## "BABY MINE" NATURALLY IS A "HOWLER"

Manager Waters announces that he has completed arrangements with Wm. A. Brady, Ltd., whereby the production of "Baby Mine" will be brought intact to the Grand on Wednesday, September 27, coming direct from opening the new Cort theater at San Francisco, where "Baby Mine" scored a phenomenal success.

This necessarily means a great deal to the theatre-goers of this city, inasmuch as Mr. Brady is sending the New York company, which has played almost continuously for an entire year at Daly theatre. So successful has this comedy been in New York, that Sir Charles Wyndham, of the Criterion theatre, London, England, made a remarkably quick trip over, saw "Baby Mine," and immediately secured the "howler," as the advance notices in the London papers describe it, for opening on February 22, last, at his London play house, where it scored a tremendous hit. Mr. Brady has been overwhelmed with foreign offers for this great success, and before many weeks it will be played in every language on the face of the civilized earth.

The thread of human interest and roving fun from a seemingly endless vein, so offered in the sensational comedy, "Baby Mine" is the reason of its utter success. The profound praise, from people in all walks of life, who enjoy sterling fun and laughter, has immediately followed the presentation of the comedy in this country and London.

"Baby Mine" is surrounded by everything to create continuous merriment and good-natured mirth and liberal comedy luxurates through the play. Enthusiasm is aroused at the start with the unfolding conditions occasioned by a very young and precocious but innocent wife. Energetic humor and vociferous laughter are the important facts at all times. The machinations and manipulation of well-meaning but ill-advised friends of the young wife who has been awakened to the importance of "sweet motherhood" to bring about a reconciliation, with an excited husband, generates many supremely amusing and side-splitting conditions.

The fun and pleasure is genuine, and joy never feasted higher than that which followed the conditions provoked by witnessing "Baby Mine." It will be at the Grand Wednesday, September 27. Be there.

### BOOSTER BANQUET WAS GREAT. (Continued from page 1.)

of the speakers, and if enthusiasm and boosting speeches can be relied upon as a guide, it begins to look now as though the committee's plan to launch a campaign for the endowment fund which shall reach all four corners of the state, will be realized.

T. S. McDaniel, president of the board of trustees, acted as toast-master and he wittily introduced the speakers. The first speaker of the evening was C. B. Moore, of Portland. He maintained that the school since its establishment had contributed at least five million dollars to

the city. He significantly compared this with the contributions made by the city of Salem for the institution.

Denouncing the rich high schools of learning for the intemperance and vice prevailing in them, Bishop Smith made an eloquent and masterful address.

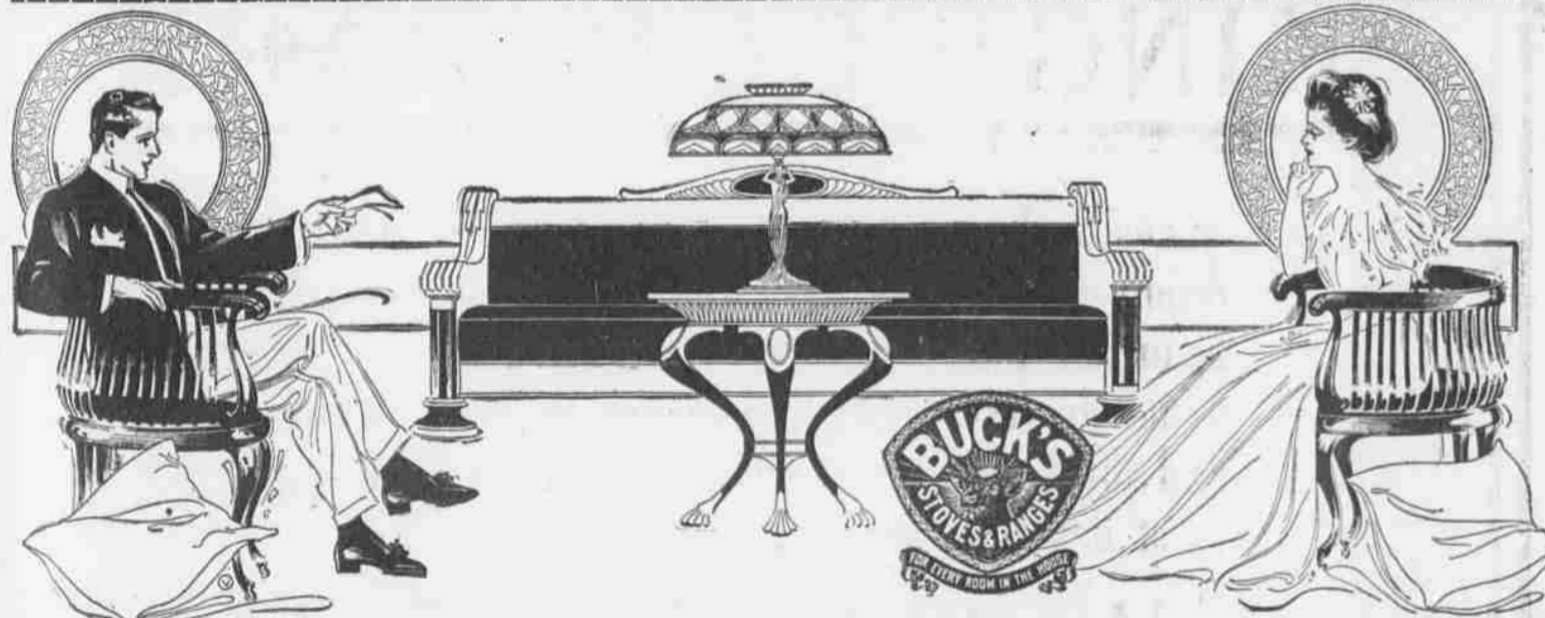

"I seriously question," he said, "the usefulness of the wealthy institutions of higher learning and I was not surprised when I read Crane's attack upon them. The article may have been exaggerated but I warn you now that there was enough truth in it to challenge the attention of the nation. When you consider that the many sons of wealthy

men attending these institutions, have nothing to do but spend their money and have no responsibility so far as the future is concerned, it is not surprising to find conditions of intemperance and vice prevailing. Smoking, drinking, carousing and vice are characteristics of these institutions to an alarming degree and the hope of the young man today is the christian colleges."

"A campaign for an endowment of \$550,000" was the subject of the speech of Dr. Fletcher Homan, president of the school. There was an old endowment fund of \$125,000, he said; \$100,000 have been promised by Senator Booth; \$50,000 by James J. Hill, and \$80,000 has been sub-

scribed, making \$355,000, and leaving but \$195,000 to be raised. Thousands he stated, were already in sight.

Other speakers of the evening were: State Treasurer Kay, R. J. Hendricks, R. W. Raymond, of Portland, Rev. C. O. Kimball, of Walla Walla, Senator Booth, of Eugene, Congressman Hawley, Dr. Todd, and Dr. D. A. Hay, of the Garrett Biblical Institute.

### OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company, of New York, put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you. This preparation is offered to the public at 50 cents a bottle, and is recommended and sold by all druggists. Special agent J. C. Perry.
