First La Grippe, Then Bronchitis. Such was the case with Mrs. W. S. Halley, McCleary, Ky. My wife was taken down with a severe attack of la grippe, which ran into bronchitis. She coughed all the while she had consumption and could not sleep at night. The doctor's medicine gave her no relief and I was advised to try Foley's Honey and Tar Compound. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure. Mr. W. S. Halley says he is prepared to answer all inquiries promptly.
