

THE PORTAGE RAILROAD IS OPENED

FIRST CARLOAD OF FREIGHT OVER THE ROAD WEDNESDAY—COLUMBIA NOW OPEN LEWISTON TO THE SEA.

The Dalles, Ore., March 24.—The first carload of freight was hauled east over the completed portage road Wednesday. The completion of the road has been delayed because of crossing the O.-W. R. & N. tracks near Seuferts. An enormous amount of freight has piled up waiting for the road to be finished. The steamer Spencer was hired this week to help the Open River line move the freight. No train schedule for the portage road has been made, but officials of the road have given out the information that a train will be run east in the morning and one back at night in time to allow workers at Celilo or Big Eddy to make their home in the Dalles.

WILL CONNECT INSTITUTIONS BY GOOD ROADS

A conference was held last evening at the governor's office between Governor West, State Treasurer Kay, the superintendents of the state institutions, members of the Board of Trade and the county court relative to the macadamizing of the roads connecting the state institutions and the city with them, and, after the proposition had been discussed from all its viewpoints, it was decided to commence work at once, and a committee was appointed to make the preliminary plans, and to report back at a future meeting.

The committee named consists of Judge Bushey, James R. Linn, Geo. F. Rodgers, Dr. Steiner, N. H. Looney and State Treasurer Kay, and today entered upon its labors. Judge Bushey and Dr. Steiner spent the day in going over the roads to be improved, and next Tuesday the members of the board of county commissioners will take a tour of the roads to be im-

proved. The committee, it is expected, will be able to submit a report within the course of a week, and in it definite plans will be outlined, and the work launched.

Plans as Outlined.

The plan as outlined in general is to have the state furnish the rock and the labor and the engineers to supervise the work, and the county will furnish the machinery. A rock crusher is to be installed near the Tubercular Institute, where the state owns a quarry, and the roads to be first paved will be that leading from that institute to the city, and that leading from the asylum farm to the asylum. Work is to be carried on on both of these highways at the same time, and it is hoped to have them fully completed by fall. The labor will be secured from the state prison, and teams will be donated by the Board of Trade and others interested in the work.

Those present at the meeting were Governor West, State Treasurer Kay, Superintendent Steiner, James Fitzgerald, Tillinghast and Smith, Geo. F. Rodgers, M. O. Buren, James Linn, John Albert, C. Bishop, A. F. Hofer and County Judge Bushey.

KILLED BY THE EXPLOSION OF DETONATORS

Nelson, B. C., March 24.—As the result of an explosion of detonators, which he had stored in the bedroom of his home at Arrow Park, Henry Hewns, a rancher, met instant death yesterday, according to advice reaching here today. He went into the bedroom to examine the detonators, when a spark from his pipe ignited them.

Although his wife and five children were in the next room, they were not injured by the explosion.

HE WENT TO BED WITH A CIGARETTE

A guest at the Cottage Hotel, finding the sights of Salem so interesting and absorbing that he did not find time even to smoke enough smokes yesterday, took one of the lighted dream producers with him when he retired last night—and well, the lady at the desk heaved a contented sigh this morning as she informed the Journal reporter that she was mighty thankful that "we did not have a fire here last night." The cigarette went out after a while and there was no story for the seeker after news. If there was any damage it was slight. If the hotel is using the legislature's nine-foot sheets, there may be one foot of sheet missing this morning from the laundry bag in the house by the river bank.

FEET TIRED--- SO TIRED?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for sweaty, bad-smelling feet, and for corns, callouses and bunions, too, for everything that gets the matter with sore and tender feet, suffered for years. I have had the assistance of physicians without relief. I bought a box of TIZ, which worked with your feet. It's for sore feet and a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used."—A. F. Dretzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all druggists.

To do this he has made the price such that the buyer can double his money by dividing the property into town lots. You ask why he does this. We answer he has reasons of his own which will be explained to an intending purchaser.

This is one of the most desirable pieces of view property and residence property in the vicinity of Salem. It is located just outside the city limits where it will have low rates of taxation for a number of years to come.

It commands a view of the whole city and the Cascade range of mountains, is the richest soil imaginable, and perfect for gardening or fruit, so that a man with a lot 50x100 can grow all his family will ever consume.

It is perfectly cleared and drained

land and if laid off into lots can be sold as fast as the deeds can be made out on the proper terms.

No such opportunity for investment for subdivision purposes exists today where a man can double his money inside of six months on property within a few minutes walk of a 15-minute car service, and practically 15 minutes from any part of the business parts of the city.

Terms, \$8,500, half cash, balance to be paid one-third each year for three years, six per cent interest.

The April Outing.

The "April Outing" is a fishing number, both inspirational and practical. For the man who is eager to get out with his rod it will help to pass away the time before the season opens. Samuel G. Camp gives practical advice on "How to Fish a Trout Stream;" George M. Johnson covers possibilities of the small stream, in "Fishing the Binnacles;" "The Stream That Always Laughs," by N. C. Adossides, is an alluring account of the author's experiences in a little-known region in North Carolina. The last two articles are illustrated with photographs and there are also four full-page photographs that show "When the Trout Are Rising."

"Saddle and Camp in the Rockies," and Mrs. Helen Dodd gives us the benefit of her experiences in "Garden and Field at Twin-Flower;" "Inoculating Ed" is an inspiration to campers, and "The White Nightmare" is another nature story by F. St. Mars, with illustrations by Charles Livingston Bull. David Buffum writes authoritatively of "Draft Horses in America." "Jack Otto, Hero," is a true story of a man's courage. Much practical information is contained in "Motor Car's Spark of Life" and "New Ideas for Motor Boatmen."

Fiction contains a new serial by Hulbert Footner, "Bad Medicine;" and another Western story by Charles Alden Seltzer, entitled "The Thief at Circle Bar." Then there are a lot of short stories under the head of "A Mixed Bag" that you will pass on to your friends around the camp fire.

No out-of-door man can afford to miss the articles in the "April Outing."

"A Lost Paradise," by Charles Atkins, is a delightful picture of old-time Southern hospitality as well as an accurate account of shooting conditions there before the war and at the present time.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all dealers.
