FULL LEASED WIRE TELEGRAPH REPORT

WHY NOT THE RECALL ON THE TRAITORS?

The professional politicians of Oregon breathe low, deep and silently when you ask them why the gross earnings tax on the big trusts and corporations was repealed "by implication?"

Surely the farmer, the home owner, the store keeper were taxed high enough, and they might have let a tax law enacted by the people stand long enough to try it out in the courts.

But no, the knife had to be put into a tax law enacted by the initiative and referendum that would have been pouring a quarter to a half million into the treasury by this time, each year.

Mr. U'Ren is busy preparing to carry Oregon for the Single Tax on land values, and has no time to take up the fight to punish the traitors to the people in this matter.

All taxation laws are to spring from the people, and here was one initiated by the Grangers, and it has been ditched in the interest of the big non-tax-paying corporations.

Not even the professional Grange politicians seemed to be stirred up about their baby effort being strangled in its cradle "by implication," the new process of getting laws ditched.

But why not a committee to investigate and apply the recall to whoever was guilty of this iniquity?

PEOPLE OF SIUSLAW HELPING THEMSELVES.

The people of Siuslaw have had the courage to forge ahead and help themselves by organizing a Port Commission.

They are building a jetty by co-operation with the general government, and are putting up their own money for it.

The state of Oregon has helped them not a dollar, and when they try to get tide lands for the Port Commission they will have to pay for them.

The way the school lands and the tide lands of this state have been "fooled" away is the principal cause of high school and state taxes.

The Port Commissions that are developing harbors and adding to the commercial resources of the state ought to be allowed to have the tide lands for a nominal sum.

But the all-wise legislature would not pass a bill of that kind, as it would have been directly in the interest of the waterways and against the railroads.

So nearly an hundred miles from a railroad, the people of Siuslaw are battling away to open the port and let shipping out and in, and in the course of time they will get a railroad.

SALEM IS GOING FASTER THAN EVER.

With two new hotels going up, Salem will be as well equipped in this line as any city in the state.

With two new railroads under construction, Salem will be the center of a value boom in 1911.

With practically four miles of paving assured this year, there will be growth in all directions.

The way an addition in West Salem, and one in Yew Park annex are selling, there is already a boom on.

The construction of a magnificent sewer system is evidence that improved sanitary conditions will prevail in future.

Although a stiff fight has been made to defeat public ownership of the water plant, that matter is not dead by any means.

The people of Salem voted for public ownership, about \$3000 was spent on engineering, bonds were bid on and sold.

The people have shown increasing interest in the matter, and if put up to them again would carry another election.

The appropriations which the state made in the last legislative better water supply at its institutions would almost pay interest on a public ownership plant for state and city.

Salem is growing faster than ever, and the water plant and park property can never again be acquired for the prices now prevailing.

ATHLETIC ASSOCIATION OF PUBLIC AND HIGH SCHOOLS

At a meeting of the committee on arrangements of the Marion County Athletic association held at Hubbard on March 11, the following agreements were made:

The annual field meet will be held at Woodburn some time during the month of June. The track events of the public school will be held during the forenoon, and those of the high school together with the finest ball game will be held during the afternoon.

The oratorical and declamatory contest will be held in the Woodburn Opera house in the evening of same date.

All entries together with entrance fees should be sent to T. J. Skirvin, Gervais, Oregon, on or before April 15, as per by-laws.

We urge all public and high schools to take part in this contest. Even if a school can send but one candidate, it will add to the interest and bring that school before the eyes of the public. All information gladly and promptly attended to.

MARTIAL LAW IN MEXICO TOMORROW

[UNITED PRESS LEASED WIRE.] San Antonio, Tex., March 15.—Eight and a half days after the order for the mobilization of American troops was issued from Washington, the first entire division was completed and encamped today. The arrival of the Ninth cavalry and the Fourth field artillery completed the division. Recruits to fill out skeleton companies to their full war strength are still pouring into the camp.

The suspension of personal guarantees under the Mexican constitution becomes effective tomorrow. The insurgents have served notice that they are ready to bring reprisals the instant the Diaz government enforces the penalties threatened, and which mean virtually martial law. It is believed that bloodshed and rioting in Northern Mexico will follow, and that foreign interests may be endangered.

It is reported here today that General Carter is preparing to entrain the entire division for points along the Rio Grande during the week. The map department at Washington, it is said here, is busily engaged in preparing military maps of Northern Mexico. It is believed that the war department is preparing to rush road maps of Northern Mexico to General Carter.

WHY IT SUCCEEDS

Because it's for One Thing Only, and Salem People Appreciate This. Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills do one thing only. They help sick kidneys. They are for backache, other kidney ills.

Here is Salem evidence to prove it. W. C. Johnston, 1021 Mill street, Salem, Ore., says: "About a year ago I had an attack of Lagrippe and upon recovering I noticed that my kidneys were disordered. I suffered from pains in the small of my back, especially severe at night, and when I arose in the morning I was very lame and sore. I became tired easily, felt languid nearly all the time and was also subject to headaches and dizzy spells. The kidney secretions were irregular in passage and otherwise unnatural. Doan's Kidney Pills were finally brought to my attention and I began their use. The contents of the first box, obtained at Dr. Stone's Drug store gave me great relief and I am now in excellent health." (Statement given March 30, 1906.)

Three Years Later. On November 20, 1909, Mr. Johnston said: "The statement I gave for publication three years ago, recommending Doan's Kidney Pills still holds good. I will always think highly of this remedy." For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
