The young people were married Sunday evening at the residence of the bride's parents on South Fourteenth street. Smashed a Car-- Last night as the California express, which passes here at 9:56, was entering the station grounds, it collided with some freight cars in such a way as to disable the locomotive and partly demolish one freight car. The northbound freight was at the depot grounds and the locomotive was doing some switching and in some way one car was left so that it projected over the main track to such an extent that it was struck by the locomotive of the incoming passenger train. The passenger train was running as a double header.

Bridge to Start Next Week-- Word came from L. Gerlinger, Sr., president of the Salem Falls City & Western railway, that work on the new railroad bridge will be commenced during the coming week. With a local service from the west side to Salem, Kingwood Park will grow like a weed. Low taxes, pure water, reasonable restrictions, high grade improvements, delightful surroundings are going to make Kingwood the most popular district around Salem. Abated a Nuisance-- Many complaints have been made about the condition of a slaughter house or pig pen conducted by some Chinese at a point of Mill creek just south of the penitentiary and County Health Officer J. O. Van Winkle investigated the same with the result that he ordered the proprietor to tear it down or burn it down. The Chinaman accordingly set fire to it and destroyed it. Residents of that locality are now rejoicing over the abatement of this nuisance as the refuse from the hog pens was dumped into Mill creek at that point and the waters were thus very badly contaminated.
