BARNES BIG SHOW IS COMING

THREE-RINGED, TRAINED ANIMAL CIRCUS TO APPEAR HERE NEXT SATURDAY—JUST READ WHAT HE HAS TO SHOW YOU.

Al. G. Barnes' big three-ring trained animal circus appears at Salem, Saturday, May 6. The Barnes show is the only real wild animal circus on earth, and requires a train of 18 railway cars, 60 and 70 feet in length, especially constructed for Mr. Barnes to transport the monster collection of wild animals, horses, ponies, paraphernalia and the army of people employed with the show. Over 200 marvelously trained jungle and forest bred animals are included in the collection. Every animal represented in the Garden of Eden has a descendant in the Al. G. Barnes big three-ring wild animal circus. There is a lion that rides a horse, also bears, monkeys, dogs and goats that give exhibitions of horsemanship, riding ponies dashing around the ring, seals that juggle balls, batons and lighted torches on horseback; elephants that act as barbers, operate a laundry, stand on their heads, play musical instruments, and perform a score of tricks; ponies that drill, waltz, cakewalk, add, multiply and tell the time of day, bears that juggle, turn somersaults, and imitate drunken men and other funny antics.

Mr. Barnes is exhibiting this year for the first time ever presented in America, a troupe of trained, Royal Bengal tigers. The tiger is the most ferocious of all the wild beasts, and is the only animal that kills for the pure delight of killing. The only other troupe in the world is owned by the Maharajah of Ceylon, and he has never permitted them to leave the island.

In the massive steel arenas which are put up in the three rings, appear performing groups of lions, a mixed group of pumas, leopards and jaguars, all having a natural antipathy to each other, held under complete control by the trainer. There is an outlaw, man-killing, untamed, full-grown, jungle-bred African male lion that has killed three trainers who have attempted to break him. There are performing goats that, with the clowns, give imitations of Mexican bull fights; there are funny donkeys; seals that present a band concert, playing on brass instruments, beating drums, etc. Besides all these performing animals, there is a menagerie full of rare wild beasts, birds and reptiles, which are carried for exhibition purposes; making in all, the greatest zoological paradise on earth.

The Al. G. Barnes big three-ring wild animal circus and exhibition comes fresh from the workshop, every stitch of canvas, covering over six acres of land, all the wardrobes, are brand new; all the dens, cages, bank chariots and baggage wagons were all built during the past winter, and come fresh from the hands of the painters, glittering with fresh paint and gold leaf.

Mr. Barnes prides himself on presenting a good, big, clean show. Every courtesy is extended to ladies and children; they can attend any performance without an escort, and be sure of polite attention. Mr. Barnes, personally, supervises every exhibition.

PHILADELPHIA MAN COMES TO SALEM FOR HIS BRIDE

In her home, at 2305 Maple street, last Tuesday afternoon at five o'clock, Mrs. Mary Updegraff was married to the Rev. Isom P. Wootom, of Philadelphia, Pennsylvania, one of the leading ministers in Friends church in the United States. Mrs. Updegraff is well known in Salem having resided here since 1893. She is one of the leading members of Salem quarterly meeting of Friends. The wedding was simple and quiet, only immediate family present. Mrs. Blanch Ford, pastor of the Friends church, officiating. The house rooms were daintily decorated with cut flowers, palms and lilies, and a wedding dinner was served at six o'clock. Rev. and Mrs. Wootom will be home to their friends at 230 Maple avenue, Salem.

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by all dealers.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. Twenty-five cents.

ROUTINE BUSINESS OF COUNCIL

HAD A BUSY SESSION AND ACTED UPON EVERYTHING IN SIGHT FROM FIREPROOF ROOFING TO FLUSHING THE STREET GUTTERS.

Declaring that the gutters of the streets are in an unsanitary condition, Sanitary Inspector Long last evening submitted a report on the subject, which concluded with the recommendation that they be flushed at least twice a week—Wednesday and Saturday.

The report was referred to the committee on light and water. That brought forth protest from the chairman—Councilman Low, who maintained that it properly belonged to the committee on streets. The council, however, declined to take his view of the subject, and referred it to his committee.

Rescinds Former Action.

A lively little debate occurred when a remonstrance was read from Carey F. Martin against the laying of a cement sidewalk on Liberty street until such time as the proper grade should be fixed. A resolution ordering that the sidewalk be laid had been fathered by Councilman Lafky, and he fought against it being rescinded, but it proved unavailing.

Upon motion of Councilman Durbin the specifications for the installation of the Union street sewer were so changed that either vitrified clay or concrete pipes may be used, where the pipe is 18 inches or less in diameter. The change was made for the purpose of giving the manufacturers of the latter pipe an opportunity to enter the field and compete with other companies for a contract for furnishing the pipes.

An application by Joe Adolph for permission to reshingle the roof on the building occupied by the White House restaurant was denied. The denial was based upon the recommendation of the engineer, who held that the roof should not be covered with anything but a metallic roof or some other kind of material which is fireproof.

A resolution directing the construction of a plank sidewalk on Cottage street from D to Market was passed.

Allen Pugh was elected chemical engineer and Andy McFarlane engine driver for the East Salem fire station.

Upon motion of Councilman Manning, chairman of the bridge committee, the mayor was instructed to employ a bridge builder at a salary not to exceed \$200 a month, to make plans and specifications for the bridges to be built in the city to replace those washed away by floods.

PREPARING FOR PAVING MORE STREETS

TWELFTH AND THIRTEENTH TO BE PAVED WITH CONCRETE FROM FERRY TO MARION—ANOTHER PAVING PETITION FILED WITH COUNCIL.

Bids for the paving of Twelfth and Thirteenth streets from Ferry to Marion, were opened last evening by the council and referred to the committee on streets for consideration, with instructions to submit a report at the next meeting.

There was but one bidder for Twelfth street—W. D. Pugh, and he offered to pave the street with concrete at \$1.45 per square yard. There were two bidders for Thirteenth—W. D. Pugh and August Kehrberger. The latter offered to lay concrete rock at \$1.49 a square yard and gravel concrete at \$1.35. Pugh offered to pave the street with concrete at \$1.43.

After a small reduction by the Universal Construction Company in its bid for the pavement of Market street with Elosa pavement, the street committee, to which the bid had been referred, reported favorably, and it was awarded by the council.

Two petitions for the pavement of Cottage from State to Trade came up for consideration. One asked for bitulithic and the other for Elosa, and they were referred to the street committee and city engineer.

A remonstrance against the paving of D street from Twentieth to Winter was referred to the street committee.

A touch of rheumatism or a twinge of neuralgia, whatever the trouble is Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all dealers.

It Will Pay You to Read the Following:

Some Deals Recently Made in Salem.

A lot was sold at the corner of Ferry and Cottage streets for \$6500. It was an old house, but in good condition.

The half block on Front street between Cenetr and Chemeketa is contracted at \$34,000 and \$10,000 for the skating rink corner.

The Riggs lot on Court street, 55x133, has just been sold for \$8500, or over \$160 per front foot.

The Steeves estate lot on Cottage street, with two houses, next to the Alberts flats, sold for \$6400.

These transfers made within a short time all show the way property is going. Good investments are to be made today.

The Kenilworth changed hands for \$10,000, the buyer being a Portland Man.

Willamette Walley Farms.

Bird Rose and C. M. Harris have sold their 767-acre farm near Harrisburg for \$47,500 per acre to H. Nirschel. They bought this place less than six months ago for \$22.50 per acre.

More Railroad Development.

The Oregon Electric has surveyed recently from Thrall across east through Aurora, and is preparing to tap the country between there and Silverton. The Southern Pacific has options on the Jackson ranch of 200 acres, east of Hubbard, and there is a strong reason to believe that Hubbard will become a railroad junction.

Values of Orchard Lands.

W. S. Farris has just sold his 60-acre orchard near Hood River for \$45,000 to C. A. Chapman, of Bend, Oregon. Only 35 acres is set to trees and five acres bearing, and 15 acres in strawberries. There is not an acre in the Willamette valley around Salem that can be orchardized but is a bargain at \$100 per acre or less, and will increase to \$400 in five years.

Buy a Home in Mountain View.

There are still choice bargains in the Mountain View property. These large lots are positively the finest suburban residence property offered for sale in this city that are on a 15-minute car service, and bound to increase in values in the next few years. Do not fail to investigate this property, and terms will be made to suit any purchaser who wants a home in the choicest residence district of the Capital City.

Letter to Man Up North.

Following is a letter sent to an Alberta man, who wants to buy a fruit farm and come where fur coats are not needed:

"I have your letter of April 13, and have not answered as soon as I might have because I wanted to get some reliable information, and, as it now happens, there is something offering.

"I have a fine farm that can all be put into fruit land, and you can get it on easy terms, and it is the nicest kind of fruit land, and will raise prunes, and does raise them, and there is a prune orchard and apple orchard on the place.

"This ranch can be got for \$95 per acre, and when it is set out to apples prunes or peaches it will be worth \$50 per acre more each year. Land all around it has been orchardized and sells for from \$300 to \$500 per acre. There is no better opportunity for an investment, and you could sell off land at these prices as soon as you get it set out and under cultivation. I know of no better investment that a man can make than to buy one of these old ranches on the Willamette river, where he can get water transportation for his crops, and only two miles and a half from the Oregon Electric Railroad—the Hill line from Salem to Portland. It would make you a fine productive home, grow grain, hay, dairy products, and as fast as you can plant it into fruit you can sell off at two to four times what you pay for it. That is the way this country is going. I am sending you a lot of farming information and want to add that there are a number of people here from Saskatchewan, and ten acres here are worth more than a thousand up there for productiveness and satisfaction as a place to live.

"We go through a whole winter frequently without frost, and have no crop failures. Our country and city are prosperous, and after living here 22 years—I came from Iowa—I can honestly and heartily recommend the country to any man who wants a home and prosperity.

SOME GOOD BARGAINS

Eight-room house, fine lot 79x160, on car line, in best residence part of city, fruit trees and fruit, modern improvements, \$5000.
