SALEM AUTO GARAGE HAS HAD RECORD SALES

The Salem Auto garage, one of Salem's most progressive auto establishments, has had a record sale of Maxwell cars during the past 60 days, 17 having been disposed of. Some of the purchasers of these cars have had as many as two Maxwells before and have bought another Maxwell year after year, and it seems that every Maxwell owner is perfectly satisfied with his car. The Maxwell has done remarkably good work around Salem.

During the past week the company has been displaying a Maxwell roadster on the streets which created considerable comment and within three or four days after it arrived in Salem was sold to a Dallas man who had previously owned two Maxwells. Mr. Priehs, manager of the Salem Auto garage says that from the number of sales it is evident people realize the class of a car they get in a Maxwell. The price of the car is reasonable, and the life of it is unlimited. It is almost impossible to get cars fast enough to supply the demand. Another Maxwell roadster will be up today and will be seen on the streets during the coming week.

Quietly and unostentatiously Rev. and Mrs. P. S. Knight observed their fiftieth wedding anniversary—their golden wedding—and while its celebration was devoid of any ceremony they received congratulations and good wishes from a host of loving friends. Mr. Knight is one of the pioneer ministers of the West and came to Salem in 1854 and with the exception of two years spent in Oregon City, has resided in the capital city ever since.
