WOMAN IS MIXED UP WITH THEFT

Los Angeles, Cal., March 29.—Hearing of extradition argument in the case of Charles Dean, alias Hoffman, began today before Federal Commissioner Van Dyke. Dean is charged with complicity in the theft of more than a quarter of a million dollars from the New Westminster, B. C., branch of the Bank of Montreal. It was not expected that the hearing would be concluded until late today.

TO PAVE HIGH FROM MILL TO BUSH STREET

At a meeting last night of the property owners on South High street, it was practically agreed to pave that street with hard surface pavement from Mill street to Bush street. There was some sentiment for paving further south, but it seemed that the different property owners could not agree as to the kind of pavement to be used. A movement was started to allow each property owner to choose the kind of pavement to be used in front of his property and put it in, but this would be impracticable and it was abandoned. The matter for the payment of the cost of the fills and cuts on this street has not been decided and is likely to be a hard matter to adjust. However, it is possible that this street will be paved as far south as Bush street this summer.

THE SCHMITZ INDICTMENTS STILL ALIVE

San Francisco, March 29.—Whether or not the indictments still remaining against former Mayor Eugene Schmitz will be dismissed will be made known next Friday, according to Superior Judge Lawler's announcement in court today.

"I have been as yet unable to come to a decision regarding these matters because of press of court business, but I will do so on next Friday," said his honor, "and I may say that these cases will be disposed of without reference to the situation of Abe Ruef, or to that of any one else."

WANT MUSIC THAT IS "MADE IN OREGON" TOO

Calling attention to the "Oregon First" movement inaugurated in the state, the Musicians Mutual association, of Portland, has directed a communication to Governor West asking him to assist state musicians to apply it to the state board of agriculture and prevent it in the future from employing foreign bands to provide the music at the state fairs.

The communication is as follows: "Viewing with considerable satisfaction the "Oregon First" movement which is consistently adhered to by all, cannot help but be of great benefit to the state and the people thereof; the thought "Whether or not the state fair board will apply the principle of that movement to the management of its affairs" occurs to me.

"Given the privilege of witnessing a magnificent display of home grown products, depicting the varied and wonderful resources of our great state, the incongruity of having an imported band of foreign extraction furnishing the music is most apparent.

"Only since last year has the practice of securing foreign musical attractions been inaugurated. We believe such an action unjust to the musicians who are resident taxpayers of the state.

"As we view the matter, it occurs to us that a foreign musical attraction is not needed to assure the success of the fair, given in good weather financial success of the state fair is never in doubt, and we know that the musical offering of the fair could be served by home talent with as much, if not more satisfaction if accorded the same generous treatment given the foreign aggregation, size of band, etc.

"As the champion of "Oregon First" and governor of this state, this association asks your assistance in securing for "Oregon First" musicians their just dues."

AN INDIAN KILLS NEGRO IN THE PEN

Lincoln, Neb., March 29.—Another tragedy occurred in the Nebraska penitentiary today, when Charles Davis, a half-breed Indian, stabbed John Strong, a negro murderer, to death in the dining hall. Only recently three of the prison officials were killed by three convicts, who escaped in an outbreak, two of the convicts later meeting death in a pitched battle with a sheriff's posse.

Davis attacked Strong while the convicts were at breakfast. Drawing a dagger, he slashed Strong's jugular vein before the guards could interfere. The Indian was overpowered but refused to give any explanation for his deed.

CANNOT LOCATE THE ELOPING COUPLE PROVIDES FOR VALUATION OF ROADS

Washington, March 29.—A bill providing for the physical valuation of railroads was unanimously reported today by the Interstate commerce committee of the house of representatives. The bill empowers the inter-state commerce commission to investigate all railroad stock and bond issues to ascertain whether there has been any overcapitalization. The valuation is to begin 60 days after the bill has become effective.

THEY PLACE THE BLAME ON HOUSER

Chicago, March 29.—I reply to a recent statement by Walter Houser, manager of the presidential campaign of Senator Robert M. LaFollette, that Colonel Roosevelt urged LaFollette to become a candidate and promised to support him, a further statement was made here to substantiate the charges of Roosevelt followers that Houser was one of the first to urge LaFollette to withdraw in Roosevelt's favor.

The statement concludes by saying and Gifford Pinchot, Medill McCormick and William Kent. It declares that on the night when LaFollette started for his mid-winter western trip, Houser met these four men in McCormick's apartments in Washington, where he stated that "in his opinion the only way to keep the progressives together and prevent Taft's nomination, was for LaFollette to abandon his own candidacy and throw his influence to Colonel Roosevelt, if the Colonel would consent to become a candidate."

Houser is alleged to have repeated this statement several times later.

The statement concludes by saying that it was after LaFollette's friends had been assured by Houser that their man was out of the race that they joined the Roosevelt forces.

SHOULD FIX TOLLS ON THE CANAL

Washington, March 29.—Speaking before the senate committee on inter-oceanic canals, Colonel Goethals, chief engineer of the Panama canal commission, urged the fixing of canal tolls and that provision be made for a permanent government of the canal zone. He also expressed the belief that it was unnecessary at the time to prohibit railroads which own competing steamship lines from using the canal. Goethals also announced that he expected to let ships pass through the canal in August or September, 1913.

A Bad Combination

Los Angeles, Cal., March 29.—Elmer George, Joseph Sanders and Clarence Wheeler, aggregate age 22, tied a cat and a dog together, and threw them into a prayer meeting. The adjourned service will be held tonight, and the boys must attend as punishment.

DR. KENNEY LAMBASTES CIGARETTES

Portland, Ore., March 27.—Addressing the Oregon state, county and city health officers today, Dr. Calvin S. White, secretary of the State Board of Health, told how to obtain longevity. He urged young men and women to marry if they wanted to live long and be happy.

Dr. White showed by statistics that the average married persons live longer than those who are single. "It is all because the married people get plenty of good food," said Dr. White, "and lead regular lives that they live longer than single and divorced people, who go gallivanting around the country at all hours, and eat whatever they can."

Dr. Alfred Kinney, of Astoria, lambasted the cigarette vigorously. He condemned it as a menace to boys.

LA FOLLETTE WILL BE HERE IN APRIL

Washington, March 29.—Details of his proposed tour of Washington, Oregon and California in the interest of his campaign for the Republican presidential nomination were given to the United Press here today by Senator Robert M. LaFollette, of Wisconsin. If the present plans are carried out, Senator M. LaFollette, of Wisconsin, if the present plans are carried out, Senator LaFollette will go to Nebraska early next week and spend five days in touring the state. From Nebraska he plans to go to Oregon, spending a week in speech-making there, and after a trip through Washington state, will tour California.

Senator LaFollette today was pleased with the political situation, having received encouraging reports from his campaign managers on the Pacific coast. During his absence and that of Walter Houser, Congressman Nelson, of Wisconsin, will be in charge of LaFollette headquarters here.

Senator LaFollette announced this afternoon that for the present he would center the fire of his campaign on Nebraska and the Pacific coast states. Later, he announced, he may tour the states of the middle west and New England.

ROOSEVELT TAKES A SHOT AT TAFT

Cedar Rapids, Ia., March 29.—Speaking here today, Theodore Roosevelt said: "Of course we are opposed by coal land thieves, by timber land thieves and by reactionaries. To stand still is to go backward. Abraham Lincoln's famous saying has been amended by no less personage than our president to read that we must have 'government by a representative class of the people' which can be interpreted to mean 'government of the people by the bosses for special interests.'"

CHINA'S GREAT SEAL GIVEN TO SECRETARY

Nanking, March 29.—Dr. Sun Yat Sen, former provisional president of the Chinese republic, today delivered to Premier Tang Shao Yi, as representative of President Yuan Shi Kai, the presidential seal of the republic.

Dr. Sun Yat Sen issued a message asking the people of China to give their loyal support and assistance to the new government.

THE LATEST FIGURES ON DELEGATES

[UNITED PRESS LEADED WIRE.] Washington, March 29.—Figures issued here today by the Taft forces show that President Taft up to date, is leading his arrivals for the Republican presidential nomination by about 8 to 1. Out of 1078 delegates to be sent to the Chicago national convention 319 already have been selected. Of these, 279 are said to be instructed for the president and 10 for Senator LaFollette.

No estimate of the Roosevelt delegates was obtainable, but President Taft's campaign managers concede Roosevelt 20 delegates.

In several instances both Roosevelt and Taft delegations have been elected, and it will not be known in which column these delegates will be placed until the question of seating them is taken up on the floor of the convention.
