STILL ALIVE STILL ON TOP, IS MESSAGE

STEAMSHIP TEES THIS MORNING HEARD CALLING FOR HELP—"IS ON ROCK AND IN GREAT DANGER", SAYS THE CALL.

Seattle, Dec. 2.—Somewhere in the thick fog of Kyuquot Sound, Vancouver Island, is the Canadian Pacific steamship Tees, Captain Gillum, with 42 persons aboard in imminent danger of going to pieces on the rocks.

Several vessels are creeping through the fog hunting the vessel and unless they reach her quickly she will be lost.

The "S O S" signal of distress reached the United Wireless station here last night, the first word received from the vessel since she went on the rocks Wednesday morning. "Come quick, vessel stranded on a rock and in great danger," read the message.

Then "Still alive, still on top," followed. The station asked her location but there was no answer.

This morning wireless stations heard her call again.

The United States revenue cutter, Tahoua is searching the treacherous waters for the Tees, as is the Canadian Pacific tug Nanoose.

OLCOTT NOTIFIES HIMSELF

One of those little technicalities, dear to the heart of all governments, was manifested at the state house this morning, when Ben W. Olcott, acting governor, wrote Ben W. Olcott, secretary of state, advising him that the pardon of J. W. Norris had been revoked by himself. The letter follows:

Ben W. Olcott, Secretary of State:
Dear Sir: I advise your office that, in accordance with and because of information conveyed to me, that J. W. Norris granted a conditional pardon July 21, 1911, has violated the terms of his pardon in Portland, I have this day revoked said pardon, in accordance with my instructions, and pursuant to said revocation Norris has been taken into custody, and will be returned to the penitentiary to serve out the unexpired portion of his term. (Signed)

BEN W. OLCOTT, Secretary of State and Acting Governor.

Up to November 30, the Harriman people have had 29,450 people in their lecture rooms. Have had to turn hundreds away during the rush hours. People finding both lecture halls filled, turned to other parts of Coliseum, thus far they have delivered 231 lectures and opinion growing that it is not only the most attractive but best business feature of the show.

BANKER IS INDICTED FOR FORGERY

Corvallis, Or., Dec. 2.—Two indictments were returned against James Evans, alias James Evers, by the Benton county grand jury yesterday. Evans has been in jail here since early in November, following an investigation on the part of depositors and stockholders of the condition of the First State Bank of Philomath, of which he was cashier.

The first indictment returned yesterday accuses Evans of forging a note for \$400 payable to the Philomath Creamery Company, a corporation in which Evans owned the controlling stock. The note was indorsed to the Philomath bank.

In the second indictment the defendant is charged with swearing to a false report of the general condition of the bank on September 16.

Evans will plead to the first charge today and to the second Monday. It is expected that there will be other indictments returned against Evans tomorrow.

A Dreadful Wound
from a knife, gun, tin can, rusty nail, fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica Salve to prevent blood poisoning or gangrene. It's the quickest, surest healer for all such wounds, as also for burns, boils, sores, skin eruptions, eczema, chapped hands, corns or piles. 25c at J. C. Perry.

HEATING STOVES

That are Guaranteed to Give Satisfaction

Our Stove Department contains the largest and most complete line of heaters to be found in Salem. Prices range from \$1.25 up

Below are shown cuts of three of the best sellers, which we carry in all sizes:

| The Opal | The Carbon | The Capital |
|---|---|---|
|  |  |  |
| Opal Heaters hardly need an introduction in Salem now. People have a habit of telling their neighbors when a stove suits them and most of our Opal sales are made through this medium. The Opal is built throughout of the best material obtainable, the body being thick polished steel and the bottom, top, lining and door best grade heavy cast iron. All nickel is fine grade and very plain and smooth, making the stove one that is easily kept clean. | We carry Carbon heaters for burning both wood and coal. The construction of the wood burning Carbon is similar to that of the Opal. The coal burner is fitted with good heavy grates and extra heavy cast iron firepot. All Carbons have large mica doors in front, giving the effect of an open fire and are neat and free from superfluous trimmings. | All Capital heaters are carefully constructed of high grade material and are guaranteed fireproof and proven fuel savers. They are built to give years of service and with proper care will do it. For appearance, utility, service and price, these stoves can't be duplicated elsewhere. Call and look them over. We'll be pleased to show you. |

If you have a fire-place, our well-assorted stock of plain and antique brass andirons and fire-sets will interest you. A pair of andirons makes a very acceptable and enduring Christmas gift

SOCIETY

(Continued from Page 3.)

Thursday from Portland, where she visited for two weeks with her daughters, Mrs. W. R. Bishop and Mrs. W. L. Bryant.

Mrs. Hal Patten, who returned from the Springs about two weeks ago, is steadily improving and has every encouragement for an entire recovery from the severe attack of rheumatism.

The Nachen Verein will meet with Mrs. Stanley Morgan this afternoon in her apartments on North Commercial street.

Mrs. S. D. Ryan and her daughter, Miss Esther Ryan, dined with the George M. Posts on Thanksgiving day.

That Mr. and Mrs. Chas. D. Ford are now settled in their beautiful new county home, "Fair Oaks", will be of interest to their many Salem friends. Their new home built along the latest burgalow lines, is one to be proud of and is indeed artistic in every architectural detail as well as in its elegant interior furnishings and decorations. "Fair Oaks" lies just beyond the state fair grounds in a natural oak grove which adds a further charm to the place especially when viewed from the Silverton road. The Fords are to be commended upon this move in building their beautiful home outside of the rapidly growing and already crowded portion of the city and their action will no doubt be followed soon by others.

The Red Cross stamp sale is opened today by the Salem Woman's club. The federated club has the agency for the state and the funds derived from the sale of stamps will be used in tuberculosis work.

A Charming Woman
is one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c at J. C. Perry.

the federal probe of the McNamara case there. He refused to name the men whom he alleged were being protected, but he expects further revelations in Indianapolis, he said.

"The McNamara" confessions should be the death blow to organized labor," he added.

Moyer's Statement.
Denver, Colo., Dec. 2.—Charles F. Moyer, president of the Western Federation of Miners, made the following statement here today.

"The McNamara brothers' acknowledgment of guilt will give the cause of labor a temporary setback but only until the rank and file can prove that individuals, not the unions are on trial. I think there is something deeper in these confessions than the labor movement can grasp now.

"Likely as not, pressure has been brought to bear by the forces of the opposition. Surely the confessions at this time hardly give to labor its just due. Yet, if the admissions are true, such exposures must sooner or later clear the atmosphere of the labor world."

FREDERICKS GIVES DETAILS.

rather have tried it than taken a plea," he said.

When the district attorney was asked whether he had been asked to consent to a plea of guilty by McManigal and then urge sentence be suspended so he could be taken to Indianapolis to testify in the federal proceedings there, he said he did not care to discuss the matter. Later however, he made a decidedly significant statement in this connection. Asked whether he would now make public the details of the secret confession of McManigal, he said:

May Go to Indianapolis.
"Well, if as you suggest he might be taken to Indianapolis, it would be improper for me to make his statements public now."

Fredericks was asked whether he had certain California labor leaders under surveillance, one in or near St. Louis, he said:

"All this is a matter that I will not talk about. If I was to tell the press that I planned to prosecute certain people, it would be tantamount to notifying these men in person."

"There are some things a lawyer would not say."

Judge Bordwell was asked regarding a report, widely circulated that sentence might not take place on election day because of the crowds that might be attracted to the court-

a result of his experiences in the present case he would retire from law practice and that his example would be followed by Darrow.

Darrow has repeatedly assured his friends that this was his last case. He is worn and ill today, and declared he had nothing to add to his statement of yesterday.

Davis Will Defend.
"I did my best; that is all I can say," he said.

"Davis was asked whether he would defend Bender, Maple and Connors, the three union men accused of having tried to dynamite the Hall of Records here when their case is called on December 11. He said that he did not know whether he would or not, but it was learned that he would do so.

Deputy District Attorney Horton declared that this case would be forced to trial on time unless the men "take a plea."
