Millions of Folks Use Only 'Cascarets'

They Never Have Headache, Billoiness, Sluggish, Inactive Bowels or a Bad Stomach to Make Them Miserable.

A million boxes a month. That's the sale of Cascarets. And every tablet in every box means a day of good cheer. Think what a world of happiness this candy laxative has brought to men and women--also the children. Are you getting your share?
Cascarets cure bowel troubles when they have developed. But that is the least of their uses. Their best service is to prevent the many ills that come from inactive bowels. Think of the days when you are not at your best. The mornings when you don't feel right, the afternoons when you are lousy, the evenings when you are irritable. The cause lies in the bowels.
One Cascaret makes everything different. Don't say "I'll take it tonight." Take it at once. Carry a box in your pocket. The hours before bedtime are too good to be wasted. Cascarets are gentle and pleasant. Their action is as natural as the action of fruit on the bowels. They are sold by all druggists at 10 cents per box.

MAYOR AND HIS LIEUTENANT.

(Continued from page 1.)

ter in his attack upon the newspapers.
Lachmund Bitter Against Papers.
Mayor Lachmund followed and closed with a fiery speech eulogizing his administration, declaring himself in favor of the bond issue, and generally grilling the newspapers. The newspapers in his estimation had failed to boost for the city and were only knocking and the mammoth task of carrying the flag of progress devolved upon his stalwart shoulders and the attainment of municipal glory rested on his administration.

The idea to vote for the bridge bond election was along the same line as his lieutenant--Councilman Durbin.
In concluding his argument the mayor stated that unless the bonds were floated by the people there would be no bridges built this year. The committee of the board of trade to bring in resolutions in favor of the bond issue are Jas. R. Linn, F. Linn, F. N. Derby and C. L. Dick.

Asked to Explain.
After listening to both addresses Ernest Anderson, proprietor of the Anderson barbershop, felt that there was one feature that both speakers had failed to explain and that was the reason for raising the rate of interest on the bonds from five to six per cent. At the former election--the one that went down to defeat, a rate of five per cent was fixed, but the proposed bonds are to be sold at a rate not to exceed six per cent.

Unable to give any valid reason why this increase in the rate of interest should be made, the speakers evaded the point by saying that with a six per cent rate of interest the premium would be so large that it would balance the interest rate so that the people would not have to pay more than five per cent. Provided with this illuminating reply to his question Mr. Anderson is still trying to figure out a rule in mathematics which will make six per cent less or equal to five per cent. The only conclusion he could arrive at was that the committee was trying to compel the people to vote for and create a larger indebtedness than appeared on the face of the matter. In other words by getting a premium, to raise more than \$60,000, by whatever the premium exceeded that sum, a sort of obtaining of the goods under false pretenses, as it were.

Resolutions Not Adopted.
A committee, consisting of James Linn, C. L. Dick, and Frank N. Derby, was appointed to draft resolutions favoring the bond issue. It was expected that the committee would return and endeavor to pass their last evening, but it failed to do so, and so far the resolutions have not been adopted by the board.

ASTORIA WILL GET THE MONEY

An adjustment was reached today between the state and the Astoria Centennial committee relative to the \$50,000 appropriation made for the benefit of the Centennial celebration by the last legislature, and Secretary of State Olcott has written to Dr. Henderson, chairman of the committee, advising him that if he will come to Salem tomorrow or in the course of a few days, he will turn the warrant for the appropriation over to him.

The appropriation was held up on the advice of Attorney General Crawford, who insisted that Clatsop county should pay a back tax of \$4,000, and for which suit has been instituted, before the appropriation was turned over to the committee. The attorney-general advised the secretary of state that without arrangements being made for the collection of the tax that he would bring proceedings to enjoin him from turning over the appropriation.

At a conference between the state and members of the committee and prominent citizens of the city of Astoria yesterday afternoon, it was agreed that they would use their utmost endeavors to bring about a speedy settlement between the county and state relative to the tax and upon these assurances being made, the attorney-general agreed to allow the secretary to turn the money over to the committee.

Grants Pass will assist Medford this year in the Fourth of July celebration.

Administered Sacrament—Rev. Father Moore, of St. Joseph's Catholic church, Salem; Rev. Father De Lormie, of Portland; and Rev. Father Francis Mayeur, of Grants Pass, yesterday assisted Most Rev. Archbishop Christie, D. D., of Portland, in administering the sacrament of confirmation to 49 children and 18 adults at St. Joseph's church. It was the largest class ever confirmed in Salem.

Conferred Degrees—Besides re-electing the faculty of the Willamette University for another year, the board of trustees, at its meeting held yesterday, also conferred degrees upon Ashael Bush, of this city; Dr. F. S. Hoyt, of Cincinnati; and Rev. John E. Finn, of Portland. The degrees of bachelor of laws were conferred upon the first two, and the degree of doctor of divinity upon the last. All three were members of the board incorporating the college, and Dr. Hoyt was president from 1850 to 1860.
