BIGGEST THING EVER DONE FOR SALEM.

If the present city administration goes forward and establishes public ownership of water, it will have accomplished the biggest thing ever done for the city of Salem.

Nothing has ever been accomplished giving the city municipal control of any public utility. Mayor Lachmund deserves a great deal of credit for taking a firm stand in favor of the city owning the water plant.

Whether this can be accomplished remains for the water board to consider. With possibly a thousand new water consumers the present plant could, inside of a year, be made a veritable money-making machine, from which the city can derive large revenues.

WILL CONTEST REDUCTION OF HIS BILLS

That State Printer Duniway intends to contest the authority of Secretary of State Olcott to reduce his bill for printing the bills, resolutions and memorials for the last legislature to the extent of 17 per cent, became evident today when Superintendent Plimpton, who is in charge of the office during Duniway's absence in California, advised the secretary of state that he would not accept the voucher in the regular form.

course, Superintendent Plimpton evidently, however, desires to take the precaution of guarding his rights in every respect, and, upon the advice of his attorney, has prepared a specially drawn receipt for the secretary of state, and he will accept it.

REPORT SAYS CHINESE REBELLION IS CRUSHED

London, May 3.—Secretary of the Navy McKenna announced today in the house of commons that he had received a message from the commander of the British squadron at Canton, China, which stated that the rebellion had been completely crushed.

DEPRIVED JUSTICES OF THE LAWS

LEGISLATORS PROVIDED TWO COPIES EACH FOR THEMSELVES, EVIDENTLY FEELING THAT ONE WAS INSUFFICIENT FOR THE AVERAGE OREGON LAW MAKER.

Because the last legislature, in its eagerness to supply members with an abundance of copies of Lord's Oregon Laws, at the expense of the state, not only passed a resolution and law on the subject, but also annulled the old law, providing that justices of the peace should be provided with copies of the state's law free, George W. Hubbard, justice of the peace for the Silverton district, has resigned, and Judge Daniel Webster, justice of peace for the Salem district, and Judge John Brentano, justice of the peace of the Champcoog district, have petitioned the county court asking it to supply them with the state's code, at the county's expense.

Members Get Two Copies.

The two houses of the legislature had but barely convened when a resolution was rushed through both providing that each member should be provided with a copy of Lord's Oregon Laws. The house went the senate one better, presenting a resolution that its members should be provided, in addition to the code, with a digest of the state's laws, and, though the members had about as much use for it as a native of Senagambia has for a copy of Shakespeare, it was passed.

Later in the session, evidently to make assurance doubly sure, both houses passed a law providing that each member should be provided with a code, giving to each member two copies of Lord's Oregon Laws. That law provided that certain county officers should also be provided with copies, but eliminated justices of the peace, and annulled a law providing that they should have copies of the state laws free.

Justices Suffer.

The two justices, in their petition to the court, say that the office of justice of the peace is not a lucrative position, and they do not feel like buying the code; that it is expensive and that it is the duty of the state to supply them. Most of them are located in districts far distant from attorneys, and they are unable to avail themselves of any law books in the administration of the law.

County Clerk Allen says there is no law authorizing the county court to supply the justices of the peace with the state code, and is unable to say just what disposition will be made of the petition.

THEY THINK THE END OF WAR IS IN SIGHT

Baltimore, Md., May 3.—With the proposed British-American arbitration agreement strengthening their hope that the end of war is at last in sight, the third National Peace Congress, assembled here this afternoon. With President Taft's presence as the magnet, the opening session was largely attended and principal attention was given to the expressions of the chief executive, Cardinal Gibbons, Andrew Carnegie and Benjamin F. Trueblood, of Boston, secretary of the American Peace Society, were also notable figures in the proceedings.

Beginning tomorrow, there will be three sessions of the congress daily. Among the notable speakers will be Baron D'Estournelles Deconstant, of France; Dr. Lyman Abbott and Dr. Y. I. Yunaga, a Japanese professor of Chicago University.

CONGRESS TO INVESTIGATE U. S. STEEL CORPORATION

Washington, May 3.—The resolution introduced by Congressman Stanley (Democrat, Ky.) calling for an investigation as to whether the United States steel corporation had violated the Sherman anti-trust law was favorably reported today by the house committee on rules. The resolution is to be slightly amended before it is returned to the house.

Agonies of Dyspepsia Awful Distress—Unable to Eat or Sleep—Terrible Condition.

The Comfort of Living Restored by Hood's Sarsaparilla

"I have heard people tell about the agonies of dyspepsia, and I have experienced them myself. I also know what it is to be cured by Hood's Sarsaparilla, and no one who has not been through these experiences can appreciate how grateful I am to this medicine. It seems to me I cannot use terms strong enough to tell of my former distress and my present relief. My stomach was truly in a terrible condition. I could not eat anything without the most awful distress. Did not even dare to drink water before I went to bed at night. If I did, I would awake in the night with such dreadful agonies I would be unable to sleep for hours. I tried about everything my friends, including the doctors, recommended, but without much relief."

"Then I resorted to Hood's Sarsaparilla, and the first relief I noticed was that I did not have that awful distress in the night. I kept on taking this medicine until in a little time I was entirely cured. Today I am a well person, and thankful for the wonderful benefit Hood's Sarsaparilla has been to me. I recommend it to all." Mrs. H. L. Jordan, 167 North Willard St., Burlington, Vt.

There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Get Hood's Sarsaparilla today. In usual liquid form or in chocolate tablets known as Sarasatabs.

Mrs. E. C. Hutton, Clay & Lisie Sts., Dallas, Ore., says: "In 1907 I publicly endorsed Doan's Kidney Pills and I can now confirm that statement. This remedy was used in my family and it brought relief from backache and other symptoms of kidney trouble."

Saved the People of Salem by the Manufacture in This City of Cement Sewer Pipe.

Less than one year ago, before the manufacture of cement sewer pipe was begun in Salem by the Salem Sewer Pipe Co., salt glazed clay six-inch sewer pipe retailed to consumers at 30 cents per foot, today is sold at 22 cents. The reduction in price is due entirely to the establishment of the Salem Sewer Pipe Co. in Salem. It has been estimated that in Salem in the next two years there will be at least 2000 homes to be connected with sewers, with an average of 100 feet per house. Now at the saving of 8 cents per foot, would make a saving of \$16,000 to the people of Salem. If they were going to use the six-inch salt glazed clay pipe, but all the people are not going to do it. This is proven by the sales made by the Salem Sewer Pipe Co. who sell both clay and cement. Their sale alone more than ten of cement to one of clay. We solicit your patronage, will save you still more money and will give you just as serviceable pipe, stronger and last longer. Salem factory; Salem men, and employ Salem labor at best wages. Your money is paid back to your own citizens. We are glad to make tests for you at any time. Call and see our plant.
