

"CHECKERS" CAPTURES SEATTLE

THE POST-INTELLIGENCER PAYS THE COMPANY ON THE BACK AND PRONOUNCES THE PLAY A FIRST CLASS ONE.

The Seattle Post-Intelligencer of Tuesday has the following strong endorsement of "Checkers," which will be presented at the Grand next week: "Checkers," after circumnavigating the greater part of Washington and a small slice of Oregon, arrived in Seattle yesterday afternoon, train weary but in time to open for the evening performance at the Seattle last night. The scenery was not quite so fast, and some of it didn't arrive until the last moment. The result was that the audience was kept waiting for the curtain for nearly half an hour.

That the wait was well worth while the audience soon showed, for hardly had the old-time favorite gotten under way than the applause and laughter began and it kept up until 11:30.

If the company suffered any ill-effects from its roundabout wanderings from Ellensburg to Seattle, the performance last night successfully hid the fact. It went with the snap that has kept "Checkers" a favorite all the years it has been on the boards.

Herbert Cavanaugh has the role of Checkers and handles the character of the decent-hearted young gambler well. Florence Heston was a sweet, girlish Pert Barlow. Her irascible and close-fisted father, as played by Joseph Wilkes, was the best piece of character work in the performance. The "Push" Miller of Dave Brasham was good all the way round. He was as glib a tout as ever saw one coming. George E. Merritt was a good "Uncle Jerry" and the other roles were well handled.

There was a large audience at the

Seattle last night to greet the belated performers and the performers pleased them mightily. "Checkers" is too old a show to need any recommendation of itself. It has always made good and it is not losing any popularity at the Seattle this week.

SOME LOCAL ITEMS FROM PRISON PAPER

The following are clipped from Lend-a-Hand, the prison magazine, as a sample of the locals.

Another month nearer the big front gate!

November 30th, the big end; oh, joy!—Van.

"Cros," formerly in charge of the printing office, left for good last week.

The price of coffee is still beyond the reach of working men in the shops, hence the return to the simple life.

"Pat" figures on leaving after he gets the chicken nests all built, or about December 1. But he did not say what year.

The kindergarten class is increasing rapidly. The whole bunch should be lined up and kicked out—this is no place for children.

What is the matter with the head flunkie. Is it possible he is in love? Waereupon the second flunkie smiled and hurt his face.

Dusky Bert, late of Tacoma, is some on mathematics, but he can't find a certain number with which to divide 3 years. Try 1.

Woodburn Elects City Officials.

At a meeting of the city council of Woodburn Tuesday, the following officers were elected: City attorney, H. Overton, who has been very active during the past year in the prosecution of the Bachelors' club; Captain F. G. Maginnis was elected street commissioner and city engineer. Heretofore the office of street commissioner was separate from the city engineer's, and had been filled for two years by Captain Eugene Mosherberger. The action of the council in so doing was to cut down expenses, as the expense of running the city during the past year was in excess of the revenue derived from all sources.

One way to make people respect you is by starting in and showing them that you are respectable.

SALEM AND ALBANY TO MEET TODAY

If any of the belief that Salem high school students were not possessed of a healthy football spirit, that notion must have been completely drowned out last night, for they made more noise in their big football rally for today's game than a squad of I. W. W. With horns, cowbells, tin pans, tambourines and numberless other noise-producing articles, several hundred enthusiastic high school pupils paraded the streets of Salem, and made the echoes ring with their clamor.

After doing all the acoustics possible down town, the crowd, headed by four or five large automobiles, did the "serpentine" up State street to the Willamette football field, and there held a rally that would put a "crimp" in anything that the Willamette students could do. Why, the high school rooters, spoke, sang and "boiled" just as if they meant it. If the team has as much "pep" as their rooters, there won't be a look-in for Albany.

Today is the big game of the year for the high school. They have won some victories and suffered some defeats, but these are all forgotten in their anxiety for the coming contest. Both teams are reported in the best of condition, and it will perhaps be anybody's game until the final whistle is blown. If confidence alone could win, there would be no need for the battle, for each team thinks it is going to play rings around the other. Well, perhaps so, but anyway, it will be sport to watch them.

WILLAMETTE ALL READY FOR THE BIG GAME

Billy Booth is again at the quarter position on the Willamette football team, and the backers of the old school are shouting for joy. There are plenty of good quarterbacks, but only one Billy Booth. If he had been behind those field goals at Corvallis, the story of that game would have made interesting reading for Willamette. He has already put new life into the squad, and the amount of work he and Coach Swetland get out of the men is marvelous. His long and forced absence from practice has put him in the best of condition, and he is ready to play the game of his life.

Captain Blackwell is also "getting the hang on the ropes." His passing no matter what the distance, is absolutely perfect. In their interest to watch the "play," spectators often overlook the man who must get the ball to the right place at the right time. Blackwell is the only center in the Northwest who has the spiral pass worked down to perfection. When he passes, the ball does not wobble from side to side, or turn over end in a confusing manner, but the ball comes fast and true with a swiftly revolving motion which helps it bore through the air to the right place. When he Billy Booth, McRae and Francis "pull off" some difficult play in a professional manner, even Coach Swetland comes out of his shell and looks pleasant.

Every coach has his peculiarities, and Coach Swetland's is that he never tells the team that it is going to win. Overconfidence is the chiefest of sins in his football almanac, and whether or not he believes it himself, he always tells the men that they will probably be beaten by a 30 to 0 score. He says it with such a straight face that the men believe it themselves, sometimes, and this accounts for the nervous manner in which they go into nearly every game. They always come back strong in the second half, however, because the coach has made them believe that the score should have been the other way.

When the team goes into the game on Thanksgiving day it will be a perfectly balanced machine, and the best of it is that there are several "cogs" on the side lines that can go into any place that is weak. When the game is called Willamette will be strong enough to beat any team in Oregon, and those who wish to see a real football treat will be present before the first whistle is blown.

U. OF O. MAY PLAY MULTNOMAH ON THANKSGIVING

[UNITED PRESS LEASED WIRE.] University of Oregon, Eugene, Ore., Nov. 24.—The athletic council and the executive committee of the University of Oregon met this afternoon to decide the fate of the Oregon-Multnomah football game, which was scheduled for Thanksgiving day.

The sentiment about the university is decidedly against the proposed game on account of the death of Left Guard Noland, who was burned to death by an electric coat.

It is believed, however, that the game will be played.

Minister Married Jap Couple.

Tacoma, Nov. 24.—When Rev. R. H. McGinnis, Episcopal, formerly missionary in Japan, united T. Kimura, a wealthy Japanese gardener, and Miss T. Hayashi, of Tokyo, it was announced that this was the first time a Japanese couple had been married by an American minister in the Northwest.

Maybe money talks, but we never noticed any garrulity in it.

PROF OSLER RIGHT YOUTH ALWAYS SUCCEEDS AGE

Oeler isn't the only man who turns down old age. In the business world the young man is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair; and the manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at 50 cents a bottle, and is recommended and sold by all druggists.—Special Agent, J. C. Perry.
