**COUNTY  
CENTRAL  
COMMITTEE**

**PUTS UP WOODBURN MAN FOR  
SHERIFF--ALL ARRANGEMENTS  
COMPLETED FOR WEEKLY PAR-  
TY PAPER**

The Democratic county central committee met in this city Saturday. The resignation of M. P. Baldwin as a candidate for sheriff was taken up and J. F. Wehrum, of Woodburn, was chosen to fill that place on the ticket. Mr. Wehrum is a farmer living between St. Paul and Woodburn. The only other business to receive the attention of the committee was to map out a general plan for the coming campaign. The Democrats have almost a complete county ticket nominated and will make a vigorous campaign at the coming election. Among other things done to help boost their campaign is the establishment of a newspaper in this city which will be printed weekly on Saturday in the interests of the ticket.

**WORNOUT GEAR  
WAS CAUSE  
OF ACCIDENT**

[UNITED PRESS LEASED WIRE.]  
Seattle, May 20.—No more fatalities have been discovered today as a result of the accident at the Colman dock, when the slip on which the passengers were clambering aboard the Steamer Plyer yesterday gave way, and 60 persons were hurled into Elliott bay. The known dead are: Mrs. Florence E. Learned and Carl Bruder, one-year-old son of Mrs. E. C. Bruder.  
Several narrow escapes occurred. Newton Johns, a negro bootblack, proved to be the hero of the occasion. He tied a rope about his waist and for half an hour continued to drag one person after another to shore. At least a dozen lives are credited to his rescue work.  
The accident resulted from a worn out gear which winds the chains that raised and lowered the gang plank. The gear slipped the cog wheels and the chains fell back. The end of the slip nearest the boat tilted back and plunged into the water. Every one on the gang plank was caught. There was no escape. Those on top pushed those below them into the water 80 feet deep. Life preservers were quickly hurled into the water. A life-boat lowered and nearby vessels rushed to the rescue. Some of the passengers, however, remained from 10 to 15 minutes in the water before they were pulled out.  
Mrs. Learned, according to the statement of relatives made this

morning, died of a fracture of the skull. Jack Learned, her three-year-old son, was practically brought back to life by the use of a pulmotor, the electrical respiration producing machine. Mr. G. V. Learned, the husband, also was dragged out of the water in an unconscious state.

tion and thereupon refused chances to go to work at \$2.25 a day. The officials tell of continued trouble, of assaults upon officers, threats to rescue prisoners in the jails, of missing dynamite from an outlying quarry and subsequent threats to blow up the city officials and city property and of threats made against the welfare of the city.

**Attorney Charges Contempt.**  
Fred H. Moore, attorney for many of the Workers, who alleged he was unlawfully detained Saturday by the police and then told by a committee of 15 citizens alleged to have been led by J. M. Porter, that it would be best for him to leave the city or drop the cases, has asked the superior court to issue citations for contempt against the alleged "vigilantes." The case will come up tomorrow morning.

Special Commissioner Weinstock was in San Diego for a short while today, being a passenger on the steamer Sonoma, which touched here on its return voyage from Panama, where it conveyed members of various California Chambers of Commerce.

"I have nothing to say regarding the things which have and are being said respecting my report on San Diego conditions," he said, "other than what will be found in the text of that report, the accuracy of which I reaffirm."

San Diego, Cal., May 20.—The hearing of the Kirk case was marked by intense bitterness of counsel and at one time it got so hot that Judge Guy ordered Attorney Moore and Assistant District Attorney McKee to take their seats.

The courtroom was packed with spectators, including a number of those whom rumor has assigned to ranks of the vigilantes.  
From many quarters outside the courtroom today came expressions of interest as to what course Governor Johnson would take as a result of the report on local conditions submitted by Commissioner Weinstock.

Sacramento, Cal., May 20.—What action Governor Johnson will take in the San Diego trouble had not been revealed up to 2 o'clock this afternoon, as she had absolutely declined to make any comment whatever upon the situation. On Sunday he had refused to discuss Colonel Weinstock's report, remarking that he could say nothing until Monday, at which time he might make a statement. He announced this morning that he was ready to speak.  
Deputy Attorney-General Ray Benjamin, who discussed the matter with the governor on Saturday, is believed to be preparing for the governor a full statement as to the legal power of the state government to interfere for the protection of the right of free

Diego.  
That the governor means to interfere and that he means to go very thoroughly into the entire industrial situation in the south is indicated by the manner assumed by his close political associates.

**PORTLAND'S FRONT STREET IS  
FLOODED.**

Portland, Ore., May 20.—Reaching 15 feet, the flood stage, the Willamette river today overflowed the Alaska and Ash street docks. A rise of five inches a day is predicted for the remainder of the week, and those who have not already removed all goods from the lower docks are preparing to do so tonight. Merchants along Front street, close to the river, are removing goods from their basements. The Columbia and Snake rivers are continuing to rise this afternoon.

on them by rough necks who are not fit to be on the grounds."

Philadelphia, May 20.—Attempts by Ty Cobb this afternoon to induce his fellow players to recede from their position and play in tomorrow's game against Washington while he awaited the decision of Ban B. Johnson, president of the league, failed. The stars flatly refused to entertain this proposal, announcing that they would play ball for Detroit only when Ty Cobb is reinstated.  
The strikers are in conference here this afternoon.

Philadelphia, May 20.—The strike of Detroit players of the American league who quit in a body when Ban Johnson, president of the American league, indefinitely suspended Ty Cobb for attacking a spectator in last Wednesday's Detroit-New York game in New York was called off this afternoon.

All the Detroit players, except Cobb, will be in the regular lineup tomorrow afternoon, when the Tigers meet the Washington team. Owner Frank Navin, of Detroit, said that Cobb would not be allowed to play, but he assured the strikers that Cobb's case would be adjusted at once. He also promised the players that hereafter they would be protected from insults.  
The settlement resulted from Owner Navin's personal appeal to the players.

Sacramento, Cal., May 20.—Speaking of the Ty Cobb incident, Jimmy Shinn, Sacramento insider, said:  
"There are a lot of tinhorn gamblers who come to the game solely to cuss a player if he happens to make an error that causes them to lose a two-bit bet. Some of their remarks are awful and Cobb did just right, and the Detroit players did right in backing up Cobb."

Catcher Harry Cheek, of the Sacramento team, said:  
"Cobb had no other recourse. If the words were insulting, as reported, he did just right in going after the fan. Players should, however, be given protection that will not make it necessary for them to personally resent such remarks."

**GOVERNOR  
WEST WILL  
EQUALIZE**

**SEEKS TO ASCERTAIN A MORE  
EQUITABLE BASIS FOR SALARIES  
OF COUNTY OFFICIALS IN  
EVERY COUNTY OF THIS STATE**

Declaring the present system under which salaries for county officers are paid to be discriminatory, Governor West today announced that he intends to present to the next legislature a bill which will establish uniformity of salaries in all of the counties, and with that end in view, he is gathering data on the subject.  
His plan is to ask the counties to submit lists of the salaries now paid. Then he will ask the tax commission to give him the valuation of each county. These lists will then be sent to bank presidents, heads of granges, farmers unions, and they be asked to give their idea of what the salaries should be.

He will then strike an average, and will fix in the bill to cover the appropriation for all a certain levy and place all of the counties on a millage basis. The county officers' salaries will be placed on a percentage basis so that the county court can compute them.  
In fixing the salaries of the counties three things will be considered, their valuation, their population and their area.

San Francisco, May 20.—Under the caption of "The Road I Traveled," Abraham Ruef, former political boss of San Francisco, now serving a sentence in San Quentin prison for bribery, today, in the San Francisco Evening Bulletin, recommenced the publication of the account of his life, from his entrance into politics until his conviction in the graft trials.  
The Bulletin announces that Ruef's story will be in the form of an autobiography, and will be continued from day to day. The narrative opens with a statement telling of Ruef's life, and is followed by what he terms the "foreword," which already has been published by the United Press.

**MT. ANGEL  
STOLE MARCH  
ON SILVERTON**

The Chicago, Milwaukee & St. Paul railroad is believed to be coming across Marion county, and to be among the early transportation possibilities of the Capital City. Some time ago an effort was made to get a franchise through Silverton by representatives of that line, but they were turned down, and the enterprising men of Mt. Angel took up the matter. They not only gave the promoters a franchise and rights of way through Mt. Angel, but a bonus of practically \$30,000 in the shape of depot grounds and terminals. The right of way has been secured across the county almost into Salem, and that company will be knocking at the doors of our city for a franchise shortly. With the S. P. company building across east to Fir station, with the Welch system including a direct line to Silverton in its plans and the Milwaukee system coming in by way of Oregon City, Molalla and Mt. Angel, the outlook for Salem as a railroad center is very flattering and real estate east of the city is not declining in value.

[UNITED PRESS LEASED WIRE.]  
El Paso, Texas, May 20.—Collapse of the Mexican Insurrection is hourly expected here today following the receipt of apparently authentic reports that General Pascual Orozco's rebel troops are deserting by the score, and surrendering to General Huerta, in command of the government forces. Confident that he has the situation in the state of Chihuahua well in hand, General Huerta today sent General Hernandez south with a detachment of troops to meet the rebel force commanded by General Zapata, which has been active in the territory adjacent to Mexico City.  
El Paso is in a state of suppressed excitement this afternoon over reports that the federals are planning an attack on Juarez. Late this afternoon a force of government troops under Colonel T. D. Sanchez, was reported advancing on Juarez, and Colonel Jose Orozco, a cousin of General Orozco, with 300 men, went to meet the advancing federals.

**MARRIED  
ON TRAIN  
TO PORTLAND**

[UNITED PRESS LEASED WIRE.]  
Medford, Ore., May 20.—With a whirl of wheels, as they clicked over the rails, supplanting the usual wedding march, W. E. Keller, president of the Globe Grain & Milling company, of San Francisco, was married to Helen Mary Fife, of Memphis, Tenn., on train No. 14 of the Southern Pacific last evening, as the train was hurrying between this city and Gold Ray, on its way to Portland. Arrangements were made with A. S. Rosenbaum, local station agent, to have a deputy county clerk and pastor meet the train and journey northward far enough to allow the ceremony to be performed. The bride and groom were the guests of Mr. and Mrs. J. W. McClymonds, of San Francisco, in the private car "Sunset."

**SENATOR LORIMER.**

(Continued from page 1.)  
Dillingham, Gamble, Jones, Johnston and Fletcher.  
The minority members took the stand that the election of Lorimer was irregular, and that at least 10 votes were purchased. Their report said in part: "The records in the senate plainly show that Lorimer's election reeks and reeks with a general corruption scheme."  
The minority report, which was signed by Senators Lea, Kern and Kenyon, was presented to the senate, accompanied by a resolution declaring Lorimer's seat in the senate vacant.  
Almost a Miracle.  
One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Texas, was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption. But he began to use Dr. King's New Discovery, and was completely cured by 10 bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for coughs and colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00 Trial bottle free at J. C. Perry's.
