

COMPANY AND CITY COONCIL MAY SETTLE IT

For the purpose of ascertaining whether a settlement can be effected between the city and the Eugene, Portland & Eastern, with relation to the latter's franchise in the city, a special meeting of the city council will be held this evening, and it may be that the differences existing between them will be settled.

There is now a suit pending in the circuit court for the forfeiture of the franchise, and, unless a settlement is effected tonight, a decision will be rendered in the case tomorrow. Judge Galloway, after listening to the evidence, took the stand that both litigants were at fault, and advised them to get together and settle the dispute if possible.

As since the council voted to forfeit the franchise a few new developments have come to light, it may be that the members will be influenced by them and rescind their action on condition that the railway will agree to the performance of certain conditions in its franchise which it has failed to perform.

SOME TROUBLE IN STORE FOR CORPORATIONS

That in the near future he will prepare a list of all corporations which have failed to submit their annual report and instruct the district attorneys of the various judicial districts to commence suit against them was the announcement made this morning by Corporation Clerk Babcock, of the office of secretary of state.

The law specifically says that the corporations shall submit their annual report to the corporation department and upon failure to do so, they shall be subject to a fine. With the view of enforcing this penalty, the corporation clerk intends commencing the suits.

GOVERNMENT TO PROSECUTE LUMBER TRUST

Denver, Colo., Sept. 27.—That the government's prosecution of the lumber trust is to be thorough is indicated here today by the fact that the entire new prosecution is modeled along the same line as the original suit brought in New York and instituted by the federal court here.

Federal Judge Lewis has ordered that all information be withheld but it is known that the big lumber interests of the country are affected. The heads and those responsible for the lumber concerns alleged to be operating under the sales and territory agreement are to be prosecuted for criminal conspiracy, restraint of trade. Corporations, as such are also to be proceeded against when the papers are prepared by the department of justice.

ADVOCATES THE RECALL OF JUDGES

[UNITED PRESS LEASED WIRE.] North Yakima, Sept. 27.—Organizations with an aggregate voting membership of upwards of 100,000 men and women are directly and indirectly represented in the Federation of Farmers and Workmen formed here yesterday for the promotion of progressive political measures.

The organization will wage a vigorous campaign for the adoption of pending constitutional amendments providing for the initiative, referendum and recall, and demand of candidates for the next legislature that they pledge themselves to submit a constitutional amendment giving the people the power to initiate amendments to the constitution. It also urges the next legislature to submit a constitutional amendment providing for the recall of judges, a provision which was excluded from the pending recall amendment. When the conference was called, and even up to the time when it was assembled, it was hardly anticipated by those participating in it that it would be possible to get these big organizations together on a general political program. An effort to do so was made two years ago, and again last year, but on account of conflicting political interests it was impossible to consolidate on any other issue than the endorsement of Miles Poindexter for the United States senate. Their action on that occasion was the foundation of the big Poindexter victory

at the polls which followed last November.

The great political power of this movement can be best appreciated when it is understood that the new movement is much more strongly cemented together, and starts off with a much better working organization than was ever perfected in the Poindexter campaign, which swept Washington last year like a prairie fire. Throughout the conference here, which lasted for two days, all discussion of candidates for office was religiously excluded, it being quite generally accepted that it was too early as yet to take affirmative action as to candidates.

Children Cry FOR FLETCHER'S CASTORIA

MAY EFFECT THE COST TO CONSUMERS

The expected change in the marketing of livestock at the Chicago stockyards when the selling bureau of the Texas Cattle Raisers' association is opened has produced suppressed anxiety among commission houses as to what will happen to them as result of the protection proposed against the alleged combine of buyers for Armour, Swift, and the other big packers. The advent of this selling bureau at the stockyards will be of peculiar interest because about the same time the federal case against the packers will come up for trial, all devices to protect themselves, cotton growers having proposed to hold their crop for 15 cents a pound. The reported success of the cotton growers to finance their plan, \$75,000,000 having been offered. It is said for the purpose, has put a quietus on the assertion that the capital of \$3,000,000 could not be secured by the cattlemen. In fact, the selling agency may be broadened, it is said, into a buying bureau for members also and become a potent factor in the livestock world. "It develops that the canning factories pay \$7.00 to \$9.00 a ton for tomatoes, 3 1/2 to 4 cents a dozen for sweet corn, 10 cents a gallon for peas and everything else in proportion," said an advocate of "co-operative" buying. "The farmers gladly plant crops at these prices when sold in advance on a contract which makes sales sure."

FOWLER IS STILL HUNG UP BY WINDS

[UNITED PRESS LEASED WIRE.] Emigrant Gap, Cal., Sept. 27.—Owing to a strong southern wind which swept the western slope of the Sierras here today, Aviator Robert G. Fowler was unable to make his contemplated start across the continent. In addition to the wind, masses of low clouds obscured the summit, making it impossible for the aviator to follow a course. Fowler's biplane remained in the open all last night, and this morning was coated with frost. To prevent freezing the water in the radiator was drained off last evening. Fowler said, if the atmospheric conditions are satisfactory this afternoon he may make a start, but he thinks the chances are better for the trans-flight in the morning, and consequently may wait until tomorrow for his next attempt.

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and an enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.
