OF COURSE YOU WILL SEE HIM FLY

ONE OF THE GREATEST OF THE WORLD'S BIRDMEN TO BE HERE IN ONE OF THE FAMOUS BIG CURTISS BIPLANES JUNE 4.

June 4 will from that date on, be one by which to measure and recall events. On that day the first flying machine to ever try the air of the Willamette Valley will be seen in Salem.

Some have thought the prices charged high, but it is the best that can be done. The promoters do not expect to make a dollar out of it, but stand to lose, and their whole object is to give the whole valley a chance to see what until a year or two ago was considered an eternal impossibility, a man safely soaring at will and where he pleased, through the air.

Indications are that there will be a record-breaking crowd, as inquiries are coming in from all the surrounding country, and especially from points not reached by the local papers, inquiring as to details. It should also be remembered that it is not just a simple flight that you see, but Ely does innumerable stunts, all seemingly impossible, darting, gliding, turning in sweeping circles, and in fact doing about everything a bird can do except lay eggs, and incubate. Wherever he has made a flight the newspapers are filled with enthusiastic articles about his work, and their praise is only limited by their ability to express ideas. It is a dead certainty that those who see Ely will go home well satisfied with the exhibition, and that those who do not will always regret it.

The street car lines will be in condition and prepared to handle the big crowds, so that it will be easy to get out to the grounds.

Don't forget that the machine takes the air promptly at 2:30 Sunday afternoon June 4.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all dealers.

LEGISLATURE APPROPRIATED MORE THAN FOUR MILLION

Exclusive of the appropriations made for the Oregon University and the Monmouth Normal school the last legislature appropriated the sum of \$4,709,246.66, according to James Allison of the office of the secretary of state, who has just completed the work of summing up the appropriations made.

This is by considerable the largest appropriation ever made by any legislature of the state. The appropriations for the Oregon University and the Monmouth Normal school have been referred to the people and should they endorse the action of the legislature with relation to them at the next general election, it will increase the present amount for the biennial period including this year 1911 and 1912 by several hundred thousand.

EARNED A MILLION AND A HALF

The reports of the Oregon Electric and the United Railways company were filed yesterday with the state tax commission, and the report of the former shows the total earnings of it to have been for the year 1910, \$533,287, while the operating expenses were shown to have been \$266,736. The net earnings are set down as \$247,288 and the total income as \$248,740. The valuation of the equipment is estimated at \$833,009. The taxes for the year 1920 were \$22,439, or about double those of the previous year.

The earnings of the United Railways are given as \$56,213 and the operating expenses at \$56,604. The net income was \$108, and the taxes for the year 1910 \$4368.

The gross earnings of the Oregon-California Railroad company are given at \$9,082,449 for 1910 and the operating expenses at \$4,727,380. The total income was \$4,360,118, while the taxes amounted to \$369,467. The net earnings per mile for this road is \$6445.

WILLAMETTE TO CELEBRATE HER BIRTHDAY

Dr. F. S. Hoyt of Cincinnati; Rev. John Flynn of Portland and Asahel Bush, three of the men who incorporated Willamette University in 1853, will attend the commencement exercises of the institution this year, with a view of making the event one of the most memorable in its history. President Homan is planning to have as many students who attended the school between 1850 and 1862 as can possibly do so attend.

STATE NEWS.

The Lockley Hall hotel at Seaside was burned to the ground Wednesday morning. Loss about \$10,000. The fire caught from a kettle of tar which was being boiled on the kitchen stove for the purpose of repairing the roof.

Mrs. Sophie Crate, aged 93, who located with her husband at "Crate's Point," about a mile west of The Dalles, in 1848, died Tuesday.

The First Christian church at Culver, Crook county, was dedicated Sunday.

Grants Pass gets a postal bank. John C. Carson, a prominent pioneer of Portland, died suddenly Wednesday at his Portland home.

Portland, for the month of May, shipped more wheat and flour than any city in the United States. Twenty-six nurses will graduate tonight at the Portland Good Samaritan hospital.

The warm wave struck Portland just in time for the rose show. It was 90 in the shade at The Dalles Wednesday.

Adolph E. Carlson, aged 22, was drowned at the foot of Ash street, Portland, Tuesday evening, by upsetting his canoe. He could not swim.

A company with \$25,000 capital has been formed in Sherwood for the purpose of developing oil fields near that place.

THE CHIEF AFTER THE PRISONERS

Complaints are reaching the police department that the dog poisoner is at work again in the city, and Chief of Police Hamilton is making a thorough investigation of the matter, and indicated today that he had a clue which he was following up, and which he believes will lead to the apprehension of the guilty parties. Several months ago residents of the city had good dogs poisoned, and, while every effort was then made to locate the guilty parties, it failed. For a while no trouble was experienced by dog owners, but the other day a prominent citizen, whose name the chief declines to disclose, reported to him that an attempt had been made to poison his dog by leaving some poisoned liver on the walk in front of the residence. The chief is having the liver analyzed, and feels confident that he will secure enough evidence so that when he arrests the parties he suspects that he can bring about their conviction.

Proposals for South Wing of Receiving Ward at Oregon State Insane Asylum—Notice to Bidders.

The board of trustees of the Oregon State Insane Asylum will open sealed bids for the construction of the south wing of the receiving ward building at that institution, on Wednesday, June 14, 1911, at 2 p. m., at the executive chambers, state capitol, Salem Oregon. Plans and specifications of same may be seen at the office of Lazarus & Logan, architects, Portland, Oregon; at the office of the superintendent of the Oregon State Insane Asylum, Salem, Oregon; and at the office of Clerk of Board of Board of Trustees, at state capitol, Salem, Oregon.

Contractors desirous of obtaining plans and specifications covering the general work of this building may do so by depositing \$10 with the architect for each and every set taken therefrom, as a guarantee that the plans and specifications received by them will be returned to the office in good order and condition on or before the time stipulated on the drawing receipt.

On return of said drawings, the money will be refunded.

Each bid must be accompanied by a certified check in a sum not less than 10 per cent of the total amount of the bid, and the same should be sealed and addressed to the undersigned, and marked on the outside of the envelope, "Bid for South Wing of Receiving Ward, Oregon State Insane Asylum." The Board of Trustees of the Oregon State Insane Asylum reserves the right to reject any and all bids.

R. A. WATSON, Clerk Board of Trustees, Oregon State Insane Asylum, Salem, Oregon May 31, 1911. Date of last publication, June 13, 1911.

FOLEY'S KIDNEY REMEDY

Is particularly recommended for chronic cases of kidney and bladder trouble. It tends to adjust and control the kidney and bladder action and is healing, strengthening and bracing. L. McConnell, 117 Cathena St., Elmira, N. Y., says: "Two bottles did the work most effectively, and proved to me beyond doubt it is the most reliable kidney medicine I had ever taken and I shall always have my endorsement." Red Cross Pharmacy.

ROME has Cement Sewers centuries old

From the earliest times down to the present cement has always been used in sewer construction.

Every sewer has its cement joints, cement lining, brick laid in cement mortar, monolithic or sectional cement pipe, or some manner of cement construction. We use the latest methods and manufacture a glazed cement pipe made entirely of a mixture of one part cement and two parts coarse sand. This makes a pipe that will never wear out.

Made in Salem by Salem people Your money stays at home when you buy our pipe. Call and inspect our factory, get our prices and save money.

An ideal investment for idle money or trust funds. Can be withdrawn on demand.

Capital National Bank SAVINGS DEPARTMENT

EVERYBODY IS GUNNING FOR RUBBISH

The street cleaning department is out in full force today—for today is "clean up" day for the city of Salem, and if the wagon of the department has not already passed along the street on which you reside, gather up the old tin cans and rubbish about your premises and carry them to the nearest white flag and deposit them, and they will be then carried away to the city dump without any cost to you save the labor of transporting them for a short distance.

Task a Vast One. The task of cleaning the city is proving to be far more vast than those inaugurating the movement had any idea it would be. The work began actively yesterday in South Salem, and much was accomplished. The committee of women appointed for the different sections of town were busy in arousing interest in the new movement and succeeded in collecting the assistance of the school children, and also many residents, and wonderful accomplishments are anticipated today.

May Require Several Days. Despite the earnest and faithful work that is being prosecuted by those interested, however, it will require several days before the task is completed. Sanitary Inspector Long spent all of yesterday in putting up white flags, but was unable to cover the territory, and this morning Councilman Lafky and his son were out promptly at 6 o'clock assisting him. Last year the wagons did not clear the streets of the piles of tin cans and rubbish, but this condition of affairs will not exist this year, as

At Fountains & Elsewhere Ask for 'HORLICK'S' The Original and Genuine MALTED MILK The Food-drink for All Ages. At restaurants, hotels, and fountains. Delicious, invigorating and sustaining. Keep it on your sideboard at home. Don't travel without it. A quick lunch prepared in a minute. Take no imitation. Just say 'HORLICK'S' in No Combine or Trust

Councilman Lafky, chairman of the street committee, and under whose direction the cleanup work is being done, proposes to see to it that all piles of rubbish and tin cans are carried to the city dump.

SPECIAL EVENING TRAINS FROM PORTLAND DURING THE ROSE FESTIVAL VIA OREGON ELECTRIC RAILWAY.

Every evening during the Rose Festival, June 5th to 10th, inclusive, a special train will leave Portland via the Oregon Electric Railway at 11:15 p. m. for Salem and intermediate points arriving at Salem at 1:00 a. m.

This service allows you the opportunity of seeing all the evening parades, illuminations, etc. Reduced round trip fares from all agency stations June 5, 7, 8 and 9. C. E. ALBIN Gen. Agent, Salem, Ore.

Lack of interest in one's work is a sure way to shut the door of opportunity.

The Doctor's Answers On Health and Beauty Questions By Dr. Theodore Beck. The questions answered below are general in character; the symptoms are given and answers will apply to any case of similar nature. Those wishing further advice, free, may address Dr. Theo. Beck, College Bldg., 8th St., Dayton, Ohio, enclosing self-addressed envelope for reply. No questions will be answered unless full name and address is given. Initials or nom de plume will be used in answers. The prescription may be filled at any well stocked drug store. Any druggist can order of wholesaler.

Ma. Y. O.—The cough and symptoms of asthma and hay fever which you describe should not be neglected or it may become chronic. However, I have known chronic cases to be cured and even annual hay-fever prevented simply by the use of essence mentho-laxene. Obtain a 2 1/2 oz. bottle, and take it pure, or make into a syrup as per the instructions accompanying. This is the most efficient cough, cold, asthma and hay fever treatment that I have met with in my long years of practice.

Horace—I am gratified to know that my prescription for your kidney trouble proved so quickly effective. Your latest report, concerning your wife's condition leads me to believe she is a victim of dyspepsia. Such symptoms, as fullness after eating, pains in stomach and under shoulders, heartburn, headache, belching, biliousness, nervousness, insomnia, etc., are often present. There is a scientific three course treatment for dyspepsia, indigestion and kindred ailments, known as tablets triopemptine. You should obtain a supply immediately. Use one pink after breakfast, white after dinner and blue after supper. This restores the stomach to a normal, healthy condition.

Elderly—The treatment of constipation for one of your age is one of the most difficult which presents itself to a physician. I have used the following prescription with much success, and would recommend that you try it: Compound essence cardiol 1 oz., fluid extract mandrake 2 drams, aromatic fluid cascara 1 oz., aromatic syrup rhubarb 4 ozs. Mix. Take from 1/2 to a teaspoonful after each meal and at bed time. This is a very reliable laxative, and in large doses is an active cathartic. It may be used by old or young. Another excellent remedy for constipation of old people is cascaraol pills, a proprietary but non-secret preparation.

Marion R.—You say your extreme thinness makes you an object of ridicule, and that in spite of a good appetite and plenty of food you do not gain weight. If you want pink cheeks, red lips, plumpness and the bounding health and spirits of other girls of your age, you should have the following prescription filled and use for several months: Compound syrup of hypophosphites 6 ozs., comp. essence cardiol 1 oz., tincture codonens comp. 1 oz. Mix and take a teaspoonful before each meal, if the appetite is not good, or after meals, if it is. In addition, to increase your weight and round out your figure, take 3 grains hypo-nuclease tablets in accordance with directions accompanying sealed carton.

Art. S.—The proper treatment for tired, aching, swollen sweaty burning or calloused feet is: Obtain 2 ounces of antiseptic vilane powder. Use a teaspoonful of the powder and a tablespoonful of salt to a gallon of hot water, and immerse the feet 10 to 15 minutes each night. This will draw out the poisons, tone up the flesh and tendons, improve the circulation, etc., so that you will experience no more suffering.

Madam R.—I will not answer questions unless full name and address is given me. I never publish full names, but I have no time for the idle and curious.

Young L.—Your headaches are due to eyestrain or perhaps to indigestion. Any uneasiness after eating indicates the latter trouble. To overcome it obtain tablets triopemptine in sealed package and take as per directions. To relieve headache or neuralgia I know of nothing better than pain-away pills, a non-secret proprietary remedy.

Professional.—Yes, the plain yellow minoy is much used in beauty parlors for the treatment of the hair and scalp, and these professionals always seek the most effective and

liable in drugs. I would advise that you obtain a supply, for it will delight your customers. It is the best treatment for oily or greasy hair, falling hair, dead and split-end hair dandruff, itching scalp lusterless stringy hair, that I have ever encountered. It is different and acts differently from any other, and is entirely harmless, as it contains no sulphur and will not color or dye the hair. Buy from your jobber or retailer.

Mr. E. R.—Your symptoms show your system affected by a bad case of catarrh. Neglected catarrh of the head soon proves many complications and is often the forerunner of consumption. You must first cure the nostril passages as follows: To a pint of warm water add a half teaspoonful of antiseptic vilane powder. Snuff this mixture through the nostril passages and gargle the throat until all mucous matter is removed, then apply a balm made by mixing a level teaspoonful of the powder with one ounce of lard or vaseline. To absolutely rid the system, internal treatment is necessary as follows: Comp. fld. balmwort 1 oz., comp. essence cardiol 1 oz., fld. ext. wahoo 1 oz., neutralizing cordial 3 ozs. Mix and take a teaspoonful before or after meals. This will tone up the system and purify the blood.

Maiden—Malaria, biliousness or jaundice are frequently the results of neglecting such symptoms as drowsiness, languor, weakness biliousness, coated tongue, yellow skin dry and itching skin, nervousness, fever, chills, tremors, etc. This seems to be a chronic case and may require considerable time to cure. Get this prescription filled: Fluid ext. mandrake 2 drams, comp. essence cardiol 1 oz., aromatic cascara 1 oz., aromatic syrup rhubarb 4 ozs. Mix and take from one-half to one teaspoonful three or four times daily. Three-grain hypo-nuclease tablets would also assist in toning up the blood and nervous system.

A Mother—Bedwetting by children is usually a disease and should be treated as such. Whipping and scolding will do the child harm. First see that the bowels move regularly each day. Eliminate meat diet almost entirely. For the bowels and constipation of children and adults use this: Comp. essence cardiol 1 oz., aromatic fluid cascara 1 oz., syrup aromatic rhubarb 4 ozs. Mix and give 1/2 to 1 teaspoonful three or four times daily, or sufficient to move the bowels daily. For incontinence, have this filled: Tincture eubels 1 dram tincture Rhus Aromatic 2 drams, and compound fluid balmwort 1 oz. Mix and give 10 to 15 drops in water three times daily. Continue until all symptoms have disappeared.

Anti-Fat—I receive many letters of inquiry with regard to a prescription for reducing excessive fat. The prescription which I have frequently given in these columns is entirely harmless if used in accordance with directions and leaves no bad after-effects. It will frequently reduce the weight from 3 to 7 lbs. per week, but its use should be continued a sufficient period to thoroughly accomplish the desired end. Glycerol-arbolene 1 oz., aromatic elixir 5 ozs. Mix. For the first three days take a teaspoonful after each meal; thereafter increase to two teaspoonfuls. This is a very satisfactory treatment and no one should be afraid of using it if the genuine ingredients are used. If unable to obtain any of the drugs mentioned of your regular druggist, go to some prominent, large retail drug store, which is sure to be well stocked.

Claire—Increase your weight ten or twenty pounds by taking regularly several months, 3 grain hypo-nuclease tablets. They improve the color, too.

THE WAY OUT of a SOCIAL DILEMMA. Getting a fourth hand for "bridge" is only one of a thousand social uses of the Telephone, and Telephone Service promotes sociability and good fellowship, because it brings neighbors closer together. Your friends all live within talking distance. It is the same with your out-of-town friends—the universal service of the Bell System makes them your neighbors, too. Your voice can reach all by means of the Bell Long Distance Service.

The Pacific Telephone and Telegraph Co. Every Bell Telephone is the Center of the System.
