

BIG CROWD HOOTS EMMA GOLDMAN

[UNITED PRESS LEASED WIRE]
San Diego, May 15.—Miss Goldman and Reittman came here from Los Angeles yesterday afternoon. They had announced that they had engaged the Socialists hall for Miss Goldman to deliver two lectures on the drama, but when they arrived, the Socialists declined to let them have the hall.

Miss Goldman was hooted by a crowd of nearly 1,000 when she stepped on the Grant hotel bus at the Santa Fe station, but got to the hotel in safety. Manager Holmes assigned her a room. He said later that he did so more to prevent violence than anything else.

At 8:30 p. m. a crowd of about 1,000 marched into the hotel, waving American flags, and demanded of Holmes that he send the anarchist speaker and her manager away. He said that he would gladly do so.

About 2 o'clock in the morning, Miss Goldman was quietly escorted to the train by two bell boys, having been taken out at a side door. A crowd, hooting at her, had waited in the street nearby for some hours.

Miss Goldman was badly frightened by the demonstration against her, and when Chief of Police Wilson visited her in her room at the hotel, she was shivering pitifully, it is said.

The police made no effort to quell the demonstration against her, probably thinking it would be useless to do so. They had warned her not to come here.

OBJECT TO THE TAXES ON INDUSTRY

A total of \$6,430,000 rental for 99 years was the sum named in a lease recently executed for Mrs. Hetty Green in Chicago, the rate being \$65,000 a year for the use of a strip of land 46 by 190 feet in the business district. A milling company will replace the building with a modern structure 16 stories high at a cost of about \$1,000,000 which of course will add that much to the value of Mrs. Green's land. This lease has been taken as a horrible example of the present system of taxation, it being urged that the social growth of the city has given the present value to the real estate but that the increment has gone to the land owners and not to the public. "Private ownership or possession of land is conceded to be essential," a bulletin of the American Economic League declares, "but when we permit such ownership as that of Mrs. Green to include not only results from individual effort, but also the result of a community's enterprise, does it not appear that we go far toward condoning a violation of the eighth commandment?" According to this view the cost of living has been advanced about 50 per cent by the policy of

exact revenue from industry instead of land values. The census of 1900 showed that 250,251 persons are possessed of \$75,000,000 of the total of \$95,000,000,000 of the nation's wealth, or in other words, that three-tenths of one per cent of the population possess 71 per cent of the nation's wealth. It is said that the late John Jacob Astor, now a British subject, receives a revenue of \$10,000,000 over here for allowing American citizens to transact business on Manhattan Island.

DEMOCRATIC PAPERS ALL FAVOR TAFT

Norwalk, O., May 15.—Declaring that the Democratic leaders in congress dread his position because they feel sure that it will mean his election next November, and that practically all the Democratic papers in the East are Democratic in name only, and are both openly and indirectly supporting the candidacy of President Taft, Theodore Roosevelt addressed a large gathering of voters here today. He said:

"The newspapers which helped Parker in 1904—the New York Sun, World, Times, Herald and Evening Post, and the Springfield Republican—are practically all Taft organs now. They are Democratic only nominally. They are interested most in reactionary principles. They are doing the bidding of Wall street."

"It is a curious fact that the newspapers which are supporting President Taft in the East are those which are nominally Democratic."

"The Democratic leaders in congress also are working in every way to prevent by nomination, fearing that I will win if nominated, and partly because they don't like my style, anyhow."

BANDITS GOT AWAY WITH STAKE

New Orleans, May 15.—At the offices of Wells Fargo & Co., here today, it was admitted that the bandits who held up the Queen and Crescent limited near Hattiesburg, secured \$35,000. Five Pinkerton detectives were rushed from here to the scene of the robbery in a special train.

TAFT SAYS INTERESTS OPPOSE HIM

[UNITED PRESS LEASED WIRE]
Zanesville, O., May 15.—Declaring that the "money powers" of the nation is against and not for him, as claimed by Colonel Roosevelt, President Taft bitterly arraigned Dan R. Hanna, an alleged supporter of Roosevelt, together with George W. Parkins and Frank A. Munsey, in an address to the voters of Roosevelt today.

The president declared that Hanna had opposed him ever since the latter's indictment for rebating. The prosecutions of the trusts by the Taft administration, the president said, had arrayed the powerful money interests against him in his fight for a second term.

RICHESON MUST GO TO THE CHAIR

[UNITED PRESS LEASED WIRE]
Boston, Mass., May 15.—The Rev. C. V. T. Richeson must die for the murder of Avis Linnell. This was definitely settled today by the state executive council, which met here after a brief session adjourned at 1:45 p. m. without receiving any petition of leniency for the doomed pastor from Governor Foss.

Gets His Nerve Back.
Boston, May 15.—His attitude calmer than it has been in weeks and his nerves apparently much stronger, following a night of sound slumber, the Rev. C. V. T. Richeson, slayer of Avis Linnell, spent a quiet day today in the death cell at the Charles town state prison, where he was taken yesterday to await electrocution at midnight Saturday.

The doomed pastor arose at 7 o'clock ate a hearty breakfast and employed his time reading newspapers and magazines containing accounts of his case.

The realism of Eliza's flight across the ice in Uncle Tom's cabin presented here Friday, was somewhat marred when one of the bound pups chasing the girl caught up with her squatted on his haunches, wagged his tail, and played good dog generally.

SOCIALISTS STAND BY I. W. W. GANG

[UNITED PRESS LEASED WIRE]
Indianapolis, May 15.—Only a personal appeal from Congressman Victor Berger, of Wisconsin, the only Socialist representative in congress, prevented today the Socialist national convention from telegraphing to President Taft and Governor Johnson, of California, demanding protection for the I. W. W.'s in San Diego.

Both Berger and John Spargo declared that such action at this time would merely enable President Taft to interfere in a local matter, and aid him from a political standpoint.

Berger pacified the delegates by promising that the national committee would act immediately for the protection of Socialists and I. W. W.'s now in San Diego.

THE KING OF DENMARK FOUND DEAD ON STREET

[UNITED PRESS LEASED WIRE]
London, May 15.—King Frederick VIII, of Denmark, died suddenly this morning at Hamburg.

Dispatches received here today from Hamburg say that a passerby stumbled over King Frederick's corpse in a side street near Goose Marble. The pedestrian summoned a policeman, who sent the corpse to the harbor front hospital.

The king's private ship Dannebrog, was ordered today to proceed immediately to Hamburg to receive the remains.

Christian X. was proclaimed king of Denmark, while thousands of his subjects gathered about Amalienborg castle singing the national anthem.

The new king and queen appeared for a moment on the balcony, Christian plainly showing in look and manner that he was suffering deeply over the death of his father.

From here to Portland the young men expect to take their time and expect to arrive in Portland early this afternoon. They report the roads very good, except one place of about two miles near the state training school, where repairs are being made.

SOCIALIST CONVENTION IN AN UPROAR

[UNITED PRESS LEASED WIRE]
Indianapolis, May 15.—The United Press dispatches telling of the tarring and feathering of Dr. Ben Reittman and the treatment to which Emma Goldman was subjected in San Diego were read to the Socialist convention. These were followed by private telegrams to Job Harriman, of Los Angeles, telling of last night's riot, and charging the San Diego police with refusing to protect laborers.

Delegates Margaret Prevy, of Ohio, and Mrs. Sadler, of Washington, entered into a bitter denunciation of California officials, especially Governor Johnson, whom they charged with failing to protect citizens. The events occurring in San Diego overshadowed in interest anything else at today's session.

An immediate meeting of the national executive committee was called to consider means to relieve the situation at San Diego.

CREAMERY BUTTER AND EGG COMBINE

Portland, Ore., May 15.—Formation of the country's largest creamery, butter and egg combine is being completed in this city, says the Portland Journal today. The combination will include Portland, Spokane, Seattle, Tacoma and other coast cities as well as Butte, Mont.

The exact details have not been made public, but the total of the capital of the company will reach several million of dollars, and affiliated companies in the East are likely to show a much larger sum.

The Portland end will be known as the Hazelwood company, and the old Hazelwood company of this city and Klock Produce company of Seattle and Portland are included as the home branch.

Carl Schallinger, who has been head of the Hazelwood company of Portland for some time, and R. A. Goodhue, recently an official of the Klock Produce company, of this city, will act as heads of the new concern here.

While no definite announcement is made as to who holds the controlling interest, it is generally thought that F. W. Henningsen, the Butte produce man, will control the new concern, and will conduct various branches from Butte.
