MAKE OREGON'S PAY ROLLS A HUNDRED MILLIONS

PINCHOT SAYS BIG CORPORATIONS AND MONEY POWER IS BEHIND TAFT

HE NAMES A DOZEN, AND SAYS A HUNDRED OTHERS AND ALL OF WALL STREET IS FOR HIM

He Also Says the Taft Committee Is Circulating Carefully Worded Appeals to the Capitalistic Classes for Money With Which to Fight Roosevelt--State-Wide Primaries to Be Held Tomorrow, and Both Sides Are Already Claiming Victory--No Fight Will Be Made in Roosevelt's Home District.

[UNITED PRESS LEASED WIRE.]

New York, March 25.—Declaration that the "money power" is getting behind President Taft in his fight for the Republican nomination for president was made here today by Amos Pinchot, treasurer of the Roosevelt league, who issued the following statement:

"Wall street is certainly getting in its work for Taft here. A committee of the Taft Bureau, with headquarters in Fifth avenue, is circulating among capitalistic circles carefully worded appeals for money with which to fight Roosevelt and accept the nomination of Taft. At the head of these requests appear the names of the members of the Taft committee.

"These gentlemen are the presidents, vice presidents, directors and trustees of more than 120 trust companies, banks, insurance companies and railroads. The following is a partial list of the companies which they represent:

"The Mutual Insurance, New York Central, Mercantile Trust, Michigan Central, Bethlehem Steel company, Astor Trust company, National City Bank of Brooklyn, the Delaware & Hudson railway, the West Shore railway, the Chicago & Northwestern railway, the Bankers' Trust and over 100 others.

"It is against the law for corporations to contribute to national campaign funds. It ought to be against the law for representatives of corporations to mass together and use the pressure raised by their corporate of-

fices, and the wherewithal to nominate their candidate."

Both Sides Claim State.

New York, March 25.—Suppressed excitement prevails in political circles here today, on the eve of state-wide primaries, which will determine whether Theodore Roosevelt or President Taft is the choice of the Republicans of New York state as the standard bearer of their party in the presidential race this fall. Both the Roosevelt and Taft supporters are claiming the victory.

The Taft emissaries declare that they will carry every state district except the first, which is Colonel Roosevelt's home, and where he will be opposed in tomorrow's election, and the two districts which are controlled by National Committeeman William Ward.

The Roosevelt campaign ends here tonight. Roosevelt followers claim nine districts for sure and a fighting chance in all the others.

Made Willie Sore.

[UNITED PRESS LEASED WIRE.] Portland, Ore., March 25.—"I'm going to kill myself," announced Williams. "Hurrah!" said Mrs. Mary Jeffrey. Bill was so sore he hit her with a brick.

The uncleanly condition of the school house at Viola, Clackamas county caused the teacher to complain. The janitor's son too the matter up, and the teacher is in the hospital.

To Enact Primary Law. Chicago, March 5.—Governor Deneen today summoned the state legislature to meet in special session to enact 13 laws, chief of which is the presidential preference primary law. Leaders of the "people power" movement in Illinois hope to have the law effective before April 9 when the regular state primary election is to be held.

To Settle Stephenson Case. Washington, March 25.—Contest over the seat of Senator Isaac Stephenson, of Milwaukee, Wis., which he is alleged to have purchased through illicitly distributed campaign funds, occupied the sessions of the United States senate today. It is expected that the debate over the questions raised by the recent investigations of Stephenson's campaign methods, will last until Wednesday, when a vote will be taken to determine whether the Milwaukee senator is entitled to his seat.

Woman Like SHE HELPED ON THE MARRIAGE. Saturday C. H. Johnson, of Mankota, Kansas, appeared at the county clerk's office to obtain a marriage license to wed Hazel Altimus, of Woodburn. As he was not familiar with the Oregon law he had not taken the precaution to bring a witness to testify to the marriage qualifications of the bride, and much to his mortification, the covered document was not forthcoming. He at once got in communication with friends and relatives of the bride-to-be, at Woodburn and by a stroke of good luck a witness was secured and the much desired instrument was obtained, but not without grave fears that the wedding day would have to be postponed.

Out of the goodness of her heart, Miss Mable Grimmella, the marriage license clerk, made a special trip to accommodate the young people and the wedding took place at Woodburn yesterday as per program.

Lake county's wool clip this year will be superior in quality to any of the past dozen years.

To Enact Primary Law.
Chicago, March 5.—Governor Deneen today summoned the state legislature to meet in special session to enact 13 laws, chief of which is the presidential preference primary law. Leaders of the "people power" movement in Illinois hope to have the law effective before April 9 when the regular state primary election is to be held.

RAILROAD ENGINEERS MAY STRIKE

Fifty Railroads North of the Ohio and East of Chicago Turn Down Demands of Engineers for Increase of Wages.

AND STRIKE IS IMMINENT

Companies Claim That if Demands Were Allowed All Other Employees Would Ask for an Increase and This Would Mean Bankruptcy to Many of the Roads—Demands Made by Engineers Would Increase Payrolls \$7,553,000 a Year.

[UNITED PRESS LEASED WIRE.]

New York, March 25.—By turning down demands of locomotive engineers for an increase in wages averaging 18 per cent, 50 railroads east of Chicago and north of the Ohio river today face the possibility of a strike. In denying the increase a committee of railroad managers issued the following statement:

"The present wages, as a rule, are full and liberal, and the railroads are financially unable to bear the increased expense which would be involved. The increase would add \$7,553,000 annually to our pay rolls. Past history also indicates that if the increases were given the engineers it would be followed by similar requests from other employees, which, if granted, would actually bankrupt the roads."

Warren Stone, grand chief of the Brotherhood of Locomotive Engineers, declared that conferences with the railroad managers would be resumed, adding that there was no immediate danger of a strike, and intimating that a strike eventually would follow unless the increase was granted. The committee of railroad managers viewed a further increase in wages at this time with "great concern," one of their number saying: "This headlong movement toward financial disaster cannot proceed unchecked."

CHILDREN TO RAISE 90,000 CHICKENS

To have 3000 school children in this county raise 30 chickens each, making 90,000 in all, is the plan of County school superintendent Neff, of Umatilla county, according to advices received by Superintendent of Public Instruction Alderman.

Should all of these hens be placed on the market they would bring a sum of money greater than the gross income of the schools of the county. It is the plan to place many of the chickens on exhibition at the school children's industrial fair, which will be held this year in connection with the state fair.

Thousands Starving.

[UNITED PRESS LEASED WIRE.] Moscow, March 25.—Nine thousand men, women and children are starving in the Russian province of Samara, according to dispatches received here today. Hundreds are dying from scurvy and typhus fever.

BUYING OREGON MADE GOODS MEANS THOUSANDS OF OREGON FACTORIES

Finnish Pilots Strike.
Helsingfors, Finland, March 25.—Shipping in this harbor is practically tied up today and navigation greatly endangered by a strike of the Finnish pilots, who have resigned rather than come under the control of the Russian authorities. For generations the pilot business has been controlled by the Finnish government. Recently Russia announced that in the general Russification of Finland, the pilot business also would be taken over.

MARION COUNTY SUNDAY SCHOOL CONVENTION

Following is the program of the Marion County Sunday School Convention, at the First Presbyterian church, Tuesday and Wednesday, March 26-27:

Tuesday Afternoon.

Service of praise, Rev. G. F. Liening.

"What the Church Should Do for the Sunday School," Dr. R. N. Avison.

"Sunday School Atmosphere," Rev. Chas. A. Phipps.

Secretary's report.

"Grading the S. S.," E. H. Anderson.

"How to Start and Conduct a Cradle Roll," Mrs. J. W. Wilkins.

Tuesday Evening.

Service of praise, Rev. P. F. Schrock.

"Teacher Training," Mrs. Sarah Bard Field Ehrigott.

Special music.

"The Teacher's Opportunity," Rev. C. A. Phipps.

Boys' meeting under the direction of C. A. Phipps.

Wednesday Evening.

Service of praise, W. T. Jenks.

"Work With Boys," Frazier.

Reading, Prof. E. F. Biddle, W. U.

"Seven Things That S. S. Stands For," Rev. C. A. Phipps.

MILL EMPLOYEES GET SUBSTANTIAL BENEFITS

[UNITED PRESS LEASED WIRE.]

Lowell, Mass., March 25.—Nearly 20,000 operatives in the textile mills here were benefited by an increase in wages, which went into effect today. During the past three weeks more than 125,000 textile workers in six New England states have had an advance of from 5 to 7 per cent.

THIS ONE MAY LIVE BETTER FOR AWHILE

[UNITED PRESS LEASED WIRE.]

Portland, Ore., March 25.—Mrs. B. E. Taft decided to reform the "great unwashed." While she was appealing to them personally to live better lives one of them relieved her of \$40.

MADE IN OREGON CAMPAIGN SECURING GREAT RESULTS WILL KEEP MONEY AT HOME

Three-Day Manufacturers' Exposition to Be Held at Albany by Wide-Awake Commercial Club--Slogan "Keep Twenty Million Dollars at Home in 1912" by Giving Preference to Products of Home Industries--Copy of Consumers' Pledge That Is Being Signed Up by Thousands.

"Made in Oregon" Consumers League

The undersigned is hereby enrolled as a Charter Member of the Made in Oregon Consumers' League, and agrees to give preference in all purchases, price and quality being equal, to the products of Oregon labor, Oregon industries and Oregon capital.

Name _____
P. O. _____

The "Made in Oregon" campaign that is being put on by the Manufacturer's Association of Portland, will receive a new impetus from the monthly dinners that are to be given at the leading hotels where the entire bill of fare will be composed of the products of Oregon industries. From soup to nuts the food will be grown and made in this state. Secretary Vincent will try and have a menu card that will give the name of the firm producing the article.

Albany Commercial club heads a movement that will bring Oregon industries into greater prominence than ever before. For three days the large armory in that live city will be converted into a little exposition where the products of the furniture factories, woolen mills, tanneries and other industries of Linn county will be displayed. The people of Albany will be organized into a gigantic Consumers league to support Oregon manufactures.

The Capital Journal has installed today the first "Made in Oregon" fire proof safe ever brought to Salem made by the Portland Safe and Vault company at their Kenton plant, and sold by the Norris Safe and Lock company, sole distributing agents for the manufacturing concern. It weighs about a ton and is a beautiful piece of workmanship. All public officials and business and professional men making a living in Oregon should investigate this safe and give this industry their support.

To show the practical value of the "Made in Oregon" campaign, an incident resulting from the Corvallis meeting is worth publishing. The host of the home industries had been announced in the papers several days when a committee in charge of building the Knights Pythias temple decided to cut out all bidders from outside states and placed the order for the inside finishing and furnishing of their new fraternal castle with the Carman Manufacturing company at Portland. This is worth mentioning because the inside finishings and doors and panelings of the new Masonic temple at Corvallis are made in Chicago. That was probably an oversight as just as good mill and shop work can be done in Oregon as in Chicago. There are sash and door factories and planing mills in Oregon where every kind of inside woodwork, and artistic glass work and metal furnishings can be made with Oregon labor just as good as anywhere in the east and keep the money at home.

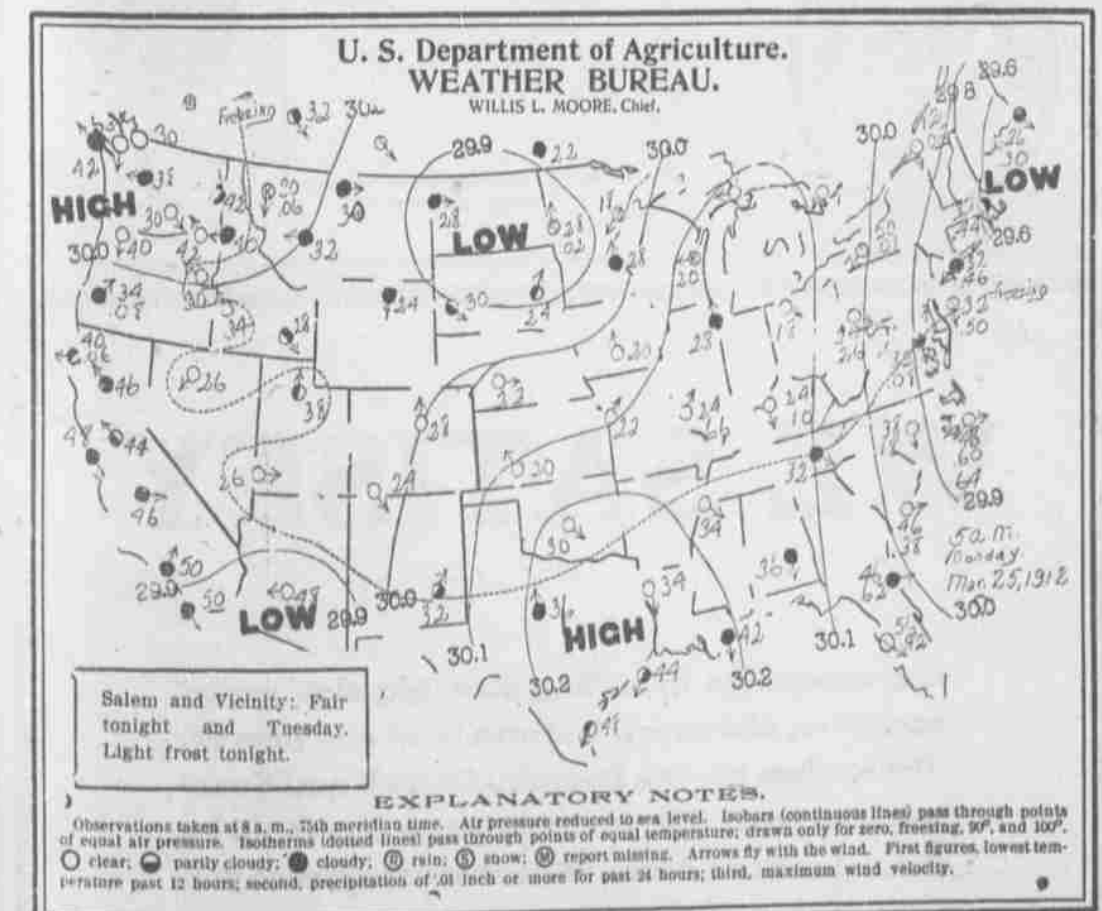

CLOTHES for REAL MEN

It's one thing to make clothes that will look well on a model or in a fashion sheet—but it is quite another to make clothes that look right on real men—men of action—clothes that stand up and look well under strenuous service—you will find this kind of clothes in a
