### HORSE AND SADDLE ARE RECOVERED

**CONVICT KELLEY LEFT THEM AT TURNER, AND PROBABLY BOARDED AN S. P. TRAIN THERE AND LEFT THE COUNTRY.**

The authorities of the state penitentiary for the first time learned of the route taken by Jesse Kelly, the escaped convict from the state prison today when advices were received by Sheriff Minto from Turner stating that the horse and saddle had been found near Turner by I. H. Small.

The saddle and bridle, the advices stated were first discovered by Small's boy and the matter reported to the father. Suspecting that a horse had been stolen he began a search of the vicinity for the animal and upon finding a strange horse, telephoned to Sheriff Minto. The description of the horse, the saddle and the bridle tallies exactly with those taken by Hall and there is no doubt of their identity.

It is the opinion of the officers that Hall after discarding the horse, abided his time and took a Southern Pacific train out of the country. In view of the fact that Hall violated his confidence, Governor West is determined to hound him until captured and he will use every effort to bring about his apprehension.

### THE SWEDISH PEOPLE PURCHASED A CHURCH

The Scandinavian people are now coming to the Northwest by the thousand and a goodly number will seek a home in Willamette valley and locate in and near Salem.

### BLOOD HOUNDS ARE TRAILING THE ROBBERS

Drain, Ore., June 19.—Led by bloodhounds that caught the scent from the registered mail pouches which were stolen from the Shasta limited, a posse this afternoon is working through the mountains west of Yoncalla on the trail of the bandits who entered the mail car and secured the mail. Only a part of the mail in the registered pouches recovered had been opened.

A Portland woman kicked a tax assessor. Another argument for suffrage.

### SEAMEN ON STRIKE IN NEW YORK

[UNITED PRESS LEASED WIRE.]

New York, June 19.—The seamen's strike is affecting shipping here. The crews of the Southern Pacific line freighters Creole and Sol deserted when the vessels docked today and officials of the seamen's union here assert that within a week the entire Southern Pacific fleet will be tied up. They say that members of the union here are acting as a unit in demanding better pay and more satisfactory conditions. If these conditions are not granted by tomorrow the strikers say a general strike here is certain.

When the freighters reached quarantine a tug met them and a man on deck megaphoned the fact that a strike had been called. The crews quit after docking.

### PAID TEN CENTS TO THE MAN WHO SAVED HIS LIFE

Venice, Cal., June 19.—Charles Bassett, life guard of the Venice beach, today has a tin dime stowed away in his jeans, the reward of saving the life of George Hagerland, of New York City. After expressing voluble thanks, Hagerland slipped Bassett ten cents telling him to buy himself a good cigar.

### AN AVERAGE VOTE IS OUT AT ELECTION

While the vote at the bridge bond election—the purpose of which is to authorize the council to issue bonds to the amount of \$65,000 for the construction of bridges in the city—was at noon today considerably heavier than the vote cast at an election held several months ago on the same question when it was defeated, it was not nearly as heavy as had been anticipated by those interested in the result.

Because of the action of the bridge committee in withholding information as to the disposition that would be made of the money in the event the bonds were voted considerable opposition developed against their being issued. At the eleventh hour, however, the committee issued a statement outlining its plans and this has done much to create sentiment in favor of the issuance of the bonds. There is still opposition to their being issued, but those in favor of it are predicting this afternoon the election will carry with a handsome majority. Still with a two-thirds majority required, it to the observant looks extremely doubtful to put it mildly.

### CRAZY MAN ARRESTED AT SYCAMORE

**SUSPECTED OF HILL MURDER—HAD A SOCK FULL OF DYNAMITE AND A FIVE-GALLON CAN FULL OF SNAKES AND WAS STARK NAKED.**

Portland, Or., June 19.—Two men, both of whom are believed by the police to be partially demented, are held in the county jail in connection with the murder of the Hill family, who lived near Ardenwald, more than a week ago.

One of the men, who was arrested at Sycamore station, had stripped himself of his clothing. In one hand he carried a sock crammed full of dynamite sticks, some fuses and caps. In the other he held a five-gallon can filled with garter snakes. He could give no explanation concerning himself.

The second man, Ed. Ramsey, was arrested near the Oaks, at the edge of the city. He was barefooted when taken in.

The bloodhounds which were put on the trail of the murderer at Ardenwald, were unable to follow the scent, and the effort to track the fellow was abandoned.

### DEMOCRATS DODGED THE PENSION BILL

[UNITED PRESS LEASED WIRE.] Washington, June 19.—The Democratic majority in the house today evaded consideration of the \$45,000,000 service pension bill, which was on the calendar to come up today, "suspension Monday" by adjourning until tomorrow. The motion was carried by a vote of 155 to 116.

### STRIKERS AND SCABS HAVE FIGHT

[UNITED PRESS LEASED WIRE.]

New York, June 19.—One hundred striking seamen this afternoon attacked strike-breakers and had beaten them severely when police reserves rushed to the scene and restored order. This is the first clash that has occurred in the seamen's strike. Two hundred strike-breakers imported today were this afternoon given quarters in the Morgan line steamer El Paso. The New York state labor commission has offered to arbitrate.
