Any Mites in Your Poultry House?

Go after them right with Conkey's Lice Liquid. That will fix them. It drowns them out in the cracks, where they breed and thrive and hide away through the day until the fowls come back to roost at night. Get into old clothes and with a sprayer or sprinkling can full of Conkey's Lice Liquid, go over the whole place and paint the roosts with the same stuff. Try this. We guarantee it effective. Conkey's Lice Liquid 35c qt.; 60c 2 qts.; \$1.00 a gallon.
