FULL LEASED WIRE TELEGRAPH REPORT

### EDITORIAL NOTES.

That little item of \$8870,435 for public improvements at Salem this year means solid, prosperous growth for the Capital City. Many people will have to hustle to meet their payments. But under the bonding system no great hardship will be worked on anyone. Real estate at Salem is quiet at present, but is steadily advancing in value. Business property will feel the greatest impulse of this expenditure of nearly a million dollars.

Salem women appreciate the One Cent Daily Journal street sales. Women are close buyers, and can make five cents go as far as most men can two-bits. The habit of buying the evening paper and reading the news of the day is a growing one. They also know if there is anything live, racy or snappy happening it will be found in the eveningpaper.

The honor of being queen of the Cherry Fair is more sought for than ever before. It is an industrial festival, and it is right that working girls should compete for this honor. The queen of an industrial event may well be a cherry picker, and a young lady who works at the cannery, in a hotel, store or moving picture show is the peer of anything that wears skirts in a democratic country, and can wear a royal gown with as much grace as any favorite of the aristocracy.

July first the boy that has sold the largest number of Capital Journals on the streets will receive a present of a good pair of shoes. The four next highest sales will receive a fine copper hoop. The sales on the street Tuesday evening reached 253—pretty good for a quiet evening—threatening rain.

The Capital Journal wants to be an absolutely fair and independent newspaper. It does not believe that everything one class does is all right, and everything another class does is all wrong. All that organized labor does is not right, and everything that capital does is not wrong. Free institutions and fair play for every man depends on an absolutely unmuzzled press, and this paper, for one, will wear no muzzles.

Falls City, Salem Heights and Butteville will celebrate. The Fourth of July is a good time to take your family for a little picnic outing, teach them patriotism, get a little fresh air, shut up the house one day, and give your wife a chance to wear her Sunday clothes. Carry the basket yourself, help spread the grub, wait on the children, give your wife the same chivalrous treatment you lavished on her when you were doing your best to make her think you were the nicest fellow on earth. You will feel better and enjoy life more, and so will she. The color will come back to her cheeks, and the sparkle to her eye, and maybe she will feel proud of even you.

The recall movement, right or wrong as it may be in individual cases, is bound to grow stronger. The people feel disposed to try it, and will try it if they get a chance. There are judges and district attorneys, elected by the people, their salaries paid by the people, and yet who do not fail to sell their services to corporations and appear against the people on occasions when their influence counts.

It is not too late to plant asters. Buy plants, make the ground mellow and rich, shade the plants for a few days, then cultivate, and no flower will repay so much beauty as the aster. Besides it is the state flower in honor of the Astoria centennial. Let us all be ready to go to Astoria with a basket of asters.

### TO SHUT OUT HEARST AND SOME OTHERS

If William Randolph Hearst, the editor and owner of a string of papers in the United States, desires to retain whatever shadowy title he may have to certain lots in this city it will be necessary for him to come here and defend an action brought against him and several parties by Henry F. Smith and wife through Attorney Carey Martin.

on file does not say, but anyway title was acquired by a number of them in the lots. Since then they have been sold for taxes and have passed through the hands of several purchasers, and the action now brought by Smith is to quiet title against all parties—Hearst included.

### Some Small Dynamiters.

Los Angeles, Cal., June 28.—Accused of attempting to dynamite a Moneta-avenue street car, three boys are held today in the detention home, pending a hearing in the juvenile court.

### Sacramento Wants It.

Sacramento, Cal., June 28.—With the election of 15 freeholders who will frame a revised charter Sacramento today is one step nearer commission government. An exceedingly small vote was cast.

### Money on Deposit

In our Savings Department is an investment with these advantages: The Principle is Safe.

The income of four per cent is sure and regular.

The whole investment can be converted into cash on demand.

An ideal investment for trust funds and idle money.

**Savings Department Capital National Bank**

### Expert Testimony on Concrete Sewer Pipe

Mr. J. P. Sherer of the Board of Public Works, Milwaukee, Wis., says:

In all places where we had to replace the sewers that were put in in the early history of Milwaukee, we found the concrete pipe to be intact. For instance, only recently we were required to take up 12 inch pipe and replace it with 20 inch, and for the entire length that pipe was found to be in elegant condition very much harder than when first placed there. There was no defect or flaw from one end to the other, and there was fourteen or fifteen hundred feet on that line of pipe. Our Engineers of the Board of Public Works recommended concrete pipe to be the best for the conveying of sewerage that is to be had.

Call on us for estimate on concrete pipe for your sewer connections.

## IRRIGATION CANAL TO BE OPENED

### FIRST IRRIGATION SYSTEM IN THE COUNTY TRIED OUT—WILL BE FORMALLY OPENED AT WEST STATTON FRIDAY.

West Statton, Ore., June 28.—Next Friday, June 30, the official opening of the West Statton Irrigation canal will take place. The work is virtually completed, with a few finishing touches to be put on some of the laterals.

The system has been tried out, and everything worked to a charm. Many neighboring farmers interested in the outcome of the undertaking were present to see the Santiam water coming down to West Statton. It was quite a novelty to see the streams flowing along the parced lands. There had not been a drop of rain for four weeks and the farms were thirsting for rain.

Friday evening there will be a dance in the new Commercial Club building.

### STATE NEWS.

Reports from all parts of the state show that the recent rains were general, and that great good has been done.

Edward Pritchford was arrested at Albany Monday on charge of selling liquor at the Lebanon fair, pleaded guilty and paid a fine of \$50.

Springfield is coming to the front as the big dairying center of the state.

The Springfield camp of Woodmen initiated 28 members Monday night.

The display of roses at the Lebanon fair was a revelation even to old Oregonians who grow up in the land of roses.

The salmon catch at Astoria recently has been unusually heavy. President Taft has nominated Morton Tower as collector of customs at Coos Bay—a re-nomination.

The 30th annual session of the G. A. R. encampment began at Ashland last night. The average age of those in attendance is above 70 years.

Two hundred ex-firemen of Portland will be in attendance at the Dave Campbell funeral tomorrow afternoon at Portland.

Medford has 1433 school children. Ground was broken last week for the \$86,000 horticultural building at the O. A. C. and it is expected it will be completed by January 1, 1912.

The Chambers' saw mill destroyed by fire at Cottage Grove last week will be rebuilt.

The Saginaw lumber plant has been shut down for the year.

Negotiations are pending for the purchase of the Clinbar mines at Black Butte, by eastern people.

Cottage Grove will have a big celebration July 4.

## APPOINTED GOOD ROADS COMMITTEE

Responding to repeated requests coming from all portions of the state asking him to do something to effect an organization having for its object the drafting of a good roads bill which will meet the approval of the majority of the voters, Governor West today appointed a committee consisting of prominent good road enthusiasts in every county in the state and has asked that it meet soon, organize and take up its work.

Several bills were passed by the last legislature on the subject of good roads. Each one, however, was subjected to dozens of amendments in both houses, and by the time they were enacted into law they met with the approval of but few, were practically valueless and all were vetoed by the governor. Since then a movement has been launched to initiate a bill, and it is to avoid a multiplicity of bills and to avoid a general confusion of legislation on the subject that the governor has appointed a committee and asked them to hold a convention and ascertain if it is not possible to agree upon some bill which will give satisfaction to the public in general.

Dr. Andrew Smith, of Portland, is made chairman of the committee, and the other members are as follows: Senator McCulloch, Baker; Dick Kiger, Benton; C. E. Spence, Clackamas; J. E. Grath, Clatsop; W. D. Fox, Columbia; R. E. Beddison, Coos; E. B. Thrift, Curry; T. M. Baldwin, Crook; Dexter Rice, Douglas; J. R. Laycock, Grant; Edward Dunn, Gilliam; A. I. Mason, Hood River; J. F. Mason, Harney; W. I. Vawter, Jackson; R. G. Smith, Josephine; Geo. N. Baldwin, Klamath; B. Daly, Lake; I. H. Blingham, Lane; J. F. Stewart, Lincoln; C. L. Shaw, Albany; V. W. Tomlinson, Malheur; J. H. Albert, Marion; Sam Van Vactor, Morrow; Dr. A. C. Smith, W. C. Bristol, Cl. T. Prall, L. R. Webster and Phil S. Bates, Multnomah; H. Herschberg, Polk; H. W. Strong, Sherman; R. Watson, Tillamook; Leon Cohen, Umatilla; Dr. Hall, Union; Jay Dublin, Wallowa; D. J. Cooper, Wasco; W. S. Hollis, Wheeler and H. C. Gist, Yamhill.

Is the trousers skirt an outcome of the suffrage movement or out let of insurgency?

### Utterly Wretched

Nervous Prostration Long Endured Before Remedy was Found. Miss Minerva Reminger, Upper Bern, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. I lived on bread and beef tea, because my stomach would not retain anything else. I took many remedies, but obtained no relief until I took Hood's Sarsaparilla, when I began to gain in weight, and now cured."

### THE RAILROAD COMMISSION HAS BUSY TIME

The state railroad commission will exercise for the first time the authority vested in it by Chapter 136 of the session laws of this year, when tomorrow at a hearing at Portland it will determine the days of the week when railroad companies may run stock trains of less than carload lots at a minimum speed.

The law designate one day in the week when the railroad companies may run stock trains of more than 10 cars at a minimum speed, but left it to the commission to fix the days when they may run stock trains of less than that number of cars. The hearing will be held at the Union stock yards.

### To Investigate Other Matters.

While in session in Portland the commission will also investigate complaints made against the accommodations provided by the railroad companies for attendants on stock trains. The complainants charge that the attendants have been compelled to occupy any and all kinds of old quarters which the companies might see fit to assign to them.

The members of the commission went to Hillsboro today where they are holding a hearing on a complaint made against the logging rates charged by the Pacific Railroad & Navigation company.

### IT LOOKS LIKE REVEALER SEE HAD A TICKET

Chicago June 28.—Desperate attempts were made today by attorneys for Arthur Evelyn See, the "revealer of Absolute Life," to keep from the jury trying him on charges of causing the downfall of Mildred Bridges, his girl disciple, the testimony of Police Captain Danner and several reporters who have sworn they heard See, the Bridges girl and Mona Rees admit illegal relations.

When the state called the witnesses this morning See's attorneys protested vigorously, asserting that the confessions were secured under threats and by promises of immunity. Finally the jury was excluded while Danner and the reporters testified.

A new danger to "the revealer" came today in the report that Mildred Bridges had become reconciled to her father, Stephen Bridges, the backbone of the opposition to See. On entering the court today the Bridges girl threw her arms about her father and kissed him. Should Bridges be able to win his daughter over it is believed See's chances of acquittal will have gone glimmering.

### X-RAYS AND SMILES.

In their treatment of Mrs. McMangal the Burns detectives are doing heroic work for the defense. The American people's sense of justice will not stand for that kind of outrage—and the judge who permits it, is a disgrace to the bench.

Cobweb skirts are the latest fad in New York City. With the peek-a-boob waist worn in connection with it, it should make the nude in art, take a back seat.

The logan berry crop is reported short. This should be good news for the lemon family.

Speaking of books, Locke's story, "The Glory of Clementina," is about the most inglorious fiasco that ever occupied good white paper to its detriment. It is being run in hebdomadally doses in the Saturday evening Post, and if continued long will change that paper's circulation boast to much smaller figures.

Lightning Kills Few  
In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million.

The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50 cents, at J. C. Perry's.

## PLANS FOR MASONIC BUILDING

### WILL BE MANIFICENTLY BUILT AND A FULL SIX STORIES AND BASEMENT—ARCHITECT DRAWING THE PLANS

Ellis F. Lawrence, the Portland architect, has been authorized to draw plans for the new Masonic building to be located at the corner of High and State streets. The building will cover a ground space of 50 by 100 feet and will be six stories high with full basement. All the floors will be tiled and it will be steam heated throughout. There will be plate glass fronts on the first floor for stores, three office floors and the two top floors will be used for lodge purposes. It will be a beautiful and very attractive building and a big addition to Salem.

## PRIZES FOR BABY SHOW EXHIBITED

The prizes for the Baby Beauty show are now on exhibition in one of the show windows of H. W. & M. L. Meyers, and the committee is very anxious that entries be made at an early date, so that proper arrangements can be made and plans announced in the papers.

For any information see or phone any member of the committee, S. G. Sargent Mrs. M. L. Meyers, Mrs. R. K. Page, Mrs. R. P. Boise, and Miss M. J. Cosper.

## WOULD BUILD MODERN ROAD TO PORTLAND

The construction of a modern highway connecting the capital city of the state with Portland, its metropolis, by means of convict labor is the plan of Governor West, and with a view of carrying it into execution he today appointed Geo. F. Rodgers, of this city, Grant Dimick, of Oregon City, and C. T. Prall of Portland to confer with the authorities of the counties in which they reside and initiate a campaign in favor of the plan.

Since the governor succeeded in entering into a new contract with the stove foundry people of Portland relative to the number of convicts to be employed by it, he is in a position to say just how many can be used in road construction work. He is a believer in the idea of building roads by convict labor, and it was one of the policies advocated by him in his campaign for the governorship. He has now convicts employed in building roads on a small scale, but he desires to make the movement state wide and if he can succeed in getting a movement started that will bring about the construction of a road between here and Portland he believes that there will be no trouble to prevail upon the rest of the state to adopt his policy.

The committee will be asked to meet and organize and outline a campaign and then it will pay a visit to the county courts and also other officers and seek to interest them in the plan.

## INSPECTED STALLIONS TOO EARLY

Because of their eagerness to rush into the field and reap a harvest in the way of fees for the inspection of stallions, inspectors appointed by the stallion board of registration for the state now find themselves confronted with the proposition of having their claims disallowed, because the work was done prior to the law creating their office going into effect.

## CHERRY FAIR QUEEN CONTEST WAXING WARM

Balloting for the honors of being Queen of the Cherry Fair is becoming quite fierce. The traveling men of the whole state are becoming interested in the candidacy of Laura Gregory, the news stands lady of the Marion hotel, and she is strongly in the lead this afternoon. Verna Cooder is a new candidate with a strong following. Miss Cooder is box office tender at the Wexford theater. Other candidates with a good support at the ballot boxes are Florence Smith, Mabel Zeh, and Stella Walling. Miss Edna Needham declines to allow her name to be used.

The leading merchants are giving five votes with each dollar purchase, and all customers should call for these coupons and vote them for some candidate. The contest will close Saturday night of this week at 10 o'clock.

### CHARLES A. GRAY DIES OF HEART FAILURE

Advices were received here today stating that Charles A. Gray, formerly a resident of this city, died at his residence, 822 Kearney street, Portland, at 10.30 o'clock last night. Mr. Gray was a prominent Mason, and H. W. Meyers, of the firm of H. W. and M. L. Meyers left this morning for Portland to bring the remains to this city, where they will be buried under the auspices of the Masonic order.

Mr. Gray was at one time a heavy property owner in the city, and he has many friends here who will grieve to learn of his death. He leaves a wife and a son, and both were at his bedside at the time he expired.

## MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking these bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. CORRIAN, 1103 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Read This Advice. Girls who are troubled with painful or irregular periods, headache, backache, dragging-down sensations, fainting spells or indigestion, should take immediate action and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

Write to Mrs. Pinkham, Lynn, Mass., for advice, free.

As soon as Mr. Meyers returns from Portland definite announcement relative to the funeral arrangements will be made.

The cause of death was heart failure.

### SENATOR CUMMINS "TALKS OUT IN MEETING"

[UNITED PRESS LEASED WIRE.]  
Washington, June 28.—Denouncing the attitude of the senate toward reciprocity as "abjectness," Senator Cummins, on the floor today, derided their submission to the demand that the measure pass, unamended. He said:

"The senate has abandoned its legislative prerogatives. The position of the chief executive is not much better. If we can put the American farmer on the same footing with the Canadian farmer regarding what he buys and sells," continued Cummins, "I believe it would be a step in the right direction."

Senator Nelson interrupted Cummins' speech to suggest that a recess be taken until November, but the matter was dropped.

Connie Mack has recalled the waltzers on Lefty Russell and will give the former eastern league star another chance.

## Portland's Popular Fire-Proof Hotel
