THE REVOLUTION WAS WON BY MONEY WEALTH AGAINST HIM, DIAZ LET GO

LIMANTOUR SHOWED HIM RESISTANCE WAS USELESS ONLY FEARED INTERVENTION

Madero, Brother of the General, Says: "There Was Little Need of Fighting---Most of the World's Leading Financiers Knew Months Ago That the Revolution Was Certain to Win, They Understanding That Dollars Were More Deadly Than Bullets, When Used Against Any Cause"--Diaz Knew It, Too,

[UNITED PRESS LEASED WIRE.]
 Juarez, Mex., May 31.—Gustavo Madero, a brother of Francisco I. Madero, Jr., in an exclusive statement to the United Press today, in commenting upon the success of the revolution led by his brother, gave high praise to Jose Yves Limantour, finance minister in the Diaz cabinet. Madero said:
 "There was little need of fighting. My principal task was to be ready to fight, and make the necessary preparations to carry on the revolution to a conclusive end, in the event Diaz did not give up."
 "The sincerity of the Madero movement was fully understood in the great financial circles from the start. Most of the world's financial leaders knew months ago that the revolution was bound to be successful."
 "When Limantour returned from Europe three months ago he stopped in New York for the purpose of discussing the financial situation in Mexico with New York capitalists, many of whom are heavily interested in our country. Limantour apparently resided at the Plaza, but spent most of his time at the Hotel Astor. It was in his room in the Astor where

He Would Not Speak.

Pasadena, Cal., May 31.—The failure of William Thum, Pasadena's millionaire mayor, inventor of sticky fly paper, to appear and speak at yesterday's Memorial Day exercises has caused much comment today. The veterans and their affiliated organizations are up in arms over the incident and are unwilling to accept Thum's excuse.
 "These people know I can't make a decent speech, and still they expected me to appear," said Thum. "As a matter of fact, their invitation was not delivered to me personally; therefore, I don't see how they can feel as they do."

was the intervention of American troops. We were confident that if America knew our strength and resources, and the certainty of our ultimate success, the American government would keep hands off.
 "Limantour did much to let the people of the United States know the exact truth, and represented us as responsible and reliable men, who could be held accountable for the acts of the revolutionists. Limantour did much as a go-between; he was fair and an honest friend to both sides."
 "When some of my compatriots accused me of being too friendly with him, after the fall of Juarez, I let it be known that I personally was willing to go still further, and that my faith in him was such that I would be willing to have him named provisional president in place of De Labarra."
 "To Limantour we owe the fact that the insurgents had a fair field and a chance for a fair fight."

Spends Vacation Here—
 Professor Yoder, principal of the Burns schools, is in the city. He makes it a practice of spending his vacations here each year.

Try to Stop Fight

Oakland, Cal., May 31.—Employing the same tactics as were used successfully to stop the Jeffries-Johnson fight in California, the Oakland Church Federation, headed by Attorney Carlos G. White, is taking steps to prevent the scheduled Wolfgang-Moran bout in San Francisco on July 4. Letters have been sent to Attorney-General Webb and Governor Johnson, enclosing copies of the state law and accounts of the recent Wolgast-Burns battle.

ATTORNEY GENERAL TESTIFIES

He Was Silent Partner of Henry Taft, When the Latter Represented the Sugar Trust, and He, Wickersham, Rendered the Opinion.

HIS SHARE OF FEE \$26,000

He Says the Government Had Accepted the Restitution Made by the Sugar Trust for Giving Fraudulent Weights on Imports, But That He Had Not Prosecuted Them Because "He Thought the Evidence Was Insufficient to Convict."

[UNITED PRESS LEASED WIRE.]
 Washington, May 31.—Attorney-General Wickersham testified today before the house committee appointed to investigate the expenditures of the department of justice. He said that Henry Taft, brother of the president, as a member of the law firm of strong and Cadwalader, acted upon one occasion as counsel for the American Sugar Refining company (the trust). His fee, said the attorney-general, was turned to the firm's account, of which (Wickersham) was a silent partner. His own share of this fee, Wickersham testified was \$26,000.
 Henry Taft, said the attorney-general, later was retained and appeared as special attorney for the government in the prosecution of the liquor trust and the affiliated tobacco trust.
 After he himself left the firm Wickersham testified, John Henry Hammond became affiliated with it and subsequently represented the sugar trust in the purchase of the Friar lands in the Philippines.
 The witness declared that when he rendered the opinion permitting the sale of the Friar lands to the sugar trust he was not aware that Hammond was representing the trust.
 Wickersham declared that between the years 1905 and 1909 he had on several occasions acted in an advisory capacity to the steel trust.
 The government, he said, had accepted the restitution made by the American Sugar Refining company in the matter of fraudulent weights on imports, but had made no attempt to enforce the penalties for violating the law. The attorney-general said this had not been done because he felt that the government had insufficient evidence.

MEXICAN OFFICER EXECUTED FOR KILLING SOLDIER IN HIS COMMAND

A Nervous Wreck.

Indianapolis, Ind., May 31.—A nervous wreck after the terrible strain of yesterday's 500-mile automobile race, Harry Knight, who drove the Westcott, was under the influence of opiates today. Although Knight was uninjured yesterday, the strain on his nerves was too severe for him, and after the race was ended he collapsed. Today it is predicted that he will never be able to drive another racing car. His physicians fear he may suffer a permanent breakdown.
 The men injured in the race yesterday are resting easily this afternoon.

SOLDIER WAS AN AMERICAN INCIDENT MAY CAUSE LOSS OF ALL AMERICAN SUPPORT

Captain Francisco Viza Shoots American Soldier in His Command, Is Court-Martialed and Shot This Morning---At His Own Request Firing Squad Was Composed of Mexicans --General Pryce and His Aide, Captain Melvin Hopkins, Missing---It Is Supposed They Have Gone to Los Angeles.

[UNITED PRESS LEASED WIRE.]
 San Diego, Cal., May 31.—According to a report received here today, Captain Francisco Viza, commander of the Mexican troops under General Pryce, was shot at sunrise this morning for the killing of an American soldier in his command. He was court-martialed yesterday.

A Dramatic Execution.
 San Diego, Cal., May 31.—Following the execution of Captain Francisco Viza at sunrise, it was learned that General Pryce and his aide, Captain Melvin Hopkins, were missing from the camp.
 Whether Pryce had left the rebels for good, whether he had gone to the Los Angeles junta on business, or whether he had met with foul play was questioned by his men. It is generally believed that Pryce has gone to Los Angeles. Most of the white officers of the force, it was reported, also had left camp. Pryce and his officers, it was said, had learned they were to be replaced by Mexicans.
 Viza's execution was quite dramatic. He was led to the hills near Tia Juana at sunrise. He demanded that he be shot by Mexicans.
 "I am afraid of the Americans," declared the condemned Mexican, "and I refuse to be shot down by white men."
 Five Mexicans composed the firing squad. He jeered at his executioners. The rifles cracked and Viza fell forward, a smile on his face. His body was still lying at noon where it fell.
 The body of Captain Francisco Viza's victim still lays in the street, where he was killed two days ago.
 When it was discovered that Pryce and Hopkins were missing, Captain F. W. Tammelin was appointed commander of the rebels. Dr. H. G. Loos and J. M. Porter, Americans, crossed into Tia Juana this morning. Dr. Loos went to Tia Juana in an automobile to get permission to attend a sick family. Permission was denied. The automobile was held by the rebels until the occupants agreed to bring two messengers to San Diego.

Body in a Bath Tub.
 [UNITED PRESS LEASED WIRE.]
 New York, May 31.—Police today are investigating the alleged murder of Mrs. Henry Seeb, whose body was found, covered with chemicals, in the bath tub of a vacant flat. Her husband is under arrest.

SCRIPPS-M'RAE MEN FORBIDDEN THE FLOOR
 [UNITED PRESS LEASED WIRE.]
 Columbus, O., May 31.—Representatives of the Scripps-McRae league of newspapers were barred from the floor of the state senate today by a vote of 24 to 8. The action followed the refusal of editors of these papers to appear before an investigation committee to testify in the present legislative graft cases.

INDIAN WRITES GOOD ENGLISH

Governor West today received a communication from William Stone, an Indian on the Siletz reservation, asking that the name of the captain stationed at Siletz during the Indian outbreak be sent to him so that he may communicate with him.
 Stone was one of the first Indians to take up his abode on the reservation, and is designated as one of the treaty Indians. He was a power among his people and during the outbreak did valuable service in quelling it and restoring peace.
 He is an excellent penman, uses good grammar and pure English, and the letter as a whole stamps him as a man of considerable education.

Another Train Wreck.

[UNITED PRESS LEASED WIRE.]
 Detroit, Mich., May 31.—Michigan Central west bound express No. 9 was derailed near Ridgeway, Ontario, today. The engine turned over, killing Engineer Quinlan and Fireman Oakes. Their bodies were cremated. It is believed the derailment was caused by train wreckers. The authorities are investigating.

EIGHT ARE DROWNED BY SQUALL ON ERIE

[UNITED PRESS LEASED WIRE.]
 Cleveland, O., May 31.—Eight persons are reported drowned as a result of a sudden squall on Lake Erie today. A number of persons were in rowboats on the lake when the squall came up. One park policeman reported that he saw six persons sink. He believes they perished.

SECRETARY OLCOTT, WHILE A PERSONAL FRIEND OF STATE PRINTER, WILL BEGIN FIGHT TO COMPEL HIM TO MOVE OUT.

There is a battle royal impending over the state printing office and in a few days Secretary of State Olcott will serve formal notice on State Printer Dunway to vacate the capitol building within a specified time. The printer will be allowed two rooms now used for his offices, but the printing plant may be located in any part of the city he sees fit, as it is considered private property and has been kept in the state house without warrant of law. The crowded condition of all the floors of the big building will be shown in detail, and the fact that many supplies have been furnished the state printer, besides lights, heat, water, janitor service, brooms, and other things will be made plain. The printer will probably not submit to being fired from the building with his plant without a lawsuit, but Olcott is well fortified with legal opinions. This course has been determined upon and it is only a question of drawing up the proper papers and serving them. The personal relations between Olcott and Dunway are of the most pleasant character. Olcott having at one time made his home with Dunway for some time. It is a question of getting more room in the state house for the actual and legitimate work of the departments, and Mr. Olcott thinks he has the law on his side and will make the fight and exhaust all the resources at his command to remove the printing plant out of the building.
