CONTRACT IS LET FOR THE BRIDGE

The contract was let today to Waddell & Harrington of Kansas City, Mo., for the construction of the Salem, Falls City and Western railroad bridge across the Willamette at Union street. The bridge will cost about \$160,000, and will have a draw. The Gerlingers tried for several months to interest the city and county, but not being able to get any co-operation, went ahead and let the contract themselves. The bridge is to be completed this year.

ROOSEVELT'S THROAT SORE AND SO IS HE

[UNITED PRESS LEASED WIRE.]
St. Louis, March 28.—A sore throat which caused him considerable annoyance, caused Colonel Roosevelt to shorten today's program. The former president is greatly annoyed by the report that he intends heading a third party should he fail to secure the Republican nomination at the Chicago convention.

Before going to the luncheon at the City Club, Colonel Roosevelt gave out the following statement:

"There was no allusion in my Chicago speech to the Republican national convention. No such sentence including the word 'thugger' was uttered. What I said was that such primaries as those held in Indiana and New York are in no way binding on Republicans."

Asked the question if he would bolt the convention if the delegates he alleged were fraudulently elected were seated in the Chicago convention, Roosevelt snapped: "I have nothing further to say about that. I stand on what I said in Boston."
At Boston, Colonel Roosevelt stated he would stand by the nominee of the Chicago convention.

WOMEN VOTE FIRST TIME IN CALIFORNIA

[UNITED PRESS LEASED WIRE.]
San Francisco, March 28.—In all election which marks the first opportunity which the 11,000 registered woman voters of San Francisco have had to cast their ballots under the new California equal suffrage law, and in which at least 50 or 60 of the election officers are women, San Francisco today is deciding whether or not the city shall be bonded for \$8,800,000, to build a new city hall and purchase grounds for a people's civic center. The campaign in favor of the bonds has been led and championed by Mayor Rolph. It was generally predicted early today that the issue would carry.

PRESIDENT TRYING TO STOP STRIKE

[UNITED PRESS LEASED WIRE.]
Cleveland, Ohio, March 28.—Dr. Charles P. Neill, United States commissioner of labor, is here today, by direction of President Taft, to investigate the strained situation existing between the bituminous coal operators and their miners, and to use his influence in averting a strike. He is holding secret conferences with a number of leaders on both sides.

It is said President Taft fears a general suspension of mining in both the bituminous and anthracite regions, and that he is arousing government interest in the situation.

So Tired of Tired Feet! Use TIZ

Gets the "Tired" Out in a Few Minutes—Makes Your Feet Sore-proof.

"O fudge! It's awful how tired feet make you feel tired all over—so dead tired. Then, when you've got a corn besides, and a bunion, and a few blisters, and your feet are terribly swollen, you don't care if you've got a million dollars—you're tired."

that's all. A million dollars can't help you, any more than 25 cents will."

A quarter buys a box of Tiz—a wonder for tired, sore, tender, chafed, blistered, swollen, sweaty, smelly feet, corns, callouses and bunions, chilblains and frostbite. The moment you use it, you give a sigh of relief, and then you smile. There's nothing as good as Tiz, so don't accept any attempted imitations. Tiz draws out all the poisonous exudations that make foot troubles.

REV. ERRETT EXONERATED BY WOMAN

MONEY RETURNED TO MISS MINTYRE FOR ONE THOUSAND SHARES OF ALASKA MINING STOCK.

A controversy in the First Congregational church was ended today when Dr. H. E. Epley, on behalf of the members of the board of trustees, drew his check for \$510.50 on the Capital National bank to pay to Miss America McIntire for 1000 shares of Alaska mining stock sold to her by Rev. Davis Errett, pastor of that church.

Miss McIntire is a loyal member of the Christian church, and signs a statement concerning Rev. Errett, by saying that she is convinced that he believed the stock was worth 50 cents per share at the time he transferred it to her.

This is denied by the anti-Errett portion of the congregation, who say he took advantage of the lady, who was a working woman, and at the time employed at the blind school, and that he represented to her enormous profits on the investment, and said he was going to buy a lot more of it with the money he got from her.

History of the Case.

The suit of Mrs. America McIntire against Rev. Errett, who is one of the most prominent ministers of this city, was adjusted by payment to Miss McIntire of the entire amount secured from her by Rev. Errett for a block of stock sold her about four years ago. The transaction was the cause of the fight made within that church last year to oust Errett, but his friends rallied and discontinued the charges made by Rev. Black about the mining stock. The suit brought by Miss McIntire, a pioneer lady, aged about 60, and a life-long member of the church, revived the controversy. Rev. Errett took the position that for him to make restitution would be an admission of wrong-doing, and he wanted to stand suit. But the trustees of the church feared the effect of the scandal growing out of court proceedings, and raised the money and paid Miss McIntire in full, and the suit is quashed. The stock was sold to Rev. Errett by the P. J. Caterlin stock brokerage house, of Portland. Its market value was about 15 cents at that time, but today it is not considered worth anything. Errett sold the stock to Miss McIntire for 50 cents on the dollar.

[UNITED PRESS LEASED WIRE.]
Peking, March 28.—With the Manchu princes arming in preparation for an uprising which they hope will win back for their dynasty the control of the Chinese government, the existence of the new republic is menaced today by the serious illness of President Yuan. The physicians declare the president's illness is due to drugs.

Foreigners here express fears for their safety.

THE REBELS WINNING IN MEXICO

[UNITED PRESS LEASED WIRE.]
Mexico City, March 28.—Dispatches received here today by President Madero say that General Tracy Aubert, who, with his force of 1200 federals, was reported hemmed in at Corralitos by General Orozco's troops, had left Jimenes this morning. The federal commander is reported retreating toward Torreon, where the government troops are massing for a final stand.

The leaders of the foreign residents in the capital today distributed a code of signals to be used in case they are called upon to fight. The combined volunteer foreign force of 1800 men is drilling every night.

President Madero and the members of his cabinet seem panic stricken, and admit that they are unable to protect foreign interests in the capital.

Glorious News.

KEEPING IN TOUCH WITH HOME

IT IS wonderful how much satisfaction can be obtained from a talk over the Bell Telephone.

A letter carries words, but the Bell Service has been brought up to such a point of perfection that the modulations of the voice are clearly heard.

The cheery tones show that the talker is well and in good spirits. The call may come from a suburban village or a distant city, but within the limits of the carrying power of the voice the Bell Service carries the tone as well. You get a personal interview with a friend hundreds of miles away.
