SIX DIVORCES GRANTED AND MORE IN MILL

Six divorces were ground out by Judge Galloway Monday afternoon, and he was still busy grinding out more this afternoon.

The cases in which decrees were awarded yesterday were: Ina E. Collins vs. Hiram Collins; Jessie B. Wilson vs. John B. Wilson; Albet Fink vs. Katie Fink; John Hauptman vs. Elsie Hauptman; Ethel Knauff vs. Joseph Knauff, and Peter Zollner vs. Martha Zollner.

Through an arrangement between Judge Galloway and Judge Kelly all naturalization cases hereafter will be heard on the first day of the term of the former. Heretofore Judge Kelly has had charge of these matters.

PUSHING THROUGH BIG DEAL

(Continued from page 1.)
"Salem, Ore., Jan. 20, 1912.
"Being advised that the matter of selecting a site for a canal and locks at Oregon City is soon to come up before the board of review at Washington, I wish to advise you that the state board of canal commissioners, after thoroughly going into the matter, has recommended the purchase and enlargement of the old West Side locks. I firmly believe that this action is necessary in order to bring about a speedy opening of the river, and therefore, ask that you kindly appear before the board of review, and urge such action.
"OSWALD WEST,"
"Chairman State Canal Board."
Not only has this telegraphic correspondence taken place, as above outlined, but the secretaries of the Commercial clubs at Hillsboro, Forest Grove, Carlton, Woodburn, Silverton, Eugene, Independence, Dayton, McMinnville and Newburg, as well as the secretaries of the Business Men's leagues of Lebanon, Brownsville, Willamans, The Dalles and Junction City, Ore., have sent similar telegrams to our senators and congressmen in Washington, thus showing that the movement for free lockage at Oregon City is widespread throughout the state, even amongst towns not on the river at all, on the principle that what aids the merchants and manufacturers in one city, is of general benefit to all.

GAS, INDIGESTION OR DYSPEPSIA GO IN FIVE MINUTES

Why not get some now—this moment, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapain to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapain costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare your food the same as a sound, healthy stomach would do it.

When Diapain works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to take a little Diapain. Tell your druggist that you want Pape's Diapain, because you want to become thoroughly cured this time. Remember, if your stomach feels out of order and uncomfortable now, you can surely get relief in five minutes.

COMPLEXIONS FLAKED OFF AT HOME

(From Pilgrim Magazine.)
"The girl with the poor complexion complains, 'I have to touch up my cheeks. I am sallow and a sight, and only my makeup saves me.'
Now, as a matter of fact, more women spoil their good looks than improve them with cosmetics. The practice certainly is inexcusable, now that the virtues of ordinary mercuric wash have become known. The mercuric in the wax has wonderful absorbent powers. It causes the faded or discolored scarf skin to flake off in minute, almost imperceptible particles, so gently, gradually, as to cause no inconvenience at all. In this way the old complexion is actually removed—likewise all fine lines, pimples, blotches, moth patches or other surface defects. A new complexion appears—a clear, smooth, youthful, healthy—had skin such as no paint, powder or lotion can produce. An ounce of mercuric wax, to be had at any drug store, is sufficient. It is applied like cold cream."
Here is a remedy that will cure your cold. Why waste time and money experimenting when you can get a preparation that has won a world-wide reputation by its cures of this disease and can always be depended upon? It is known everywhere as Chamberlain's Cough Remedy, and is a medicine of real merit. For sale by all dealers.

INQUIRING INTO CAUSE OF THE WRECK

(UNITED PRESS LEARNED WIRE.)
Champaign, Ill., Jan. 23.—Vice-President Parks and Assistant General Manager Foley, of the Illinois Central railroad, today are investigating the wreck at Kinnusdy early yesterday, which resulted in the death of James T. Harahan, former president of the road and three other railroad officials. Experts of the Interstate commerce commission and the warehouse commission are participating in the investigation.
Officials of the Illinois Central assert that the wreck would have been averted had Henry Brooker, rear flagman of train No. 25, performed his duty, and flagged train No. 3.

THE WOMAN IS INSANE ON SPIRITUALISM

San Diego, Jan. 23.—The reading of the long deposition of Mrs. Mary Hastie, who for a time is alleged to have controlled Mrs. Harriet P. Thurston, was continued in the Thurston will case this morning. Much of this deposition is almost un-

canny, dealing with the so-called spirit messages from the dead.
Seven days were required to read the document, but it was declared that the reading of the deposition would be completed when court adjourns this afternoon.
"My mind is pure and when the mind is pure you can see these things," the deponent declared.
Mrs. Hastie then told how impressions from the mystic sphere had affected her personally. She declared that she had an affliction of the spine, but that a hand was placed upon it, and she was cured.
"Was there any person in the room at this time?" she was asked.
"I was alone," was the answer.

THINKS LAKES ARE VALUABLE FOR THEIR SALT
Confident that the salts contained in Summer and Albert lakes, in Southern Oregon, can be placed on the market at a profit, both to the state and the company he represents, C. M. Seize appeared before the state land board today, and asked that the lakes be leased to him for a period of 40 years.
He stated that he was willing to pay the state a royalty of 10 per cent of all salts taken out of the lakes, and guarantees that it will not be less than 50 cents a ton on table salts and \$1 a ton on all other salts. He agrees within two years to install the necessary plants, and says that back of him he has capitalists in New York who are willing to put up \$3,000,000 in the venture.
If the lease is awarded him, he says that the work of building the plants will be commenced by June of this year.

Head down in a pit under a burned mill, the body was found. A card in the pocket bore the name given. A watch in his pocket and the shoes he wore came from Bingham, Utah.
