## A. B. GARDNER'S JEWELRY STORE IS BURGLARIZED

**ROBBERS FAILED TO OPEN SAFE,  
BUT GOT AWAY WITH A LOT OF  
JEWELRY ALONG WITH \$50 FROM  
THE REGISTER—TOTAL LOSS,  
ABOUT \$150.**

Burglars broke into the store at 322 State street, which is occupied jointly by the Crown drug store and A. B. Gardner, jeweler, some time during last night and secured \$50 in cash from the cash register of the pharmacy and then broke open Gardner's work desk and plundered it. Gardner has not yet completed a list of the articles he is missing but places his loss at \$100. The police have no clue to the robbers.

When the store was opened this morning Mr. Gardner found jewelry scattered about on the floor near his work bench. Some of the articles were found out in the main aisle of the drug store, showing that the robbers worked rapidly and carelessly. Before leaving the store last night Mr. Gardner placed numerous articles of jewelry in small tin boxes, locked the boxes and then placed them in the top of his work bench, the top of which was closed and locked.

The burglars entered the store through a rear door in the basement and reached the first floor by breaking several boards under the front window and crawling up back of Mr. Gardner's desk which is in the front part of the drug store on the west side of the room. The intruders tried the combination on the safe, but could not work it. The thieves then broke open Gardner's desk, secured the tin boxes and after breaking the locks proceeded to help themselves. It is Mr. Gardner's opinion that they aimed to secure only the most valuable jewelry, which indicates that they were not amateurs at the business.

Among the articles which Mr. Gardner has lost are: Opal quartz brooch

oval shape, gold mounting; ladies gold watch chain, yard long; agate heart charm; gold ring, three emeralds, doublets; agate brooch, gold mounting; Elk charm, gold mounting, bearing inscription "335," which is the number of the Salem lodge of Elks. The jeweler's list is not yet complete.

Mr. Rings left the drug store about 9:30 last night. The robbers shoved in a door in the rear of the basement and walked through the basement to the front part of the building. The pharmacy is located a few doors east of the Bush bank and patrolmen are usually in this neighborhood at all hours of the night. The Western Union Telegraph office, which is open until 1 o'clock or later at night, is across the street and a little to the west.

Three saloons are open until midnight in the same block, and the White House restaurant, which is open all night, is just a few doors east on State street. Mr. Graber left a box of matches on the counter last night back of the cash register. The robbers used some of these matches while working in the front of the room. Mr. Graber, who formerly was interested with Theodore Roth in the grocery business, was robbed on a previous occasion, while in the grocery business.

Chief Hamilton stated this morning that he had no clues to the perpetrators of the burglary up to 9 o'clock this morning.

## PREPARING TO FORFEIT THE FRANCHISE

Preparatory to instituting legal proceedings to forfeit the franchise of the Portland, Eugene & Eastern Railroad company, Mayor Eastman has called a special meeting of the council for this evening for the purpose of passing an ordinance repealing the ordinance passed by the city granting the franchise to the railroad company. The city attorney, together with additional counsel employed by the city, for a week or more have been looking up legal authorities as to the procedure to be taken to forfeit the franchise. They finally decided that before a suit was filed in the court that it would be necessary for the council to pass an ordinance repealing the one granting the franchise, and that is the reason of the special meeting. A soon as this is done complaint asking for the forfeiture of the franchise will be filed in the circuit court.

**Grounds of Annulment.**  
The grounds upon which it will be sought to have the franchise declared forfeited are that the company has not complied with its terms in providing a street car service on Center street, and also in failing to install its line on Front street; and also in failing to provide the required size of rail on the Center street track.
