EYE SPECIALIST

TALKS TO REPORTER

LOCAL DOCTOR STANDS WELL—HAS WRITTEN SEVERAL ARTICLES ON THE EYE.

Who recently came into our midst from La Grande, where he had been a resident for two years, practicing optics, was sought out by The Journal representative yesterday afternoon for a story relating to his career as a recognized expert on the eye.

The doctor was not particularly anxious to conform to the request of The Journal, but the newspaper man succeeded in drawing from Dr. Mendelsohn what proves to be an interesting story.

The doctor stated that he obtained his education at the good old and world-known University of Heidelberg, Germany. It is a law of the country for the German student to commence his studies at the age of five years, and he has to pass twice a year from grade to grade, going through the primary and high schools until he reaches the age of 17 years, at which time, on production of his certificates from each grade, he is eligible to study whatever profession he selects. The doctor selected medicine, as his father, grandfather and great-grandfather had done before him, all the Mendelsohns having graduated in good old Heidelberg.

DR. P. M. MENDELISOHN.

He entered the college in 1876, and graduated in 1880.

In 1881, on account of the army, the doctor left for the United States. On his arrival he took up the specialty of optics, and has followed the profession assiduously ever since, viz: for thirty years. He is well known all over the coast as an authority on optics and has proved his skill before the highest medical authorities on the Pacific coast. The doctor claims not to be a spectacle merchant, but he corrects eyes and furnishes the glasses. He has written a number of articles on the eye, and intends to produce some more work of a similar character.

In conclusion, Dr. Mendelsohn gave the city a compliment. He stated that in all his travels he had not found a city he liked better than Salem, and intends to spend the remainder of his life here. He has established his home at 656 Ferry street for himself, wife and little daughter. His offices, situated in rooms 210-11, United States bank building, are tastefully and conveniently fitted up, and the public can rest assured of receiving the most expert professional attention to the eyes to be found in the state of Oregon.

Thirty years is a long time to be in constant study of the correction of the eyes, while the foundation to his knowledge is of a solidity unequalled in general medical training. He has already fitted many of Salem's prominent citizens, and they are well pleased.

yesterday on the arrival of the 1 o'clock Oregon Electric car. Interment was made in City View cemetery. A short funeral service was held at the Leslie M. E. church, in South Salem, two Portland ministers conducting the services.

ADVERTISING THE ALBANY CHAUTAUQUA

Mr. F. M. French, A. J. Hodges, L. H. Flist and J. C. May, of Albany, were in Salem today in an auto decorated with the Albany Chautauqua colors and banners. These gentlemen are making a trip on the east and west side of the river, advertising the big chautauqua which will be held in Albany, beginning July 7, and for ten days thereafter. Albany has completed a new auditorium, which will seat 3000 people, and they have put out 30,000 pieces of advertising matter for the Chautauqua. Mr. French says that people are planning for miles around to go there to spend a ten-days pleasant camping. Every thing points to fine weather, and a record-breaking crowd is expected.

HONORED HIMSELF AND OREGON (Continued from page 1.)

and two children fled to Oregon, and finally settled in Lentz. There they have lived for 13 years. The boy is now 15 years and the girl 13, and both are being given the benefit of an education. The mother is ill at the hospital, having just undergone an operation. Kilman since coming to Oregon has lived an upright life, and the other day when the Missouri officers found out his whereabouts and came here to take him back to Missouri, the people, his neighbors, who know and love him, rose up against it, and pleaded with the governor not to honor the requisition. Society Not Benefitted.

"I fail to see where the good old state of Missouri or society will be benefited by sending this man back to serve out a penitentiary sentence."

said Governor West after the hearing, in addressing Sheriff Baker, the officer sent after Kilman.

"He has been living an upright life in this state, supporting and educating his family. They need him, and if he goes back it will devolve on the state of Oregon to take care of them. This offense happened 13 years ago, and I presume that by this time the cow has been restored to her owner, and probably given birth to a number of calves, and that after all no one is badly injured."

"What I particularly like about this man is the way he stuck to his family. If there had been a yellow streak in him he would have deserted them when the officers were after him, but he did not, but stayed with them, knowing that he could never cover them up, so that he would not be some day found."

Is Your Porch Useless Half The Day?

Make it a CHARM and a COMFORT ALWAYS

will make the sunniest, breeziest porch an inviting all-day living room, where you can read, sew, play games, or take a nap in perfect comfort. At night, a protected sleeping place for those who sleep out-of-doors in pleasant weather.

Vudor Porch Shades

shut out all sun-glare and wind, but let in ample light and air

They give the insides plenty of outlook, but the outsider gets no inlook. They really add another room to your house, as secluded and private as any and unapproached for healthful enjoyment, at a cost so low that it will surprise you.

The way Vudor Porch Shades are made, accounts for their great superiority. The slats are of tough, straight-grained wood, stained (not painted) in pleasing colors. And the warp is of seine twine, such as is used for fishing nets. They have heavy strips top and bottom, and are supplied with the best possible fixtures. They last for years and do not frizzle out at the ends, nor warp out of shape, as do the cheap bamboo screens.

Anyone who has a screw-driver can quickly put them up. They are easily raised or lowered and may be fastened at any desired height.

We have the exclusive Salem agency for VUDOR PORCH SHADES, also for VUDOR HAMMOCKS. Call and inspect our line. All Vudor Shades hung free of charge.
