LAST NIGHT of the "Oregon Prison" at WEXFORD

IS BANDIT ONE OF OUTLAWS?

Portland, Or., April 25.—That the unidentified bandit, who was shot early today in a fight with Police-man Bender, may be one of the Sidna Allen gang of Virginia outlaws, was a theory advanced by the police here this afternoon. It is believed that one or more of the Al'ens left Virginia some days ago for the Pacific coast and the police think it quite possible the man who nearly killed Bender is a member of the gang. They are certain he is no ordinary criminal because of the desperate resistance he made when Bender attempted to arrest him and his apparent willingness to kill.

Union Street Bridge— At the meeting of the city council Monday night a communication was received from the Salem Falls City and Western Railroad Co., asking that the grade be raised at the west end of Union street to enable that company to have their bridge above danger from high water. This communication was referred to the street committee and the ordinance committee. There will be a meeting of those two committees at the council chamber at 7:30 to discuss the feasibility of the plan, at which all interested property-owners are requested to be present.

For Women Who Care
Of course you use an antiseptic in your family and in the care of your own person, and you want the best. Instead of what you have been using such as liquid or tablet antiseptics or peroxide, won't you please try Paxtine, a concentrated antiseptic powder to be dissolved in water as needed. Paxtine is more economical, more cleansing, more germicidal and more healing than anything you ever used.

In the toilet—to cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean and odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration odors by sponge bathing.

As a medicinal agent for local treatment of feminine ills where pelvic catarrh, inflammation and ulceration exist, nothing equals hot douches of Paxtine. For ten years the Lydia E. Pinkham Med. Co. has been regularly advising their patients to use it because of its extraordinary cleansing, healing and germicidal power. For this purpose alone Paxtine is worth its weight in gold. Also for nasal catarrh, sore throat, inflamed eyes, cuts and wounds. All druggists, 35 and 50 cents a box. Trial box and testimony of 31 women free on request.

THE PAXTON TOILET CO., Boston, Mass.

Instead of Liquid Antiseptics or Peroxide many people are now using Paxtine Toilet Antiseptic

To cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean, odorless.
