### FIFTY MILLIONS A YEAR FOR FLIES.

If there is any slogan, any motto, that acurately expresses the feeling and attitude of the people during the summer months it is "Swat the fly."

All over the country flies are flying and folks are swatting them, while enthusiastic boards of trade and chambers of commerce are offering large sums to those who turn in the greatest number of the dead parasites.

But it remained for Dr. L. C. Howard, chief of the bureau of entomology of the department of agriculture, to point out that there is at least one manufacture—the extent of which is larger than is ordinarily imagined—that will be severely injured if not totally destroyed if all the flies are swatted. It is the fly screen industry, in which there is over \$50,000,000 invested.

According to Dr. Howard, who has made a deep study of the subject, all this money could be saved if systematic fly-swatting was engaged in all over the country.

"Not to speak of saving through the decrease in doctors bills and the infiinitely greater convenience and comfort when these winged pests are done away with," the doctor added. "The country will save an enormous amount of money every year by not having to buy fly screens.

"I have found that there is close to \$50,000,000 invested in these fly-preventers in this country today, and the extermination of the fly will naturally mean the saving of just this amount within the next two or three years.

### TRADING AT HOME.

Have you any town, city or state pride?

Why do you buy out of town?

Boost your town; don't knock or try to kill it,

Why do you buy out of town?

You may think you save money, but do you?

Every dollar put out of circulation here at home makes it just so much harder for you to find another dollar to take its place. Is that saving money?

Your home merchants extends you credit when you need itand you know how often that occurs and for how long you "hang him up"-but when you do your cash buying you send your money to some distant city because some things in which the regular price is widely advertised are sold a few cents lower than the price at home.

And the mail order house makes up on something you do not know about-or on the quality of the goods.

When you buy of a home merchant and find that your purchase

is not up to the standard you can go to him and have it out. Can you do that when you purchase in Chicago?

You may argue that you do not sell your products in this town Perhaps you don't-but could you do so if the town were larger and more prosperous?

Do you think this town will grow if you persist in sending to an out-of-town firm for goods?

And wouldn't your products have a greater sale if we all did our share in calling for "Made in Oregon" goods, all things beng equal?

If people sending their orders to the big mail order houses would spend the same amount of money in their own towns these towns would be growing just as the larger cities are growing.

There would be a larger demand for "Made in Oregon" merchandise, a demand for a larger force of clerks to handle the increased trade and a demand for houses for the new clerks to live in.

There would be a larger demand for farm products for them to live upon, a larger demand for the produce that the average farmer raises and is willing to raise more of, if the demand makes it necessary.

Think it over and see if your trade would not be some help toward bringing about these new conditions.

## STUDEBAKER COMPANY TO **OPEN A BRANCH**

Mr. G. L. Rose and Wm. Cook, representatives of the Studebaker Com-pany, are in Salem, looking up a suit-Charges of compounding a felony pany, are in Salem, looking up a suitable location in which to place a display of Flanders and E. M. F. automobiles. Mr. Rose and Mr. Cook will
handle the E. M. F. Flanders and
Studebaker cars for this vicinity.
Their branch will be part of the
great service department which the
E. M. F. company is organizing E. M. F. company is organizing attempt to show that the grand jury throughout the United States and is "blased, poorly advised and desthey will be directly connected with potic beyond its powers." They will have an up-to-date repair shop, which will repair nothing but cars manufactured by the Studebaker Company, that is, the Flanders. E. M. F. and Studebaker autos. These machines will be repaired for the owner at absolute cost. This policy has been adopted by the company, after considerable study, and means that the owner of one of these cars will have a great advantage in getting his repair work done, or whatever charges, but Judge Bordwell intithe Studebaker Company in Portland. will have a great advantage in getting

# GRAND JURY WILL TAKE UP ALASKA COAL

ICNITED PRESS LEASED WHELT Tacoma, Wash., Aug. 9.-Although Special Assistant United States Attorney-General Townsend has not reached this city yet, it is reported about federal headquarters that the United States grand jury, which is to be impanelled tomorrow, will take up the Alaska coal cases in some new form.

Government authorities are keeping very quiet about the matter, but the rumor is strong that following the charges recently made in Washington against the attorney-general's office, that some new and startling Washington, Aug. 9.—Counsel for prosecutions are to be begun. Townsend has been investigating Alaska land conditions for a year and
