GIVE GOVERNOR WEST A CHANCE.

The newspapers harp on the few men who have abused the confidence of Governor West in his prison policy. But they should consider the betterment of conditions for the hundreds who do not run away. No system of prison policy but would be subject to attacks and possibly not work perfectly. Give Governor West a chance to try his way of dealing with prisoners, and then pass on his four years. It should be remembered that, barring the one Portland banker, the men in the state prison are poor men. They are unfortunate and castaway class of citizens who have no educational or social advantages. It is easy to win applause by boosting the interests of the favored portions of the social structure.

DALLAS APPRECIATES RECIPROCITY.

The Dallas Itemizer has a howl about "reciprocity" that amounts to a squeal that Salem people did not attend the Dallas fair by the thousands. They complain, and with some justice, that Salem, with a cheap and easy means of railroad travel, did not go to their first annual county fair. It will be recalled that away back last spring the Salem bunch to the tune of about a hundred and fifty got a special train one evening and went to Dallas and tried to warm up Dallas a little, but dear old Dallas just got away off in one corner of the bed and we could not touch her. There was not a word of good cheer or reciprocity from the people of Dallas, and the newspaper men gave the whole visit a frost. But it is good to see that you are sitting up and noticing the value of reciprocity, and Salem is ready to show great gobs of it where we can find out that it is wanted, and next year we will try and take in your fair. What do you say to meeting us half way at a big reciprocity booster meeting at Independence?

A POOR TIME TO STRIKE.

After about eight years of high-class prosperity there is to be a general strike on the railroads. This is a poor time to precipitate a strike, in the face of a long winter, with labor unemployed. There are about two men for every job in the country, and the strike will not add a single day's work. It is true the high cost of living is a problem, but the high cost of labor is also a problem for the employer. The result of the San Francisco city election shows that the people generally do not appreciate dictation. Labor organizations must pursue conservative methods, and be willing to consider the rights of employers. The laborer with a home and a family and a stake in the community is entitled to liberal treatment. But the time is past when employers can be intimidated by floaters, tramps, professional bums or agitators.

SUPPORT THE Y. M. C. A. WORK.

Business men could well afford to support the Young Mens Christian Association with membership. A business man is always an animal of more or less sedentary habits—getting soft and logy in his physique. Any man who is behind the desk or counter all day should hit the gymnasium or the wodge two hours a day. The punching bag would keep a man from broadening out amidships and getting the camel hump at fifty. The night classes for different kinds of professional work are a good place to brush up mentally. Many a man could be in business for himself if he would move forward with his equipment educationally. The Salem Y. M. C. A. has one of the best gymnasiums and educational departments in the state.

BREAKING DOWN CHEMAWA.

Edwin L. Chalcraft superintendent of the Indian Training school at Chemawa, near Salem, who was suspended April 27, pending an investigation of charges preferred against him by his assistant, W. P. Campbell, has resigned from the service. Proper result all around.—Burns news. The end of the game is not yet, but there is a fight on to still further cripple Chemawa. It is known that when the Salem school is weakened the one at Puyallup is to be built up. There has never been a better worker for the welfare of the Indian children than Superintendent Chalcraft. The business men of this city should realize that there is a deep laid scheme to cripple Chemawa. It will bear watching and this community should not be caught sleeping on its post of duty to Chemawa.

WHY NOT ADOPT THE PEDEE PACE.

A Salem wag, just for a joke, but who hit about right the pace Salem autoists set on some of the streets of the capital, saw a sign posted on one of the corners which read: "Automobile speed limit 12 miles an hour." He changed it to read 42 miles an hour and the autoists have not increased their speed around the corner, indicating that he has hit off about the gait at which the autoists travel in that part of the city. It corresponds with the flights indulged in on some of Eugene's streets at times when no officers are in sight.—Eugene Register. At Salem the speed limit is twelve miles an hour. At Independence the speed limit is ten miles an hour. At Monmouth the speed limit is eight miles an hour. At Peedee the speed limit is probably six miles an hour. Why not get Salem and Eugene into the Peedee class? In a small town like New York there is no speed limit.

Rheumatism

Is A Constitutional Disease. It manifests itself in local aches and pains—inflamed joints and stiff muscles—but it cannot be cured by local applications. It requires constitutional treatment, and the best is a course of the great blood purifying and tonic medicine Hood's Sarsaparilla which corrects the acid condition of the blood and builds up the system. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

PUBLIC SCHOOL WORK IS WELL UNDER WAY

The Salem public schools have got down to regular work in all departments. There was a rally at the assembly hall of the high school Thursday, at which chairman Moores, of the Board of Education was present.

City Superintendent Powers presided and reviewed the courses of study offered, including the teacher's training course, which is equivalent to the first year's work at the state normal school.

Miss Price made a fine presentation of the domestic science work, the full equipment for which has arrived, and the classes are being formed. Miss Price was busy all day Saturday installing her dishes, pots, kettles and pans. Janito Lowrey was helping wash dishes like a good fellow.

At the rally Prof. Davis, of the commercial department, made an address on the value and importance of that work, and announced lectures on the history of commerce.

Principal Kirk aroused interest in the athletic work and showed the need of getting busy on football, to be able to meet the Eugene high school team.

Joe Kaiser and Harold Hager are showing up in good form as the managers of the Clarion.

A defective glue was discovered in the high school walls that may be dangerous.

IS NOT ENOUGH MONEY FOR THE INSTITUTION

Because of the failure of the state legislature to appropriate enough money for the maintenance of the feeble minded institution, the new dormitory to be erected for the school will likely remain unerecited until that body convenes again. The legislature appropriated \$25,000 for the construction of the dormitory, and plans are now being drawn for it, and it is badly needed, too, as there is a large waiting list for the institution. The legislature cut the maintenance fund of the institution, however, so that there is not more than enough now to carry those confined in it, and as a result the new building, if completed will be unoccupied until an appropriation is made by the next legislature.

A SKIN TIGHTENER TO REDUCE WRINKLES

(From Popular Medicine) In beauty culture, as in the treatment of disease, the tendency nowadays is to seek the removal of causes, rather than to treat symptoms of effects. In the matter of wrinkles, for instance, we know that the lines or furrows are caused by the skin becoming loose in places, so it does not perfectly fit the flesh beneath. The skin then "wrinkles" or sags. Naturally the proper thing to do is to tighten the skin—make it fit—then there's no room for lines, wrinkles and folds, and no surplus skin to sag or bag. The best known formula for the purpose is: Saxolite, 1 oz. in 1/2 pint witch hazel. Use as a wash lotion. The effect is truly remarkable, especially as results are immediate. Ask the druggist for the powdered saxolite, which dissolves more quickly than any other form.

Y. M. C. A. CLASSES OPENED WITH A LARGE ENROLMENT

The Salem Y. M. C. A. opened its year's work with a monthly rally Sunday afternoon. There was a large attendance, and many prominent citizens sat on the platform. A fine address was delivered by State Secretary Ivan B. Rhodes. It was a practical appeal to make religion a reality in the daily life.

Walter Jenks presided in a very pleasant manner and introduced the different numbers on the program.

Miss Mary Schultz played a violin solo, and displayed fine technical training and brilliant execution. She also joined with Frickey in a duet.

Mrs. Hugh Bross Pinnel sang a beautiful solo, "My Redeemer," that would have won her applause and a recall on any other occasion.

All the Y. M. C. A. classes open this evening and all the regular work in the gymnasium starts today with a large enrollment in both departments.

CASCARETS FOR A SICK, SOUR STOMACH

Gently but thoroughly cleanse and regulate your stomach, liver and bowels while you sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means indigestion; a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they cure indigestion, because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

FOR AGED PEOPLE.

Old Folks Should Be Careful in Their Selection of a Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of those who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence, or other disagreeable effect. Price, 50c, 25c, and 10c. Sold only at our store—The Rexall Store—J. C. Perry.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas medicines made with mercury merely dry up the secretions and leave you no better than you were. In a word, Ely's Cream Balm is a real remedy, not a delusion. All druggists, 50 cents, or mailed by Ely Brothers, 56 Warren street, New York.
