

ASSOCIATION PAYS HONOR TO SALEM MAN

W. T. RIGDON CHOSEN AS PRESIDENT BY THE STATE FUNERAL DIRECTORS' ASSOCIATION—SUGGESTIONS MADE CONCERNING FUNERALS.

W. T. Rigdon, of Salem, was highly honored yesterday by the members of the State Funeral Directors' association, when he was chosen president of the association for the ensuing year, at their annual election in the Board of Trade rooms. T. M. Jones, of Central Point, was elected vice-president. W. F. Walker, of Springfield, second vice-president; A. L. Finley, of Portland, secretary; Walter J. Holman, of Portland, treasurer; and W. T. Macy, of McMinnville, state examiner. The executive board will consist of W. T. Macy, McMinnville, chairman; W. T. Gordon, of Eugene; A. R. Zeller, of Portland; H. C. Harlow, of Woodburn; and R. H. Holman, of Portland.

No one was chosen at the election yesterday morning to represent Oregon at the National Association of funeral directors. This delegate will be appointed by the president and secretary of the state association. Portland was chosen as the place in which the next convention will be held.

The following resolutions were adopted at the final meeting yesterday morning:

To the Oregon State Funeral Directors' association:

Gentlemen: We, your committee, appointed to draft resolutions suggestive of a few changes which we believe should be made in the conduct of funerals, would be pleased to make the following report:

Whereas, The people of the state of Oregon, in many localities, are still clinging to the customs of pioneer times, and thereby not in harmony with the rest of the country in funeral management; therefore be it resolved:

First—That it is the consensus of opinion in this association that we should work in every reasonable way toward a strictly private funeral, realizing that occasions that mean so much to the home in its time of greatest distress should be as private as marriage, or any other sacred institution of the home.

Second—That until this ideal is realized we should, in funeral announcements, provide for a time when, if necessary, the body might lie in state a certain time before the funeral services proper begin; and that in no case have the casket opened after the services are conducted, realizing that the feelings of the afflicted friends are too sacred to be paraded or embarrassed by a procession of viewers.

Third—That after the committal services at the grave are held, the casket should be left for interment with the funeral director, sexton or caretaker of the cemetery or a few friends appointed for that purpose, thus avoiding the frequent exposure of the bereaved to the inclemency of the weather, and also avoiding the unnecessary distress caused by seeing and hearing the earth falling into the grave.

Fourth—That, so far as possible, there be no Sunday funerals, when ministers are crowded for time, and as none should be deprived of the privilege of one day of rest.

Fifth—That, with due respect for the dead and careful consideration for the bereaved, all matters pertaining to funerals and interments should be conducted in a way most conducive to the health, comfort and protection of those so deeply concerned at such times.

W. F. MACY, C. TILBURY, W. T. RIGDON.

INSANITY WILL BE PLEADED AS A DEFENSE

When D. Sato, the Japanese, appears before a jury this afternoon to answer to the charge of an assault with a deadly weapon upon the person of Jo Kabara, another Japanese, his attorney, Wm. Lord, will make as a defense to his act a plea of insanity.

The assault occurred on the Clifford hop ranch where Kabara and his wife were working. Sato had also worked there and according to the theory which will be advanced by the state in the trial of the case, Sato was in love with Kabara's wife, and the assault was made on Kabara's person with the view of taking his life and getting him out of the way so that he might devote his attention to the woman. The state will endeavor to show that both men were rivals for the woman's affection in years gone by, and that when Sato met her again at the hop yard the old love came back to him again and even stronger than ever before.

The defense will contend that Sato labored under the delusion that the Kabara's had murdered their baby and that it was his duty to arrest them and take them back to Japan and have them tried for murder. It will endeavor to show that he spent sums of money in trying to bring about their arrest and that when he finally found himself unable to do so he made up his mind to arrest them himself and in endeavoring to do so a fight ensued in which he brought his revolver into play, shooting Kabara.

To Abolish Nickelodeons.

Cleveland, O., Aug. 2.—Abolition of all nickelodeons and the establishment of the moving picture business on a 10-cent basis was debated today in the convention of moving picture managers, which is being held here.

EAST SALEM PROVED POOR SPORTSMEN

GOT DISGRUNTLED AT THE UMPIRE'S RULING AND WALKED OFF THE FIELD—SPOILING A REALLY GOOD GAME.

On account of the evident lack of sportsmanship on the part of the East Salem team in the Twilight League, a good sized crowd was forced to leave the Willamette grounds last night without seeing the ball game which was to have been played between that team and the Railway team. In the third inning, with two men on bases and the score standing 1 to 0 in the street car men's favor, a hit was knocked near the third base. Umpire Erce Kay called the hit a legal ball, while, it is said, the East Salem boys insisted it was a foul.

Like a sensible umpire, Kay refused to change his decision once he had made it. After considerable arguing, the disgruntled East Salem boys walked off the field, forgetting that no life was at stake, but that they had come merely for sport and that the crowd would be sadly disappointed if the game was not finished. The East Salem boys wanted the man who made the two-bagger sent back to bat and also asked for a new umpire. The Ticket Punchers, naturally taking the umpire's decision in the matter, refused to compromise, and the game was forfeited to the Railway team. As far as the game had proceeded it was a good one. The street car men have lost only one game during the evening series. The last game of the Twilight schedule will be played Friday evening on Willamette grounds between the Railway men and the Y. M. C. A. nine.

ASYLUM PLANS NEARLY DONE, CAPITOL NEXT

STATE BOARD WILL SOON ADVERTISE FOR BIDS FOR BRANCH ASYLUM—PLANS FOR ADDITION TO CAPITOL WILL BE NEXT IN ORDER.

Monday will witness the completion of the plans for the Eastern Oregon Insane Asylum building and State Architect Knighton will then begin the work of preparing plans for the additional capitol building to be erected on the block lying just east of the present state house grounds.

The state board, as soon as the plans are completed by the architect will advertise for bids for the construction of the asylum and they will be opened on August 22. According to the architect's estimate the building will be completed in 18 months. For some time workmen have been engaged in excavation on the site and in other ways, making it ready for building operations.

Clearing Site.

Save the property owned by Fletcher Horn, all of the block to be used for the additional capitol building site has been secured. The members of the state board contend that the price he is asking is too high and while he has not yet offered to reduce it the members of the board are confident that when the subject is put up to him in the proper light that a compromise can be reached.

Before building operations begin it will be necessary to remove the residences from the site and plans looking to the accomplishment of that have been perfected and the work will begin soon.

HUNTERS MUST BE CAREFUL ABOUT FIRES

GOVERNOR MAY AT ANY TIME DECLARE THE HUNTING SEASON CLOSED IN CASE FIRES ARE STARTED.

That the forestry department intends to take all measures necessary for the protection of the forests in the state from fire is evidenced by the fact that the announcement was made today that it will be up to hunters of game to use every precaution relative to starting fires or the governor will be appealed to declare the hunting season closed.

Conditions in the forests now are ideal for fire. The leaving of a small fire unextinguished, the dropping of a match or a lighted cigarette may cause a conflagration which the forest rangers will be unable to put out until thousands of dollars worth of timber is destroyed. The department is determined to avoid the repetition of the bad fires of last year; not only that, but to avoid, if possible, any fires and looking to the accomplishment of that end, it is exerting every effort.

Governor West is in sympathy with the work being done by the department and should it appeal to him at any time to declare the hunting season closed he will comply with his wishes. Under the law the governor can by proclamation declare the season closed at any time.

RINGLING BROTHERS IN PORTLAND

WORLD'S GREATEST SHOW WILL EXHIBIT THERE FRIDAY AND SATURDAY, AUGUST 18-19, AND SALEM WILL SEND BIG CROWD

Announcement is made that on Friday and Saturday, August 18-19, Ringling Brothers' world's greatest show will give two performances in Portland.

As in past years, Salem will send its percentage of the surrounding country to swell the throngs. This is the greatest of American circuses in every sense of the word, and an event not to be overlooked by the lovers of wholesome amusement.

For many years the Ringling Brothers have maintained the most popular as well as the best show. This year they are more than ever giving patrons their money's worth. Among the many great attractions under the 12 acres of canvas are Prof. Emory's troupe of trained baby elephants, the wonderful Schuman performing horses from the Circus Schuman, Germany; "Toque," the dog marvel of England, which does a somersaulting performance on the back of a swiftly running horse; the wonderful Alex family of French acrobats; the great Crocker family of rhapsodic riders; the Datorrelli family of Hungarian clowns, once entertainers in the court of the Shah of Persia; the Bonetti family of Italian acrobats; the Castrillon family of Spanish acrobats; the Hodgini family of Italian equestrians, and the 50 greatest clowns on earth.

In the menagerie is found Tiny Tom Tinker, the smallest elephant ever seen in America. In all there are 40 elephants and 1200 other wild beasts, comprising the rarest of zoological specimens. The morning parade is the greatest street spectacle ever devised for circus purposes. There are three miles of it and every mile a mile of wonders.

Ringling Bros.' circus is 28 years old. It began its career as a one-horse affair in Baraboo, Wis., when the now famous brothers were scarcely more than children. In the face of the bitterest opposition it grew into the greatest amusement institution the world has ever known. Its field extends over the entire earth. It has offices in every capital of Europe and Asia and foreign workshops near Liverpool. It employs over 2000 people, 1286 of whom travel with the show.
