THE DANGER OF HOLDING HOPS.

The Capital Journal advises all hop growers to close out their crop for 1911 at thirty cents or over. A number of times we have seen growers almost ruined by holding their hops for speculative prices.

BROADENING REFORM WORK.

The Capital Journal believes one of the greatest movements of the times is the broadening and "practicalizing" of reform work. We all want to be in the big hallelujah chorus in the next world, but we ought to be inspired with a desire to make this world better.

It is high time some one was thinking about a big arched concrete bridge across the river at the foot of State street. That is one of the biggest things for the development of Salem and West Salem that can possibly be worked out.

WEEKLY CAPITAL JOURNAL FOR HOME SEEKERS

The Capital Journal has opened its annual fall campaign for home seekers for Oregon. The first step has been to print a weekly edition devoted to giving correct information about our city and Western Oregon.

Thousands of copies have been going out to Eastern people inquiring about the soil, climate, products and opportunities for location in Oregon. If you have a good story about your soil and will send it to The Capital Journal we will see that it goes to the people who want just such information.

TO DISCUSS PROVISIONS OF CHARTER

Committee of Business Men's League Invites All in Doubt as to Any Provisions of Charter to

COMMUNICATE WITH IT

The One Object is to Have the Charter Thoroughly Understood by Every Voter Before Election Day—It Desires It Understood That It Will Not Try to Impress Its Views on the Charter, But Simply Will Endeavor to Explain Any Matters of Which Voters are in Doubt.

The committee appointed by the Business Men's League of the city, for the purpose of having the proposed commission form of government charter thoroughly discussed and explained, so that every voter could cast his ballot intelligently, knowing and understanding what it meant, and the changes it would make in the governing of the city, submits below a message to the voters.

A Message to Voters. The charter committee, consisting of Hal D. Patton, August Hucklestein and Rollin K. Page, desires to state that it has agreed and undertaken to have all communications that may be sent to it concerning the charter question, answered and discussed as completely as possible through the columns of this newspaper.

The committee will endeavor to act as a sort of clearing house between now and election day for the purpose of receiving questions and comments and having them answered or discussed by men who are properly informed upon the points raised, and in as much as the proposed charter is a substitute, it may be expected that it must be open to attack and the articles logically will therefore be defensive and explanatory in their nature.

The committee desires to state that its personal views on the questions will not be given publicly, and that where persons furnishing answers or comments will permit, their names will be used. Under no consideration will any personalities be published, as it is necessary that the discussion should be dispassionate and intelligent.

Notice of Intention to Construct a Sewer to be Known as "Lateral Sewer District No. 2"

Notice is hereby given that the common council of the city of Salem, Oregon, deems and considers it necessary and expedient and proposes to construct a sewer to be known as "Lateral Sewer District No. 2," and that there shall be laid 8-inch vitrified or concrete sewer pipe along the street between blocks 2, 3 and 4 and block 1 and certain acreage property in the Pleasant Home Addition to the city of Salem, Oregon; also along the street between blocks 4 and 5, 3 and 6 and 7; thence in a north-westerly direction to High street; also a connecting line between blocks 2 and 3 of said Pleasant Home Addition; said sewer shall be constructed at the expense of the property directly benefited and according to the maps, plans and specifications adopted for the same and on file at the office of the city recorder, which said plans and specifications are hereby referred to for a more detailed description of said sewer.

This notice is published for ten (10) days by order of the common council of the city of Salem, Oregon, and the date of the first publication thereof is the 18th day of October 1911. CHAS. E. ELGIN, City Recorder.

Never Out of Work.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, languor into energy, brain-fog into mental power; curing constipation, headache, chills, dyspepsia, malaria. Only 25 cents at J. C. Perry's drug store.

What thoughts do we get from the money expended in taxes. Isn't it about time we were able to answer that question?

ARRANGE FOR EXCURSION TO EUGENE

With the view of sending a monster crowd of rooters to the annual football game to be played with the Eugene high school at the grounds of that school on October 28, the athletic management of the Salem high school has made arrangements for a special excursion train, and tickets are now obtainable by any one desiring them.

The round trip ticket is \$2.15, and the plans call for 200 people. The students are selling a combination ticket—one covering the railway fare and also admission to the game and which can be obtained for \$2.45. The tickets may be secured either at Hauser Brothers or Watt Shipley.

OREGON HAS EVER-BEARING APPLE-TREE

SEEDLING ORIGINATED IN THE WILLAMETTE VALLEY HAS BEEN BOUGHT BY A NURSERY COMPANY.

For a number of years at the apple shows branches of an ever-bearing apple tree, with ripe apples and blossoms on the same branch have been exhibited and attracted the wonder of the visitors. This tree originated in this valley, and was sold the other day for \$600. It is a great natural curiosity, and so far as known, the only one of its kind in the world. It is a seedling which grew up in a fence corner on the farm of David E. Junkin, 10 miles southeast of Albany. It is now 10 years old, and for several years has borne ripe fruit from May to November of each year, having blossoms, green fruit and ripe fruit all on its branches at the same time during the summer. The apples are of good quality, the tree which is to have all its products for 10 years. The tree will be left in its present situation, and the company will utilize it in securing buds and scions, in an effort to propagate the "ever-bearing" variety.

X-RAYS AND SMILES.

A South Bend, Washington, Lumber company, is building cottages for its lumberjacks, with bath rooms attached. Next move will be starched collars and patching on their handkerchiefs. Thus doth civilization knock the sharp corners off and ameliorate the acerbities of the work ingman's life.

One more home run knocked out by Baker and Philadelphia will have a presidential candidate that will make Taft, Wilson, La Follette, Clark, "et id omne genus" look like 30 cents worth of chicken feed.

The supreme court holds that a man is not insane so long as he can tell right from wrong. By the rule of "E. Converso," a man that can't tell right from wrong is insane. Query: Which are insane, Republicans or Democrats?

The Oregonian claims that Governor West simply aped Bowerman. In fact, stole that gentleman's ideas concerning a purchasing agent for state institutions. It also says the plan is a failure. Not a very torrid endorsement of Bowerman. Is it.

J. A. Crossey was paroled from the pen Friday, but asked to be permitted to stay in one day longer. He had just \$23 in pocket, and it was Friday, the 13th of the month, with a comet in sight. He thought the combination too heavy for him to tackle.

The yellow jackets in Rogue river valley are eating the grapes, and the ranchers are setting out ripe water-melons as an extra attractive course. It is better to be a yellow jacket than a hobo.

The Weyerhaeuser own 167,000 acres of timber land in Klamath county. So much that they feel entirely unable to pay taxes on it, especially if it is taxed at anything like the value the company places on it.

"Kermik Roosevelt is hunting in the wilds of Canada for the national museum," says and exchange. Don't the blamed fool kid know it isn't there?"

ILLUSTRATED LECTURE AT HIGH SCHOOL

How the human race has kept itself supplied with bread from the day when "Adam delved" and "Cain was a tiller of the ground," down to the present day of combined harvesters and steam plows is shown in an illustrated lecture to be given tonight in the high school auditorium, by Calvin Thomason, a news correspondent of this city. Slides of the first crude agricultural implements used by Oregon pioneers forms an interesting feature of this lecture.

IS ELECTED MANAGER OF THE DEBATES

Albert Minton, a member of the senior law class, was elected debate manager by the student body of the Willamette University yesterday. Frank O'Conner, Ray Smith, Grace Edgington, Robert Minton and Prof. J. T. Mathews were elected debate council.

The debate timber in the law department, as well as the university proper, this year is splendid, and it is expected to put out debating teams to represent both. Last year the law school was the only department sending out a team which could meet the larger institutions.

Danderine

Grows hair and we can prove it

Hair Becomes Soft, Fluffy, Lustrous and Beautiful Immediately After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

A little Danderine now will immediately double the beauty of your hair—No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and riance, the beauty and shimmer of true hair health.

Try as you will after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few week's use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its life-producing properties cause the hair to grow abundantly long, strong and beautiful. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it, if you will just try a little Danderine. Real surprise awaits you.
