STAND BY SILETZ SETTLERS

Convinced that with the present construction of the bill of Congressman Hawley which passed congress, two years ago and the object of which was to give relief to the homesteaders on the Siletz reservation that the homesteaders will be deprived of their land, Governor West and every state official maintaining offices in the state house from the basement to the garret today sent a telegram to President Taft requesting him to make an investigation of the ruling made with relation to these lands by the interior department.

The rulings are with relation to the residence, improvements of the land, and its character, principally the latter. The interior department is construing the homestead laws strictly, a thing which the Hawley bill was designed to avert. About 300 settlers are involved.

The telegram sent is as follows: "To the President, Washington, D. C. The undersigned earnestly request that you kindly look into the rulings of the Department of the Interior in the matter of the application of the Hawley bill recently passed by congress.

The Hawley bill was passed with the view of giving homesteaders on the Siletz Reservation relief from certain strict interpretations of the homestead law, but owing to other and similar interpretations of this relief measure, the settlers are losing their homesteads and are being deprived of the benefits of their hard-earned savings and years of labor.

The only hope of these early settlers for justice at the hands of the government lies in the interpretation of the Hawley law, according to the spirit which prompted the introduction and passage of the measure, and these men and women appeal to you in the trustful belief that you will see that they get a square deal and that the rights which are theirs as American citizens, will not longer be denied them.

SAGE RESTORES GRAY HAIR TO NATURAL COLOR

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at 75, while our mothers are gray before they are 50. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company, of New York, who has placed on the market a superior preparation of sage, combined with sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair; when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

First La Grippe, Then Bronchitis. Such was the case with Mrs. W. S. Bailey, McCreary, Ky. "My wife was taken down with a severe attack of la grippe, which run into bronchitis. She coughed as tho' she had consumption and could not sleep at night. The doctor's medicine gave her no relief and I was advised to try Foley's Honey and Tar Compound. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure." Mr. W. S. Bailey says he is prepared to answer all inquiries promptly.
