**Double Pennant Game Friday—**  
The baseball game Friday between the O. W. P. division of Portland and the local street car nine, will decide the winner of the pennant. The street car company's league consists of four teams, including the Salem nine. The O. W. P. boys and the local nine are tied for the championship of the league, both teams having played a rattling good game last week which has tied the two teams for the final winning. President Josselyn, and Local Manager Page, of Salem, each have hung up a pennant and the team winning Friday's game, will take both pennants. No doubt this game, the last of the railway league's season, will be a rattling good one and well worth seeing.

**Old Salem Resident Dead—**  
W. T. Rigdon received word yesterday evening of the death in Seattle, Wash., of Rev. G. M. Irwin, a former well known Salem man. Mr. Rigdon had been corresponding with Mr. Irwin up to a short time ago and was surprised to hear of his death. Mr. Irwin was a prominent politician of this city at one time and was defeated for congress on the Republican ticket about 25 years ago. He was 78 years old, and leaves several children, none of whom reside in this city at present. He was superintendent of the Indian training school at Chemawa at one time, and also served as superintendent of public instruction in Salem for several years. A. H. Moeck constable of Grants Pass, arrived in town this morning and will leave this afternoon with Walter Tibbetts, charged with jumping a board bill in the southern Oregon town. Patrolman Whitlatch arrested Tibbetts on the street after seeing a description of the man. Incidentally, Chief Hamilton has among his collection of notables, a photograph of Mr. Moeck which was published in a Portland paper recently. This photo shows a string of steelhead salmon weighing 265 pounds. Mr. Moeck caught 65 of these beauties in the Rogue river in six hours and has won the title of the champion fisherman of Southern Oregon. Out of the six hours' catch he gave away eight and had a photo taken of the string of 57. For bait he used eggs from steelheads. The total catch averaged more than four pounds to each fish and the photograph of the big catch is enough to tempt any lover of the sport to take a trip to the Rogue river.

## STRIKE ON S. P. LINES.

(Continued from Page 1.)  
and the Illinois Central all are waiting for the word. On the Salt Lake road 85 per cent of the men have voted to strike and on the Oregon Short Line 90 per cent. The men in the Galveston shops are so eager to out.

**Try to Avoid It.**  
Chicago, Aug. 24.—Believing that there is real danger of a great railroad strike, labor leaders here today are endeavoring to have the Harriman roads acknowledge the System Federation movement, and thus avert trouble.  
J. W. Kline, international president of the railroad blacksmiths' organization, arranged today a conference with General Manager Kruttschnitt, of the Harriman lines. He will try to induce Kruttschnitt to agree to a joint conference of railway men and labor leaders next week.

**This Looks Bad.**  
Grants Pass, Or., Aug. 24.—Southern Pacific officials at Portland have wired the authorities at Grants Pass for protection to their roundhouse here in anticipation of possible trouble, and, accordingly, Sheriff Smith has appointed two deputies to guard the railroad's property here.

**Kruttschnitt's Statement.**  
Chicago, Aug. 24.—Kruttschnitt made a statement following a prolonged conference with Kline. To the United Press he said:  
"Mr. Kline called upon me with a radical proposition which the company can not and will not recognize. He made representations on behalf of the men, told me what they wanted and discussed the situation with me. I can not say fully what occurred at the conference, but I will say this, that the proposition the employees of the railroads submitted to me is too radical for the railroads to ever grant. My door, however, always will be open to see gentlemen who call upon me on business. I will never refuse to grant an audience to any of our men, but this proposition is too radical."

**Vote to Strike.**  
Sacramento, Cal., Aug. 24.—The result of the recent strike ballots taken last night at the Labor Temple by four of the five affiliated recently amalgamated into the Federation of Harriman Employees to determine whether or not a general strike throughout the system shall be called in the event that the employees' proposed working agreement with the company is not adopted, is today being kept secret.  
Officials of the affiliated unions are particularly reticent in this regard, and will say nothing further than to admit that the ballot was taken. That fully 90 per cent of the men in the local shops, who belong to the federation, voted to strike, in case their agreement is not recognized, is the statement made by those who claim they are in a position to know.

**Albina Votes Strike.**  
Portland, Or., Aug. 24.—Following the refusal of their demands for a wage increase by General Manager J. P. O'Brien, head of the Harriman system in the Northwest, 700 shopmen employed in the Albina shops, are preparing to strike.  
It is said plans had been completed for calling the strike today, but the arrival of a representative of the International Order of Railway Machinists prevented it. Local labor leaders are in conference regarding a strike this afternoon.  
Upon the decision they are expected to reach hangs the future policy pursued by union ship men here.  
The shop men's demands, if granted, would have entailed an additional expenditure of \$344,000 annually by the Southern Pacific and O. W. R. & N., which is also a part of the Harriman system.
