

THURSDAY'S HOT WAVE IN THE EAST

CHICAGO SWELTERS IN A 92 TEMPERATURE AND NEW YORK HANGS OUT ITS TONGUE AT 88 IN THE SHADE.

Chicago, Ill., May 18.—Chicago gasping for breath and praying for a relief the Weather Bureau man cannot promise, today passed through the fourth day of a hot wave that has broken all records for May since 1895, and has carried a trail of death and suffering through the city.

Twelve deaths swelled the list of heat victims. The mercury relentlessly clambered to the 92-degree mark and the scorching sun, tamed for a few minutes by a welcome bank of clouds, smiled sardonically on the sweating millions.

Rushing to the relief of those poor in the slums where the suffering from heat and cold alike is felt most quickly and most severely the county board issued free ice tickets to several hundred families known to be unable to purchase ice for their young children.

Forty of 350 children at their first communion in St. Gabriel's Roman Catholic church were partly overcome by the heat and two of them toppled over a railing.

Sixteen persons were bitten by dogs and Chief McWeeny ordered policemen to report on every unmuzzled and unlicensed dog on their beat. The Chief plans to bring action against the owners.

At Zion City two rival "prophets," Wilbur Glenn Voliva and Elder Taylor, leader of "Criminal Dowrites," conducted a prayer contest. Voliva called upon the heavens to send down rain to water the gardens of Zion, Taylor, whose little flock, with their possessions, were ejected from Zion, prayed that the dry spell would continue until a new home is found.

New York Gets It. New York, May 18.—Two persons were overcome by heat in the street and taken to hospitals when today, between dawn and 4 o'clock this afternoon, the temperature made a jump of 27 degrees.

Scarcely a breath of air was stirring to give any relief to sweating men and women all over the city; and every park was crowded with women and children seeking cooler places under the shade trees. At 4 o'clock this afternoon the thermometer registered 88 degrees.

Harry Davis, of No. 281 Webster avenue was prostrated at Third and Twenty-fourth street, and taken home after receiving treatment at Bellevue hospital. Mrs. Kate Armstrong, 65 years old, of No. 67 Montgomery street, was overcome in front of No. 601 Broadway and removed to St. Vincent's Hospital in a critical condition.

Trolley cars and elevated trains of Brooklyn Rapid Transit were crowded to their capacity with persons eager to get to the seashore, as were also cars in Manhattan running to the upper part of the city. Ferry boats of the municipal line between the Battery and Staten Island were also havens of relief for those who could spare the time to make a few trips across the upper bay.

STATE NEWS.

The Canby Driving club has planned an old fashioned English fox hunt.

The petitions asking Joe Simon to run for mayor of Portland had 2500 signers up to Thursday night. If they would only vote for him he would have a chance.

A. C. Turner was elected president of Minuteman Typographical Union No. 58, Wednesday by a margin of only 14 votes over R. P. Coburn. Turner polled 144 votes, and the total

Dr. Lyon's PERFECT Tooth Powder

Used by people of refinement in every part of the world where the use of the tooth-brush is known, for Almost Half a Century.

ARRANGE TO ADVERTISE NORTHWEST

A SPECIAL TRAIN OF 10 CARS, CARRYING COUNTRY'S PRODUCTS TO BE SENT EAST—WILL ADVERTISE 10 STATES.

Definite plans to send a special train of 10 cars advertising the advantages and resources of the West on a tour of the East are being made by a committee of five members of the Western Development League, which concluded its sessions at the Commercial Club, at Portland, yesterday.

It is proposed to allow each of the 10 states represented sufficient space to fill half a car, and to display the products that will present the respective states in their proper capabilities of enriching the prospective settler of the East.

According to the tentative plan outlined at yesterday's session five cars will be devoted to display purposes, two for the accommodation of the lecturers and advertising representatives, who will travel with the train, two for conveyance of baggage and supplies, and one as a diner.

The co-operation of the San Francisco World's Fair Commission will fulfill the combined purpose of exploiting the Western states and advertising the exposition that will be held in the Bay City in 1915.

If possible the governor of each state represented will become a member of the party. The railroads will join in the movement and will arrange to send the train over the Eastern roads at the lowest possible legal rates. Officials of the Northwestern lines represented at the meeting promised their hearty support.

It is likely that the special train will be started from Omaha, as Nebraska is to be the easternmost state represented on the train. The exhibits of the other states will be taken there.

An itinerary has not been worked out, but it is proposed to cover as much as possible of the Middle West, and the central belt of states between the Mississippi river and the Atlantic ocean. New York City will be visited.

At the end of the tour the train will be taken to one of the big Eastern land shows, where it will become a part of the exhibit of the Pacific coast and the West.

The expense, when distributed over a group of 10 wealthy states, will not be heavy.

number of ballots cast was 275 out of a membership in the union of 345. Scandinavians of Portland celebrated Norway's independence day Wednesday night.

The Portland Medical society is to put up a building of its own, to cost \$100,000.

MALARKY BILL TO BE REFERRED

NO PUBLIC UTILITY COMPANY CAN BE REGULATED UNDER IT AND THIS KNOCKS THE MUSIC OUT OF MAYOR LACHMUND'S SONG.

Singing a song in praise of the referendum laws "Honest Dan" Kel-laher yesterday afternoon appeared before the secretary of state with an armful of petitions having for their object the referring of the Malarky public utility bill, and, with their filing, was disappointed. For at least two years the one hope held out by the mossback element of the council for pure water in the city of Salem.

When the ordinance having for its object the purchase of the plant of the Salem Water Company was up for consideration before the council, Councilman Durbin and his followers sang a siren song about how the company could be forced to extend its mains and furnish pure water through the Malarky bill. After a majority of the council declined to listen to the song, and he led astray by it, and passed the ordinance, Mayor Lachmund took up the strain where Durbin had left off, and began singing it, and added a chorus of his own. As the song progressed it became so sweet in his ears that he finally decided to veto the ordinance, and assigned as his principal reason for doing so that the water company could be regulated through the Malarky bill.

Now the last hope held out by the mossback has vanished, as before the Malarky bill can become a law it will now be referred to the people and must be ratified by their vote at the next general election. In the meantime the city is without a plant of its own, and without any way of regulating the present company, and the situation is just where it was several years ago, when the fight for municipal ownership of the water plant was inaugurated.

INVESTIGATE COLLISION ON ELECTRIC

The Oregon Railroad Commission yesterday afternoon made a thorough investigation of the collision between a freight train and a passenger car on the line of the Portland Railway, Light & Power Company on May 8, and made the following finding:

"On May 8, 1911, extra freight, northbound, No. 1403, of the Portland Railway, Light & Power Company consisted of an electric locomotive and 16 empty ballast cars and a caboose. Train No. 84, a regular southbound passenger train, is regularly shown upon the time card. These two trains collided with considerable force at Hogan at 3:56 p. m. of May 8, 1911, and practically all of the passengers in the first coach of No. 84 were injured. An investigation was had before the commission, and the testimony of both train crews and the dispatcher was taken.

"This accident was due, confessedly, to the failure of the crew of extra No. 1403 to observe the rights of train No. 84, a superior train. The explanation given is that the crew simply overlooked train No. 84, and instead of protecting against train No. 84, calculated on making a meet with train No. 86 instead.

"There was no defect in equipment, and the orders were correct under standard railroad rules, and the crew of No. 84 was within its rights.

"After the investigation of the Hogan accident had been concluded by the commission, but before a report thereon had been drafted, on May 14, 1911, another and somewhat similar collision occurred between extra freight train No. 1405 and passenger train No. 79 near Barton. There were no casualties, and but slight damage resulted to equipment. This was investigated by the commission and engineer of the commission, who heard the statements of the respective train crews and inspected the running orders. This latter collision was undoubtedly due to the attempt on the part of the crew of extra No. 1405 to make a meet with passenger train No. 79 on insufficient time, in violation of existing rules.

"The latter investigation also showed that after extra No. 1405 had left Barton another extra, No. 1061, a passenger train, had been permitted to follow it at an interval of but three minutes. This is a clear violation of rule No. 91 of the company, which provides for the spacing of trains five minutes apart. This, however, had nothing to do with the collision, but might itself have easily been the cause of an accident, or resulted in a double accident at Barton.

"We have considered the fact shown by these two investigations, in connection with our own observation of the service, and reports of previous accidents on this division, and have come to the conclusion that we are warranted in making the strongest possible recommendations that automatic block signals be installed over the remainder of the Springwater division at the earliest practical moment. Such signals, had they been installed and in operation, would almost certainly have prevented one of the above collisions, and possibly would have prevented both.

"We feel warranted in saying that if this recommendation is not voluntarily accepted to, we regard the evidence before us as sample to justify an order upon formal proceedings which would direct the installation of such signals."

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and an enjoying good health. It is now more than two years and I have not had an ache or pain since I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderful beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready made product. Weyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c. and \$1.00 a bottle, or sent direct by the Weyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

EIGHTEEN LAWYERS TOMORROW

WILLAMETTE UNIVERSITY WILL GRADUATE THE LARGEST LAW CLASS IN ITS HISTORY TONIGHT, EIGHTEEN DIPLOMAS TO BE GRANTED.

The graduating exercises of the senior class of the law department of the Willamette university will be held this evening at the Methodist church and upon the recommendations of Charles L. McNary dean of the school, 18 students—the largest class in the history of the school—will be presented with diplomas by Dr. Fletcher Homan, president of the institution.

Judge Wallace McCamant, one of Portland's most brilliant lawyers and best orators will deliver the address of the evening and Judge Percy Kelly will deliver the charge to the class. Besides these speakers a program of music has been arranged.

The roster of the class is as follows: Sidney Joseph Graham, Hollister Chamberlin, Weller Chamberlin, James Crawford Virginius Lee Lloyd, Earl Van Vlack McMechan, Charles Hood McKnight, Joseph John Nya, Burton Leland Stanford, Robert Stowell Eakin, James Willis Eckerley, Frank Ferdinand E. Lucius Guy Lewelling, La Ronda Mott Pierce, Arthur William Schupp, George Foster Skiff, Sylvester Laffin Staats, Lois C. Byrd Upjohn.

Mrs. J. S. Starnes, Hickory, N. C., seeks to those who have a similar trouble. "I have been bothered a great deal with throat and lung trouble, and find Foley's Honey and Tar Compound gives me immediate satisfaction and relief." Take Foley's Honey and Tar Compound for coughs, colds and hoarseness, for children and grown people. "Accept no substitutes. Red Cross Pharmacy.
