Roth Grocery Co.

A Socialist Egg—R. R. Ryan says he has a hen that has laid an egg 7 1/2 in. by 9 in., weight one-quarter pound. This beats the Black Minorca story of yesterday.

Interest Keeps Up—Interest still keeps up in the meetings at the Y. M. C. A., conducted by the Municipal Improvement League, and at the meeting today there were 60 church workers present to take part in the discussions and partake of luncheon.

Will Marry—A marriage license was issued at the county clerk's office yesterday to Lewis W. Gulas, age 66, of Woodburn, and Mrs. Clara Evelyn Thompson, aged 60, of the same place. The wedding will take place on February 7, 1912, at Woodburn, Oregon.

Appointed Guardian—An order was made yesterday in probate court, appointing Veronia Cadwell guardian of the person and estate of Percy Cadwell, an insane person. The bonds required are \$250 and Frank Smith, Frank Mann and W. Hiron as appraisers of the property.

Got His Tricycle—The tricycle which Mrs. R. L. Harris reported to the police Saturday as lost, was recovered yesterday by Chief of Police Hamilton from a little boy on State street, who said that it had been given to him by a small boy in the downtown district Saturday evening.

Made Administrator—N. E. Cole was yesterday appointed administrator of the estate of Ralph T. Preston, deceased. Mabel Preston, 16 years, Cora Preston, 14 years, and Maud, eight years, all of Portland, and half sisters of the deceased, are the heirs at law. Property to the amount of \$200 is to be divided among them.

Hanser Bros. Move—Hanser Brothers have been busy the last few days moving into their new store just south of the old location. This room has been recently remodeled and altered and a large brick addition built at the back and now the above named firm has one of the largest, if not the largest, store in the state devoted to the sale of sporting goods. Hanser Bros. also have a store in Albany.

Will Probated—The will of Isabel M. Ewing was filed in probate court February 26, 1912, in which property to the amount of \$1500 was bequeathed to her son, Lewis B. Jackson, who was made executor of the will without bond. The appraisers named by the court are G. M. Fry, John Scholl and M. B. Kronling. All the parties are from Hubbard, this county.

The Wheels Skidded—Quite a bit of excitement was caused on State street yesterday by the skidding of an automobile. Oscar Johnson was driving his Overland west on State street opposite the court house, and attempted to make a complete turn in the street. The street at this point was very slick and the back wheels skidded and threw the machine against the curb in such a way as to completely demolish one of the rear wheels. No one was hurt and Mr. Johnson considers himself as fortunate that the accident did not result more seriously.

A Motor Car Service—It is reported on good authority that a motor car service will commence March 1, 1912, from Airline to Salem. The route chosen is by way of Independence and Mouth and Dairy, over the S. P. lines. There will be two round trips daily, but the schedule is not available at this time.

Outlook Is Good—A. E. Finley, the Center street plumber, returned yesterday from Corvallis, where he has an interest in a sand, gravel and cement industry. Mr. Finley reports everything in a prosperous condition there and looks for a good business for his company this summer.

Broke His Wrist—Last evening about 5 o'clock, as Mrs. Joseph Baumgardner and some other ladies were driving along Court street opposite the court house, the horse slipped and fell in such a manner as to be unable to rise. Dan Gleason, who was helping do some surveying near there for the city, came to the rescue of the ladies as the horse was struggling to arise and as Mr. Gleason took hold of the bridle, the horse made a lunge, throwing Dan in such a way as to break his wrist. Dr. Clay was called and reduced the fracture, so that he is now resting easily. In all probability Dan will not be able to resume his duties with the city for some time. He is employed in the engineering department. The horse was gotten on its feet and that part of the trouble ended happily.

It is the peculiar quality of a fool to perceive the faults of others, and to forget his own.

SALEM'S FINE MILLINERY EMPORIUM

The new store recently opened by Mrs. P. E. Fullerton at 270 N. Commercial street, is a model millinery and ladies' ready-to-wear clothing emporium. Salem ladies are enthusiastic in their praise of this new establishment. Everything is arranged so the customer can see it to the best advantage. The entire finishing of the store is most artistic and dignified, the woodwork being solid oak finished in a delicate gray.

The clothing cabinets as well as the cases for millinery and accessories are absolutely dust-proof and the fronts consist of full length French plate glass mirrors. The carpeting is a rich green, and harmonizes with the light gray of the woodwork.

Mr. Fullerton returned only a few days ago from his New York trip, on which he selected personally all the coats, suits and waists for his store. Many of the suits were made to his special order, with a view to giving the people of Salem exclusive styles and patterns.

As the exclusive agents for the Fruitless Flakshats, Mrs. Fullerton is showing the very newest spring models in millinery.

The combination of first class clothing and millinery will prove a welcome addition to the list of Salem's stores, and Mrs. Fullerton will be very glad to welcome all old and new customers.

Has Appendicitis—Wesley Perry, a bartender of the Dick Madison saloon, was operated on yesterday at the sanatorium for appendicitis. The operation was successful and the patient is now on a safe road to recovery.

Prize-Winning Recipe for Raisin Bread
Soak one yeast cake in 1 1/2 cups of potato water; mix in enough flour to make a stiff batter; beat five minutes. Let stand over night. In the morning scald two cups sweet milk, into which put one rounded tablespoon cottonseed, 1 tablespoon salt, 3 tablespoons sugar. When milk is lukewarm mix with the yeast; add enough flour to make a stiff batter; beat about ten minutes; let rise. When sufficiently raised add two cups of seeded or seedless raisins; mix; add more flour and knead until dough is smooth; let rise. Make into loaves and bake one hour. When baked wet top of loaves with sugar and hot water to prevent the crust becoming too hard.
This recipe won the grand prize in the California Raisin Growers' bread contest. The use of Cottonseed as shortening is significant.

THE REST OF JACKSCREWS.

(Continued from Page 1.)
Jackscraws running in value from \$3.50 to \$5 each. This furnished food for the argumentative councilmen and the discussion began. Becoming tired of the subject, the mayor ruled the motion allowing the bill out of order, and said he would entertain an appeal from the decision of the chair. No one was in a mood of appealing and the discussion came to an end, and once for all, so far as the council is concerned.

When a man tells you he has the approval of his conscience for a certain act it is a safe bet that he has no other approval.
