EASILY BREAKS A SEVERE COLD

Pape's Cold Compound is the result of three years' research at a cost of more than \$50,000, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.
It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.
It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.
Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects, as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

HUNDREDS ATTENDING MEETING

(Continued from page 1.)

representatives arrive they are taken to individual homes, where they will be entertained during the three days that the convention is in session. Never before has this association planned anything so elaborate, and the affair is proving a huge success. At this afternoon session the delegates will be greeted by L. V. Graves, for the convention; Rev. C. W. Stewart, for the city of Salem, and Governor West, for the state of Oregon.
Saturday will be one of the most important days of the entire session. The morning will be devoted to the study of the organization and its purpose. In the afternoon W. F. Reagor, who is one of the most prominent orators of California, will deliver his famous lecture entitled "The Dynamic of Efficiency." Mr. Reagor is a speaker of rare ability and holds his audience spellbound by the hour by his wonderful magnetism and forceful delivery. He has been characterized as "a big man with a big idea ably presented." A banquet will be given to the visiting delegates by the members of the organizations of the city at 6 p. m., after which a general reception and get-together meeting will be held.

THE STATE HAS LEASED THE LAKES

The State Desert Land Board yesterday afternoon decided to award a lease on Summer and Albert Lakes to C. M. Sain, representing Los Angeles capitalists.
The bed of both lakes, according to Sain, are valuable for the salt and soda they contain. The lease is for 40 years, and he agrees to pay the state a 10 per cent royalty on every ton extracted. He agrees to commence evaporating by 1913, and two years after the lease to place on the market 100,000 tons annually. It is estimated that there are 40,000,000 tons of salt and soda in the lakes. The state will reap a royalty of 50 cents a ton on the salt and \$1 on the soda. He will furnish a \$50,000 bond to carry out faithfully the lease.

CHARGES OF GRAFT IN MULTNOMAH

[UNITED PRESS LEASD WIRE.]
Portland, Ore., Feb. 9.—Charges of graft in the expenditure of Multnomah county funds, which involve the county commissioners, county clerk and county judge, brought by the Portland Daily News, will be investigated by a committee appointed by Governor West.
This was assured by the governor today, when he promised a committee representing the East Side Business Men's club that he would appoint the committee, and see that the charges were probed to the bottom.
County Judge Cleeland, one of the officials involved, said that the officials would welcome an investigation, and would pay for an expert to go over the books.
The last county grand jury made a partial investigation of the charges, and recommended that the succeeding grand jury continue the probe.
The newspaper charged graft in connection with the construction of the Multnomah county court house, a million dollar structure, the purchase of furniture for the county poor farm, sale of county property for sums under their values and handling of county road funds.

FIND LETTER FROM TOOZE.

(Continued from page 1.)

that the matter was entirely public in its nature, and that we wanted Salem people to attend as they would attend any other public affair given in Dallas; and further I asked him to so explain to Mr. Chapman, which he promised to do. Being very busy with arrangements for the event, I gave the matter no further thought, believing that everything would be all right, until Tuesday evening, when I found that no Salem people had come over.

Had I known that the matter of the issuance of formal invitations was all that was standing in the way, such invitations would surely have been issued, for I certainly did want to see Salem well represented over here, feeling, as I do, that the time has come when a more friendly and neighborly feeling between the two cities must be fostered, for the benefit of both places. As it was, there were no Salem people here at all, with the exception of Captain Abrams and the officers of his command. And I might now add further that if there has been any mistakes made, or if anyone has done wrong, the blame must be laid entirely upon my shoulders, for no other person or persons, organization or organizations of this city had anything to do with these two affairs, except myself and the military company that I command.

Before concluding, I might add further, that possibly the misunderstanding mentioned above may have been caused by an informal invitation the second lieutenant of my company extended to the members of Company M last fall to attend the dedicatory exercises in this city. This invitation was informal in its nature, and amounted practically to an announcement and nothing more. I knew nothing whatever of this until very recently.

Trusting that this may clear up the situation somewhat, and regretting very much that such a misunderstanding should have taken the form and shape it did, and assuring you that only the best of feeling prevails in Dallas toward Salem and Salem people, and that at the dedication of your magnificent new armory building Dallas will be represented, and with kind personal regards, I am, etc.

SOCIALISTS DISAPPOINTED IN GERMANY

[UNITED PRESS LEASD WIRE.]

Berlin, Feb. 9.—Hopes of Socialists throughout Germany that a representative of their party would be elected to the presidency of the reichstag were shattered, when Herr Spahn, a Catholic centrist, was chosen for that office over August Bebel, a Socialist, by a majority of 10 votes.
The defeat of Bebel was a bitter disappointment to the Socialists, who had predicted that members of other parties would support their candidate in sufficient numbers to insure his election. The Centrists are jubilant over Spahn's election, claiming that it means they will continue in control of the reichstag, despite the large gains made by the Socialists in the general election in January.

Purity in Pastry means Cottolene
Hogs are not cleanly—hog fat is always under suspicion—and lard is nothing more or less than hog fat.
Cottolene as a frying and shortening medium is just as far ahead of butter or lard as the automobile is in advance of the bicycle, or electric light preferable to gas.
Cottolene is a vegetable shortening—made from pure, refined cotton oil. It may cost a little more per pound—but you need to use only two-thirds as much. It is better and more economical.

FOR READERS OF CAPITAL JOURNAL

After March 1st all subscribers who receive The Capital Journal through the United States mails are hereby notified that after the above mentioned date all subscriptions will be strictly cash in advance. The Capital Journal's subscription list has been growing so rapidly that it has been practically forced to make this change over to the immense amount of book-keeping required to keep an open account for as small sums as a newspaper subscription. Hereafter about two weeks before a subscription expires the subscriber will be notified by postal of the fact, and on the date the time is up the paper will be stopped. We trust our subscribers will make this notice in the spirit in which it is meant (merely a change in our business system) not a personal matter and help us carry it into effect.

For the benefit of those who may wish to pay in advance for a year we will make a bargain day rate of \$3.00—good until March 1, 1912. Pay your subscription up to March 1st at regular rate, and then \$3.00 for the year in advance. This offer is also good for subscribers who get their paper at suburban stores in Salem. After that date the regular price will be in effect—\$5 a month, three months for \$14.00, \$4.00 a year.

Taking this opportunity for thanking you for your past subscription, and trusting we will have the pleasure of renewing it, we remain, with best wishes,

victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, back-ache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that as T. D. Pebles, Henry, Tenn., proved. Climate Failed—Medicine Cured

It has been absolutely shown that rest, fresh air, and good food do help many persons suffering from Tuberculosis. But to be really honest it must be admitted that the disease is seldom more than "arrested." Something more is needed. Eckman's Alternative is the medicine made for the cure of Tuberculosis. It has cured this disease again and again. Often these cures have been offered where no intelligent care was taken of the patient, where money was wasted; good food and good cooking unusual—yet cures resulted. Now we argue and urge that Eckman's Alternative should be used in every case of Tuberculosis in addition to good, nourishing food and fresh air, which we all need.

The facts—the evidence of cures that have been made—are interesting reading. A remarkable cure follows—Widdiss, Ill. "Gentlemen—Through Eckman's Alternative I have been saved from a premature grave, and, feeling that I might benefit suffering humanity, I take pleasure in writing you a brief history of my ailment, which you are at liberty to use."

"On December 14, 1904, I was taken with Typhoid Fever. My lungs became very much affected; my sputum was examined and Tubercle Bacilli were found. On February 21st, 1905, was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I took pleasure in becoming very much enfeebled. My physician informed me that I must go to Colorado as quickly as possible. I left Texas June 1st, and arrived in Canon City June 30, very feeble. After being there two weeks, my physician informed me that nothing could be done, as my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive."

"On July 14, 1906, I began taking Eckman's wonderful remedy for Consumption. It having been highly recommended. Today I weigh 165 pounds. I am stout and well, and do any kind of work about my grain elevator. I have not an ache or pain in my lungs, and well sleep well, and never feel as if I were going to die. I have taken with Tuberculosis took Eckman's cure." (Signed) ARTHUR J. ARTHUR, WEBB, Okmulgee, Oklahoma, Electrician in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upholding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and J. C. Perry.

First La Grippe, Then Bronchitis.

Such was the case with Mrs. W. S. Bailey, McCreeky, Ky. "My wife was taken down with a severe attack of la grippe, which ran into bronchitis. She coughed as tho' she had consumption and could not sleep at night. The doctor's medicine gave her no relief and I was advised to try Foley's Honey and Tar Compound. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure." Mr. W. S. Bailey says he is prepared to answer all inquiries promptly. The Sound Sleep of Good Health

The prompt use of Foley's Kidney Pills will dispel backache and rheumatism, heal and strengthen sore, weak and ailing kidneys, restore normal action, and with it health and strength. Mrs. M. E. Foley's Kidney Pills have my heartiest endorsement." Red Cross Pharmacy (H. Jerman).
