## What Newport Offers

Newport is without doubt the most enterprising little city on the coast of Oregon. During the past two years it has made very rapid as well as substantial improvements, chief of which is a modern gravity water system from a pure mountain stream.

The climate of Newport cannot be surpassed on the coast, and no beach can offer as many natural attractions as this charming resort.

The fishing and hunting is excellent, and the bay offers a great place for boating and sailing. There are many fine launches which take picnic parties and moonlight excursions to all points on the bay.

Later in the fall salmon trolling starts on the bay, and for real sport with a hook and line this cannot be beaten.

If you are planning on a vacation you cannot afford to overlook Newport. For information address any of the advertiser on this page or the Newport Commercial Club.

Newport has a modern gravity water system, an electric light plant, and all conveniences which make life pleasant at home as well as at the beach.

Mr. and Mrs. F. S. Dymond have a number of guests from Portland for Cherry Fair visitors.

Old "Dellie" carried off first prize for best decorated horse in Thursday's parade. This animal has been working continually for over eleven years and is still a fine specimen of draft horse, showing what good feed and excellent care will do for man's best friend.

The float representing Brotherhood of American Yeomen, and decorated by a number of prominent women

connected with the lodge, was given first prize for best float.

In the opening parade of the Cherry Fair festival, Chinatown was represented in the manner with a float hung in gorgeously embroidered scarfs of silk, music by native orchestra, pedestrians in their splendid apparel, gaily embroidered; making a most attractive feature.

The usual grand display of Salem's splendid cherries is on exhibition in Marion square. There is no place in the world where this variety of fruit is so excellent that grown right here in our locality.

Mrs. Belle Morrison and her daughter, Mrs. Clarence Morrison, of Seattle, and Miss Sansome, of Portland, are guests of the T. A. Livesley's at Oak and Winter streets.

Mrs. John J. Roberts is resting comfortably and her very many friends will be more than pleased to know of the encouragement given by her physicians.

Miss Mabel Hudelson entertained about fifty members of the Orange club, last week Thursday at the home of her parents, on South Twelfth street. During the business session, the following young people who are yet students of the college, were initiated: Misses Neile Sykes, Joseph Harriet, Gertrude Walling, Dorothy Stenford, Alice Shepard and Mr. Lasky.

Orange punch and Naptuous were served during the evening and the decorations were confined to pennants and flowers of the college colors. Singing of old songs closed one of the most joyous meetings.

Mrs. Walter Eakins and her daughter, Miss Barbara, of Astoria, are the guests of Mrs. Ada Strong and the Frederic Thelesons.

Mr. and Mrs. William Burghardt, Jr., were among guests at a house party on the Fourth of July, given by Dr. and Mrs. Wilson at Collins Springs.

An altogether charming affair was the tea planned by Miss Ruth Wallace for Thursday afternoon.

Great bowls of pink roses and maiden hair ferns under a dairy scheme of decorating. Guests were received on the attractively arranged porch where in line stood Miss Wallace, Miss Hockenberry and Miss Blanche Brown. Here also Miss Helen Krause presided over the punch bowl, assisted by Miss Grace Dalrymple and Mrs. Clifford Brown. Re-

freshments were served in the dining room.

Miss Hockenberry, of Portland, is the house guest of Miss Ruth Wallace at Oakland and Liberty streets.

Mrs. H. G. Terry with her small son and daughter, who have been guests of the W. Melvin Plimpton, returns tomorrow to her home in Portland.

Society was well represented in the automobile parade yesterday. The prize car carried Mr. and Mrs. Clifford Brown. Mr. and Mrs. Chaney Bishop, Mrs. Robert Benham, Miss Gladys Bretherton and was striking in its gorgeous decorations of yellow with the dominant color carried out in costumes and parasols, the men too, complimenting, wearing a touch of the yellow.

Mrs. Cusick drove the second prize car which was exquisite as a white and green motif with daisies and ferns. The occupants, Mrs. Dancy, Mrs. Frank K. Lovell and Miss Hutcheon with Mrs. Cusick were whitened carried cherry stenciled white parasols.

## AN ORDINANCE GOVERNING AUTOMOBILES

LIBERTY COMES TO THE FRONT WITH A PROGRESSIVE BUT REASONABLE BUT JOY RIDERS AND ALL OTHER INSTANTS.

Below is a copy of a recent automobile ordinance passed by the common council of Liberty, governing auto travel on the Liberty road. Owing to the fact that so many accidents have occurred lately and the fact that the road is being rapidly destroyed, these stringent regulations were passed.

1. On discovering an approaching team the autoliter must stop offside and cover his machine with a tarpauline painted to correspond with the scenery.

2. The speed limit on the Liberty road—this will be a secret, and the penalty for violation thereof will be \$10 for every mile the offender is caught going in excess of it.

3. In case an auto makes a team run away, the penalty will be \$50 for the first mile, \$100 for the second mile, \$200 for the third mile, etc., that the team runs, in addition to the usual damages.

4. On approaching a corner where he cannot command a view of the road ahead, the automobilist must stop not less than 100 yards from the turn, foot his horn, ring a bell, fire his revolver, hallo, and send up three bombs at intervals of five minutes.

5. Automobiles must be seasonably painted, that is, so they will merge with nature, and not be green in Spring, golden in Summer, red in Autumn and white in Winter.

6. Automobiles running on this road at night, must send up a red rocket every mile, and wait 10 minutes for the road to clear. They must then proceed carefully, blowing their horns and shooting roman candles.

7. All male inhabitants of Liberty will devote Sunday to chasing automobiles, shooting and shouting at them, making arrests, and otherwise discouraging touring on that day.

8. In case a horse will not pass an

## SAGE AND SULPHUR CURES DANDRUFF

Restores Faded and Gray Hair to Natural Color—Itching Scalp Quickly Stopped.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold.

This preparation is offered to the public at fifty cents a bottle, and is recommended by J. C. Perry, Druggist, Salem, Oregon.

automobile, notwithstanding the scenic tarpaulin, the automobilist will take the machine apart as rapidly as possible and conceal the parts in the grass.

9. Owing to the fact that Liberty is infested with a pack of worthless dog dogs, any automobilist running down and killing one of these purps will be exempt from any fine incurred in doing so and as a reward will be paid \$25 cash, on presentation of its scalp to the mayor of Liberty.

10. In case an automobile approaches a house when the roads are dusty, it will slow down to one mile an hour and the chauffeur will lay the dust in front of the house with a hand sprinker worked over the dashboard.

On conferring with Mr. Burke, the present mayor, he states the ordinance will be rigidly enforced.

One More Railroad.  
And now it is stated that San Francisco and Portland will soon be linked by another railroad, announcement of which was made last week. The Northwestern, which now operates from San Francisco to Willits, will on July 1 operate trains from Eureka to Trinidad by way of Arcata and Samoa. This extension of service will be accomplished by the taking over by the Northwestern of over 20 miles of the road now operated by the Hammond Lumber company from Arcata to Trinidad. This will be initiated a project to build a railroad from Trinidad to Portland.

The line as now surveyed will follow the California coast to Crescent City, a seaport in the extreme northwestern part of the state. From Crescent city it will diverge inland to Grants Pass.

It will be necessary to tunnel the Siskiyou, and must costly engineering is said to be involved. Leaving Grants Pass the line will follow a direct route to Portland along the coast.

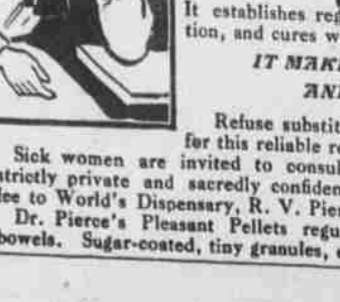

It is designed primarily to be a scenic route. The Northwestern is owned jointly by the Santa Fe and the Southern Pacific. Surveys and estimates for the Trinidad to Portland line have been passed upon by Southern Pacific and Santa Fe officials and work will be rushed.

The Arcata-Trinidad line is owned by the Northwestern and has been under lease to the Hammond Lumber company.—Bondon Recorder.

Bids Wanted.  
Bids will be received up to 10 a. m. July 8th, for the construction of an additional building for the Salem Hospital, according to the plans and specifications to be found at the office of H. M. Post, architect, Gray block.
