THE LURE OF GOLD IS YET STRONG

Lakeview, Ore., April 20.—Lured by the news of gold strikes in the High Grade district, at New Pine Creek, on the state line, 15 miles south of Lakeview, an army of prospectors, miners and leasers are pouring into that town with tents, bedrolls and miners' pans as artillery. While surface showings in the High Grade district have for the past two weeks aroused much interest here, a few recent strikes in the Sunshine claim assaying up into the thousands, has excited prospectors from Alaska to Mexico. It is predicted by prominent mining men, that New Pine Creek will excel Cripple Creek and Goldfield if present veins hold out. Owing to the heavy snows in the mountains several hundred prospectors have been forced to await the spring thaw. They are willing away the delay by speculating in real estate and, as a result, prices for business property have doubled. Every train is loaded with miners, leasers and mine owners. Several mining properties have changed hands within the last few days, among which was the Sunshine group of claims which were sold to Reno capitalists for \$75,000. Materials have been ordered for the construction of stamp mills and cyanide plants.

THE PORTLAND BABY HOME CONDEMNED

An investigation of a baby home conducted by Mrs. A. Miller at Twentieth and Raleigh streets, made by State Health Officer White, City Health Officer Wheeler and County Physician Geary, revealed a shocking condition of affairs and an attempt probably will be made to have the children removed. The doctors found four babies and three small children between 2 and 4 years. The room where they were kept, according to the physicians, was filthy, their clothing was dirty and had not been changed for many hours, and the food was inferior and kept under the most unsanitary conditions. Although Mrs. Miller asserted that most of the babies were relatives of hers, it is known that she has applied to various institutions in the city to send babies to her place.

CYCLIST KNOCKS OUT A VISITOR

Mr. Bert Waring, of Montana, who is visiting his brother, Councilman James Waring, in not infatuated with the Salem idea of permitting bicycles on the sidewalks, and as it is about the only city left in the universe that permits it, he is not alone in the idea. Friday evening as he was walking down South Commercial on the east side of the street, a cyclist came coasting around the curve at the point. He struck Mr. Waring very much as the Titanic hit the iceberg, but with this difference that Mr. Waring being so to speak the iceberg, was wrecked. He was thrown heavily and pretty badly injured, and it is thought one arm was broken. The cyclist, never stopped, but it is said he is known as several persons saw the accident.

MOMEN'S CLUB TO BOOST FOR WILLAMETTE

With a pledge of \$6000 by the Salem Women's Willamette club, which was organized yesterday, the Marion county pledge toward Willamette University endowment have reached just past the \$50,000 mark, and those promoting the campaign here expect it will reach the \$100,000 sought. The club was organized with an attendance that filled the rooms of the Salem Board of Trade. The campaign for Marion county has continued for three weeks, and for the last week an average of \$1150 a day has been kept up. The Salem Women's Willamette club has for its purpose a wider general interest, better dissemination of information and larger conservation of the interests of Willamette University. The women at the end of two hours pledged to raise \$6000. The following officers were selected: Mrs. J. W. Beckley, president; Mrs. Charles Weller, first vice-president; Miss Nina McNary, second first-president; Mrs. A. N. Moore, secretary; Mrs. J. H. Albert, treasurer. These officers, with five others, will form the executive committee. Three of the others are: Mrs. Fletcher Hoeman, Mrs. C. E. Fisher, Dr. Pomeroy. The other two will be selected by the balance of the committee. The committees are composed of women who represent no particular denomination, but are made up of all denominations. The Chinese Way. London, April 20.—The Calcutta correspondent of the Central News today called here that Chinese troops, using Maxim guns, slew 2,000 women and children in quelling an uprising at Lhasa, the capital of Tibet.

ROOSEVELT EIGHT MORE IN ILLINOIS

Springfield, Ill., April 20.—Eight delegates-at-large to the national Republican convention, instructed for Roosevelt, were unanimously chosen by the convention, as follows: Governor Deneen, Chicago. Roy O. West, Chicago. H. A. Eckhart, Chicago. Colonel Chauncey Dewey, Chicago. L. Y. Sherman, Springfield. R. D. Clark, Peoria. L. L. Emmerson, Mount Vernon. The Taft adherents did not oppose the slate. Cheers greeted the names of both Taft and Roosevelt when they were mentioned by Chairman Doyle as he called the Illinois Republican convention to order yesterday. Chairman Doyle announced the appointment of the various committees. When the committee retired, a motion to adjourn for an hour was voted down. The committee on credentials reported no contests and the sitting delegates were declared the regular delegates of the convention. Charles S. Deneen urged party harmony and predicted victory for the Republican ticket in November. Chairman Doyle announced the appointment of the various committees. When the committee retired, a motion to adjourn for an hour was voted down. The committee on credentials reported no contests and the sitting delegates were declared the regular delegates of the convention. Charles S. Deneen urged party harmony and predicted victory for the Republican ticket in November.

WILLAMETTE ATHLETES ARE DOING THINGS

There will be things doing on the Willamette athletic field Monday afternoon at 3:30, when Trainer Thorpe rounds up his men for the try-out for the varsity track team. Some of the men have been working hard for over two weeks, especially the distance men. For the past week there have been from 20 to 25 men on every night, racing around the quarter-mile track, which, with the exception of a night or two, has been in fine condition. The outlook for the track team this year is the best that it has been for years. Among the distance men Rowland, who a member of the track team last year, and showed up well in the mile and the half, and Stearns, a freshman of the liberal arts, will probably clinch a place on the team; Joseph and McInerney in the quarter and Love and Joseph in the 220 will also more than likely tie up a steady job. In the sprint Blackwell and Mills are showing up well. Mills, last year a star in the nine hurdles and high jumps, will also be with the team this year, with the addition of Smith, a freshman, who was a member of the high school bench last year. As yet there hasn't been much material out for the pole vault, but some good stuff may be turned out during the next week. There will probably be a meet with the high school some time later in the week, and arrangements are being made for a big meet on May Day.

FARM BARGAINS

205 acres rich black loam soil, 180 under cultivation, balance timber and pasture, good buildings, well and spring water, good orchard. Price \$100 per acre. Terms. This is one of the best farms in Marion county, well located; owner going east and therefore will sell at such a low price. Go out in one of our autos and see for yourself.

Choice lot Fairmount Park \$400. We write fire insurance—four of the best companies. Houses for rent. Money to loan.

BECHTEL & RYXON,

247 State Street.

Now is the Time to Cleanse Your Blood

Of those impure, poisonous, effete matters that have accumulated in it during the winter and are known as Blood Humors.

The unequalled and really wonderful success of Hood's Sarsaparilla in cleansing the blood makes it the medicine you should take.

The secret of its success is the fact that it is the best possible combination of the best known agents, roots, barks and herbs for giving strength and tone to the bodily organs and functions.

Get Hood's Sarsaparilla and begin taking it at once. In liquid form or tablets called Sarsatabs.

"Years ago when spring weather came I felt I would rather die than be so tired and exhausted. My mother got me some Hood's Sarsaparilla and I began taking it. We soon noticed a change for the better. I kept on taking the medicine until I was perfectly well and could run and play as hard as any of the girls. Since then the spring never comes without my taking Hood's Sarsaparilla, and I never feel at all bad in spring. We take Hood's Pills for every little ailment, and these two medicines keep us well." Mrs. A. Hopkins, 225 E. Ragle St., E. Boston, Mass.

MISTOOK GASOLINE FOR COAL OIL

An accident happened at Front and Union streets yesterday morning that resulted fortunately for all concerned. Four boys of the neighborhood, Adolph Henke, Douglas Craig, and John and Henry Turner, were preparing some kind of a lunch over a coal oil stove. The oil became exhausted and one of the boys went to the house to get a new supply. He procured a can of what was supposed to be coal oil, but instead it was gasoline. The discovery was not made until after the explosion which occurred as the youngster was pouring it into the stove. As soon as the liquid came in contact with the flame an explosion took place which burst open the can and threw the burning liquid in every direction. A large quantity of it fell on the Adolph Henke severely burning his hand and face. His clothing took fire also, but by the timely arrival of Mrs. H. H. Turner and Mrs. H. O. White the flames were extinguished and the boy's life was saved.

X-RAYS AND SMILES.

The wide scope of newspaper "feed" in the way of news was illustrated yesterday in the Journal office. While the horse editor was hustling headlines for some of the big shipwreck stories, a reporter slipped him a write-up about a box being procured by the police, or pound master, or somebody, which would be used in asphyxiating dogs.

GOVERNOR WANTS RENT OF SAND ISLAND

(UNITED PRESS LEASED WIRE.) Astoria, Or., April 20.—Governor West, who is here today for the purpose of voting at the primary election, says that some difficulty is encountered in connection with the movement started by him some weeks ago to have the amounts collected by the Government for leasing the sealing rights on Sand Island turned over to the state hatchery fund, as the War Department objects strenuously to giving up the money, which now amounts to approximately \$45,000. Accordingly, at the suggestion of Senator Chamberlain, a bill will be introduced by the Senator to cede the island back to the State of Oregon. This island formerly belonged to the state, but by a grant issued in 1864, it was ceded to the Government, which has made no use of the property, excepting to collect fees for sealing privileges. These fees now total about \$12,000 a year. Governor West says the efforts to secure a refund of the money already collected will not be abandoned, but in the meantime, to avoid any future controversy, efforts will be made to have the property ceded back to Oregon.

THE ROUND-UP

Colonel Roosevelt will not speak in Oregon. The total registration in Multnomah county was 43,540. A. E. Stommeister of Montana is to start a business college in Astoria. H. B. Fauntleroy, for a number of years a theatrical man in Washington, died at Portland yesterday, of heart disease. I. E. Morris and Alice Tealer arrested Wednesday night in Portland charged with burglary, have confessed. This clears up many mysterious burglaries of lodging houses. James C. Woods, brother of ex-governor George I. Woods, died at Portland Thursday. He was a pioneer of 1847 and had a wide acquaintance over the state. He was 74 years old. Astoria theatres are kicking hard because their license fees have been doubled. The Hammond Lumbering Co. filed a trust deed at Astoria Wednesday, covering property valued at a million and a half dollars. The City hotel at Canby, 20 rooms, burned last Saturday and E. Rosenkrans, aged 55 years, burned to death in it. Baker county's fair will be held on September 16, but how many days it will be held has not yet been decided. The steamer Undine, with 100 delegates to the Electrical Engineers' convention, got aground in the Clackamas rapids Wednesday evening, and did not get off until midnight. The Sumpter Valley railroad, commonly known as the "Polygamy Central" because it is owned by Mormons after being indicted ten times, has complied with the law and placed safety appliances on its cars. Brownville had a fine exhibit at the Albany exposition. Judge Bean of the federal courts at Portland, Thursday sentenced two men of 13 months each in the penitentiary at McNeil's island, Wash., for perjury in an Indian liquor case. Senator William H. Hornbrook of Idaho has purchased the Albany Democrat, and will conduct it personally. He is, or was, a leader of the democratic hosts of Idaho. There was a big meeting of cannery men and others interested in salmon at Astoria Thursday. A tract of 55 acres north of Willamette heights, Portland, was sold on Thursday, bringing \$78,400. Attorney General Crawford went to Roseburg to vote, and will take up the matter of the recall petition of District Attorney Cameron of Portland as soon as he returns. Astoria has let a contract for a steel bridge across Big Creek near Knappa for \$295. The span will be 80 feet.

Each bid submitted must be accompanied by a certified check equal in amount to ten per cent of the amount of the bid. The city of Salem reserves the right to reject any and all bids. This notice is published for five successive days in a daily newspaper published in the city of Salem, Oregon, the date of first publication being April 16th, 1912. CHAS. F. ELGIN, Recorder. 4-16-6t

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, Od. Sold by druggists, 75c. Take Hall's Family Pills for constipation.
