IS HOLDING HER WEEKLY ELECTION

[UNITED PRESS LEASED WIRE.]

Tacoma, Wash., May 1.—Twenty candidates will participate in the recall election tomorrow for four city commissioners. It is generally believed today that still another election will be necessary, because a majority over all is required to win on a first ballot.

Not more than a third of the registration will be polled tomorrow, it is thought.

Chief interest centers about the public safety commissionership, which is at present held by L. W. Roys. Roys is said to favor the "open town" idea, and as Mayor Fawcett was recalled principally by the votes of the saloon interests, many persons incline to the belief that Roys will be reinstated. It is predicted if a union man wins out at the election it will be Public Commissioner Owen Wood. The two other positions to be filled are finance commissioner and commissioner of light and water.

WHAT IS DEATH?

Jas. H. Cole, of Brooklyn, N. Y., who spoke Sunday afternoon, January 9 in the city hall, is lecturing under the auspices of the International Bible Students' association and is en route to the coast speaking in the principal cities. The text book used by this association has become so popular that its circulation has been exceeded only by the Chinese Almanac and the Bible itself, thus making it the third book in the world.

An extract from a newspaper report states: "A large number enjoyed that privilege of hearing the subjects 'What is Death?' 'Why is Death?' and 'Will Death Ever Cease?' discussed by J. H. Cole. He handled the subject in the most thorough manner, harmonizing reason and the Bible, and explained fully the substance his subject conveys, backing up all his statements with literal scriptural quotations to prove his points, while at times he seemed at variance with some things that are called orthodox today, yet all were familiar enough with the Bible to recognize that his application of scripture texts were correct, and his deductions logical, sound and reasonable, just what a reasonable mind should expect to find in God's Word. Mr. Cole is an able speaker and is a frequent user of potent epigrams, all of which makes his addresses more clear and interesting to the audience."

ORGANIZE TO BOOST THE COAST

Tacoma, Wash., May 1.—Delegates from almost every city in the state and Pacific Northwest, including Vancouver and Victoria, together with representatives of railroad and steamship lines, are meeting at the commercial club here this afternoon to permanently organize the Northwest Pacific coast tourists' association. The purpose of the association is the boosting and advertising the entire Northwest. Delegates attending the publicity event have been selected from the commercial bodies of each city, while the Oregon commercial organizations were represented by a delegate from the Oregon Development League.

And now the question is, "What has Colonel Bryan against Woodrow Wilson that he should support him so vigorously."

PROBABLY A MURDER IN EUGENE

Becoming enraged over the attentions being made to his divorced wife, O. Ham last night a little after 10 o'clock proceeded to her home in Eugene, where he found D. Wood and shot him. Wood at a late hour this afternoon was in an unconscious condition and it not believed that he will live. Immediately after the shooting Ham fled and while the sheriff's of the adjoining counties have all been notified they have so far failed to apprehend him.

Wood, according to the advices received here, had for some time been paying attention to Ham's divorced wife, and although she was legally separated from him, Ham is said to have taken exceptions to it. Last night Wood paid her a visit at her home and Ham upon learning of it, is said to have proceeded to the house and without giving him any warning shot him down.

Both parties were well known in Eugene.

IN FAVOR OF DIRECT ELECTION

Washington, D. C., May 1.—The senate committee today voted down the Sutherland amendment which caused the defeat of the direct election resolution at the last session of congress. The vote on the proposition was five to six. The committee then voted, 7 to 5, to recommend the adoption of the resolution in the form in which it passed the house. This gives the state's control of elections. The Sutherland amendment provided that the senate should have supervision over elections.

Senators Clark, Dillingham, Sutherland, Brown and Root favored the Sutherland amendment. Senators Chilton, Culberson, Overman, Bacon, Cummins and Borah opposed it. On the vote on the adoption of the resolution as passed by the house the following voted in favor of the measure: Chilton, Culberson, Overman, Bacon, Cummins, Borah and Brown. Clark, Dillingham Sutherland, Root and Brandegee voted against the report.

The favorable report was then made to the senate.

Senator Heyburn protested against the report on the ground that it seemed hasty and ill-advised. He pointed out that the judiciary committee did not come into existence until noon today.

"There was no judiciary committee authorized to report until noon," he said. "The committee meeting at which this measure was discussed was nothing but an assemblage of individuals and not a genuine committee meeting."

The protest was not acted upon.

IS REAPING ONLY WHAT HE HAS SOWN

[UNITED PRESS LEASED WIRE.]
Seattle, Wash., May 1.—"Harrison Gray Ods, publisher of the Los Angeles Times, is reaping the fruits he has sown," said Judge Richard Winsor in blaming the dynamiting upon Ods conduct of his paper. Winsor was one speaker to 3,000 persons at a mass meeting of union labor and Socialists last night.

William Hannon vice president of the machinists' national union, said the Times had enemies other than organized labor which might have inspired the dynamiting. Resolutions were adopted denouncing the secret arrest of the alleged dynamiters.

MURDER WILL MAKE TROUBLE FOR THE REBELS

[UNITED PRESS LEASED WIRE.]
Mexico City, May 1.—That international complications will result from the killing of Olsson Soffer, millionaire, former professor of the university of California, was considered almost inevitable by diplomats here today. Soffer, with his Japanese servant, was shot Saturday by rebels who held up the week-end Cuernavaca special near Cuernavaca, 70 miles west of Mexico City. Details received today were that Soffer was killed in cold blood because he protested against the action of the rebels in forbidding trainmen to go back and flag a freight train which was following the special.

Soffer was a native of Finland, but a Swedish subject. Russian minister Stalowski has cabled a vigorous protest to Soffer's government.
