Not employed at Salem's large Department Store. We have a duty to perform, a certain dignity to uphold, along the lines of legitimate Merchandising. Barnstorming ideas tabooed. We never stoop to misstatements, inflated prices or any such methods. Cheap looking, glaring advertising cannot attract the conservative classes. No such methods can ever attain the high standing which Salem's Good Goods Store enjoys in the community. We stand back of everything we say. Better qualities sold by us for less money.

## CHALCRAFT IS SUCCEEDED AT CHEMAWA

Edwin L. Chalcraft will be succeeded as superintendent of the Chemawa Indian training school near this city by Harry D. Wadsworth, for the past ten years Indian agent at Shoshone, Wyoming. Mr. Wadsworth has been in the service for a long time, first as a clerk and then as agent. Mr. Chalcraft will go into the service at some date in the future in Oklahoma.

This is the result of the charges preferred against Mr. Chalcraft by Assistant Superintendent Campbell last year, and as a result of which Campbell lost his position.

## OREGON SUPREME COURT DECISIONS

(Continued from Page 4.)

The court in the verdict, from a legal standpoint, adds nothing thereto, and detracts nothing from the meaning thereof. It might with propriety be claimed that this verdict verges toward the mongrel type, and we do not approve it as a model. We again mention that we do not consider whether there were any prejudicial errors in the trial of the cause or not, or even consider the instructions, except in so far as to discern if the verdict is in conformity therewith, as the learned counsel do not request a new trial.

There was no error in overruling the motion to discharge the defendant and the judgment of the lower court should be affirmed, and it is so ordered.

## WANTS STATE TO PAY HIM FOR HIS INJURIES

Secretary of State Okamoto today is in receipt of a bill from the Portage Railway company amounting to \$48, which is claimed as damages incurred by Cyril Boothby as the result of one of the state railway trains running over his foot and crushing it to the extent that the member had to be amputated. This is the first claim of the kind ever submitted to the state, and the secretary is holding it up for further investigation. It is the general rule, however, that in cases where state employes are injured the expense of caring for them falls upon the state.

## NEGRO KILLS FATHER AND FOUR OTHERS

Rochester, N. Y., Jan. 10.—Telegrams from Scottville, a mill town near here, says that William Pyeman, a negro, ran amok there today, killed his father and Deputy Sheriff Birmingham, and seriously wounded three other persons. Then he fled with a posse in pursuit.

A detachment of the local militia and a detail of police have been sent from here to Scottville. There is an unconfirmed rumor that the negro killed five persons in all.

I can cheerfully recommend them to all sufferers for kidney and bladder trouble." Foley Kidney Pills will cure any case of kidney or bladder trouble not beyond the reach of medicine. ## CHINESE CELEBRATE TWO WEEKS

AFTER THIS YEAR, BY ORDER OF THE CHINESE PRESIDENT, CHINA WILL ACCEPT OUR DATES AND KEEP BUT ONE DAY, JANUARY 1.

When seen by a Journal reporter today, Dr. Hum, the Chinese physician, told him the Chinese New Year would be celebrated the same as usual this year, from the 15th to the 30th of January, but that next year they would celebrate one day only, January 1st, the same as Americans. This is an order which has been sent out by the new president of China, and it would have gone into effect this year, but the Chinamen could not be reached, so it is to take effect the first of next year. Dr. Hum is highly pleased.

**Some Good Plays**—The Virginian at the Grand Monday night drew a good house, and pleased all who saw it. It is a great play and was greatly played. Manager Waters is making a record for the Grand by the class of uniformly good plays produced there. He gets the best and only the best, and has some good ones booked. Watch for the dates.

**The Clark Shooting**—Nothing has developed in the matter of the shooting of Attorney Clark at the capitol yesterday morning. Clark returned to Portland yesterday, but before leaving conferred with some of the justices of the supreme court concerning the matter. He is firm in his belief that the shooting was connected with the Wilde case, and asserts that an attempt was made to open a box expressed by him to Portland, and containing exhibits in the Wilde trial.

**It Shows Publicity**—It develops now that the statement made by Morson concerning the Deschutes Land company was confidential, and was given to State Treasurer Kay, a member of the board, with the understanding that it was not to be made public—hence Mr. Kay has returned it to him. Governor West took the stand that it was a public matter, and should be dealt with publicly, but it seems that publicity is not desired by the company. It is a pretty safe guess that what the company does not want the public to know is not particularly creditable or beneficial to the company. If it won't stand publicity, it certainly needs investigation.

**Champ Clark of Missouri**—Will lend the Democrats to success. He is not a calamity howler or a great campaign orator, but all men, like himself, are in favor of nothing but the very best, the most successful of all smokes—LaCorona 10-cent cigars. "Made in Oregon."

If you have not already made up your mind to attend, do it now, or you will miss an event that marks a new era for Salem.

**Must Stand Trial**—Governor West today approved requisition papers for the person of Frank C. Smith, alias Dr. J. C. May, of Seattle, who is in jail at Portland on a charge of embezzlement against him by Nellie K. Bell, of Los Angeles, who entrusted about \$4000 with Smith to loan out for her. He secured a power of attorney from the lady, and then got away with the funds. Smith has been in jail for some time, and has taken steps to get habeas corpus proceedings, on the ground that he is not being given a speedy trial.
