E. HOFER, Editor and Proprietor. R. M. HOFER, Manager

Independent Newspaper Devoted to American Principles and the Progress and Development of All Oregon

PUBLISHED EVERY EVENING EXCEPT SUNDAY, SALEM, ORE.

Subscription Rates: Daily, by Carrier, per year \$6.00 Per month .50c

ROOSEVELT AND OREGON POLITICS.

It is not expected that Oregon would do anything but give Roosevelt its electoral vote for president, if he were a candidate.

But the effect of his campaign on the Republican party is not so easily to be estimated, and may be anything but favorable.

That the ex-president is playing the political game for all it is worth no one can doubt for a moment, and successfully, too.

But a conservative Democrat might defeat even Roosevelt, and the chances are about three to one in favor of that eventuating.

There has been too much sky-cracking politics, too much playing to the galleries by politicians in general for a great country.

With nearly one hundred million people, with thousands of undeveloped enterprises, and great need of capital, we are crippled.

It is very difficult to get money for railroad building, while it is very easy to play cheap politics and amuse the multitude.

Stranger things have happened than for Oregon to go into the Democratic column, and all signs point that way for 1912.

But what do the gamblers for big political stakes care what becomes of general prosperity, so they can play their game

OPEN NORTH COMMERCIAL STREET.

The movement started by Mr. Lafky to open North Commercial street full width should be carried through.

There are a number of main business and residence streets in this city that should be opened up and put through.

There is no way to make this a beautiful Capital City but to open such streets and pave them with hard surface pavement.

The richest city in the state outside of Portland, with the state spending millions here can do this, and ought to do nothing less.

Beyond carrying out contracts let by its predecessors, the present city administration has yet to inaugurate an improvement.

The bond election for \$50,000 bonds for permanent concrete bridges has to be carried this month or no bridges will be built.

The election will really be in the nature of a vote of confidence in the present bridge and street committee.

The bond election should carry and the bridges planned should be built and the streets opened, widened and extended.

Streets like North Commercial have been narrowed up and closed up for forty or fifty years and should be opened.

HURRAH FOR CONSERVATION.

The conservation forces will rally at the presence of their great leader in Portland today.

All the forestry officials and irrigation officials and reclamation officials will be there.

How they will shout when the great advocate of saving the earth for future generations pipes his lay.

It will be told the people how the forests, the mines and the fisheries are to be saved for the people.

That means life jobs under the civil service for the saviours of these treasures for the unborn generations.

Great problems like "why does the bark grow round the tree" and "how water is produced by melting snow" will be solved.

Another crop of graduates, scions of noble families, mostly officials, will have to have positions.

A new batch of clerkships will be created, and they will go in under examinations with increasing salaries.

Hurrah for conservation and civil service, and the boundless realm of officialism, so long as the people pay!

THE NEW TREATY BETWEEN JAPAN AND AMERICA.

The ratification of the new treaty by the U. S. senate comes as a surprise to most of the people of Japan, the general belief being that it could not pass in face of California's strenuous protest.

It is a notable fact that the tone of the Japanese press—especially those papers printed in English, and generally supposed to be government organs—changed decidedly toward America at least two weeks before the treaty was ratified.

It is sincerely hoped that this new treaty will result in a return of the friendly spirit of former days.

It is estimated in Yokohama that the anti-Japanese public sentiment has cost Yokohama hundreds of thousands of yen annually, from the absence of America men-of-war with their orders for supplies as well as the prodigal American bluejacket, whose collective purchases used to aggregate no insignificant total.

Also the absence of American tourists, the short stops made by those arriving, and their comparatively small purchases.

These features have all united to produce fairly hard times in Yokohama, and a consequent reduction of values and dividends on stocks in hotels, provision merchant establishments, and stores dealing in Japanese curios, silks, etc.

A special effort is being made by the Japanese to recover this trade, and it is hoped that this newly-ratified treaty will be the means of restoring to Yokohama some of its old-time prosperity.

FAIRVIEW WILL AID A RAILROAD

HOLDS A MEETING AND TAKES STEPS TO ASSIST IN EVERY WAY IN PUTTING LINE FROM SALEM VIA FAIRVIEW, TO STATTON.

At a meeting held in the Fairview schoolhouse in District 58, a large number of citizens of this community gathered on Saturday, April 1, to discuss ways and means of getting a railroad direct to Salem, by way of Rosedale and Liberty.

G. W. Hunsaker was elected as chairman and L. E. Hennies as secretary. After a general discussion of the subject by all, the following resolutions were unanimously adopted:

"Whereas, the citizens of Sunny-side No. 5, and surrounding country, have met at the Pleasantview schoolhouse to consider the proposition of getting a direct railroad with Salem, therefore, be it resolved,

First, We believe that the best interest of this section demands that we have better transportation facilities for our products.

Second, That we are willing to do all in our power to assist in building such road by giving right of way and such other material support as may be necessary.

Third, That we request the secretary to send a report of this meeting with these resolutions to the Salem papers for publication."

Two committees were appointed to confer with the people along the proposed line. One to work north toward Salem, and the other south to Jefferson and east to Statton, and several large meetings in a very short time will probably be the result.

Since the Oregon Electric is going up along the river, the people realize that if they want a line they must make an effort to get it. There are several large farms along the proposed route, ready for subdivision and the owners are very earnest in their endeavor to secure a road.

IF IT'S A JOKE IT CERTAINLY IS A GRIM ONE

Salt Lake, Utah, April 1, 1911. Dear Brother: "Well, John, I am bidding you farewell for always. I am in trouble too deep to ever revive. So here is where I bid goodbye to all on earth. I am ready to go to my Almighty Maker. Don't take this for an April Fool, for it is not—it is all to true. I am earnest—believe me—and I will meet mama soon and some time you will dwell with the two of us. So I say goodbye. I am not nervous, excited or crazy, but tired of life; that is all. So goodbye for always. Your loving brother, F. C. B."

That is the letter received by John Edwards of this city from his brother at Salt Lake and he has turned it over to the police for investigation but so far nothing has been learned concerning it. While his name is Fred C. Edwards, he has been traveling under the name of Fred C. Brinegar and that accounts for the signing of the letter F. C. B. About seven years ago he was in Salem but in the last few years has been in the Inter-mountain states. He is a painter and railway brakeman by profession and when last heard from he was braking on a train running out of Salt Lake City.

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

Toistoy was not so far wrong when he said that there was just two kinds of doctors—the radical, who killed you, and the conservative who let you die.

Foley Kidney Pills contain in concentrated form ingredients of established therapeutic value for the prompt alleviation of all kidney and bladder ailments. Foley Kidney Pills are antiseptic, tonic and restorative. Do not allow your kidney trouble to progress beyond the reach of medicine, but start taking Foley Kidney Pills at once. Refuse substitute. Red Cross Pharmacy. H. Jerman.

If the recall would only work both ways then the politicians might be expected to favor it.

IN THE BLOOD

A Bad Humor Broke Out as a Small Sore—Intense Suffering for Five Years.

A Permanent Cure by Hood's Sarsaparilla.

"On getting up one morning I found what seemed to be a mosquito bite on the calf of my right leg. Soon the sore grew larger and continued day after day, becoming more and more troublesome. One physician advised poulticing, another physician told me to use a rubber bandage, but the sore grew worse until there was not a spot of healthy skin as large as a ten-cent piece between my knee and ankle. A third physician prescribed a paste, and then a specialist in scrofulous troubles treated me for a year. The sore seemed to be healing, but in a few months broke out as bad as ever. I had now been suffering for more than five years. My leg was a dreadful sight. There were places so large and deep that an egg might have been put into them. I was told the leg must be amputated.

"One day a neighbor spoke of the value of Hood's Sarsaparilla for scrofula, and I thought I might as well take it. Before I finished the first bottle, I suffered less pain and could see the edges of the sore beginning to heal.

"So I continued taking Hood's Sarsaparilla, and before long the sore was completely healed and my general health perfect. I believe it my duty to tell what Hood's Sarsaparilla has done for me." Mrs. Josephine Sargent, 28 Lincoln street, Exeter, N. H.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla but because it combines the utmost remedial value of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. There is no real substitute for it. It is urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit. Get Hood's Sarsaparilla

Today in usual liquid form or in chocolate tablets known as Sarsatabs.

COMMISSIONERS COURT FOR THE MARCH TERM

Table listing court proceedings including names of individuals, roles (labor, constable, justice), and amounts (\$30.00, \$35.00, etc.).
