—Kidney and bladder disease afflicts a larger number than generally supposed, and anyone who has such symptoms as lame back, headache, feverishness, puffiness under the eyes, inflamed eyelids, swelling of the ankles and feet, frequent urination, scanty or profuse urination, especially at night, with pain in the bladder, it may rest assured that the following prescription will prove vastly beneficial and all such symptoms will disappear with its use. Have your druggist mix or obtain ingredients separately and mix at home: Compound fluid balsamwort one ounce, fluid extract beech one ounce, and syrup sarsaparilla compound four ounces. Take a teaspoonful before or after meals and one when retiring, drinking plenty of water between meals.

John Henry K.—Chronic constipation has always proven troublesome to remedy until the following prescription was originated in one of our large hospitals. This not only relieves pleasantly and promptly, but it really cures the most chronic cases ever brought to my attention: Compound essence cardiol one ounce, aromatic cascara one ounce and syrup of rhubarb 2 ounces. Mix and take from 1-2 to 1 teaspoonful after each meal and one when retiring. Children less according to age. If given to children it prevents such sickness and contagion.

Retail.—Forsore, swollen, tired, itching, calloused feet I can recommend nothing better than the following: Obtain two ounces of vilane powder; to a gallon of steaming hot water add a teaspoonful of the powder and immerse the feet, soaking them from ten to twenty minutes every night. This draws out the poison and soreness, removes corns, bunions, callouses, etc., and enables anyone to be on their feet many hours daily.

Fanny.—If your hair is "greasy," oily and dead in lustre, you can quickly restore its lustre and eliminate the oily appearance and at the same time cure the worst case of dandruff and itching scalp. Obtain a four-ounce jar of plain yellow mineral oil and use as per directions accompanying same. Beautiful, lustrous, fluffy hair will be your early reward.

Miss France.—Those people who are too thin, who are weak and puny in body, with scrawny arms, shoulders and bust, can readily increase their weight, improve the quality of their blood by taking regularly for several months the following: Tincture cadomese compound one ounce and comp. syrup hypophosphites five ounces. Mix and take from 1-2 to one teaspoonful before meals and the same after meals. Also take 3-grain hypo-nuciane tablets as per directions accompanying sealed package. As much as two to six pounds a week should form in flesh on the abnormally thin.
