

PIONEER BANKING HOUSE GETS THE LARGEST SAFE AND VAULT IN THE WILLAMETTE VALLEY

Ladd & Bush, Salem Institution, is Being Enlarged to Double Its Former Capacity to Meet Requirements of a Growing City and Demands for Greater Facilities for Transacting Business.

With the improvements now under way at the Ladd & Bush bank, that institution will be one of the best equipped institutions in the state. The alterations include a remodeling of the entire bank building, as well as an entire new equipment for the handling of their immense business. The most important feature of the improvements

surrounded by 18 inches of fire-proofing and on one side it will be protected by the present vault, which will be given up entirely to the use of customers of the bank. The other side will be protected by a book vault. All three vaults will be finished on the outside with highly polished golden brown, Minnesota stone. In addition to the three vaults on the main floor of the bank the basement will be provided with a storage vault 25 feet square for the accommodation of customers who have articles of great size or which cannot be conveniently stored in the other vaults.

The 100,000-Pound Steel Manganese Safe With Seven-Foot Circular Door to Be Installed in the Ladd & Bush Bank of This City.

In the fine new manganese steel vault, which is of solid steel three inches thick, cast in one piece, and not made of plates, as all other vaults on the Pacific coast are constructed. It is without doubt the strongest vault that is possible to build, and is absolutely burglar proof. The vault installation at the Ladd & Bush bank will

lock, controlled by four time clocks. The inside, which is divided into two sections by grill gates, is elegantly finished, the rear section being for safes for gold and teller chests for silver, and the front compartment will be equipped with 410 safe deposit boxes of modern manufacture of the double key type. The vault will be

and the Dexter Horton National Bank of Seattle, is now at Peoria, Ill. at the marble works, superintending the construction of the fixtures for the bank. He will arrive in Salem about July 15, and from that time until completed he will have a force of men working night and day until the fixtures are installed, which will take until about the middle of August. Every convenience known to modern banking will be installed.

The Great Northern Railway, over whose line the vault was shipped, state that it should be in Salem May 26, it having passed through Whitefish, Ont., May 22. If permission can be obtained from the city, the car on which the huge vault is loaded will be brought in front of the bank on State street, as this will be a great convenience in unloading.

The lobby in the main office will be 44 feet by 26 feet, which is to be on the Commercial street side of the building. There will be two vestibule entrances, one on State street and one on Commercial street, with inner and outer doors. There will be seven tellers' cages across the south side and the safety deposit entrance and ladies' room will be on the east side of the room.

The vault arrived in Portland today on a special car of the Chicago Burlington & Quincy line.

Almost a Miracle.
One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Texas, was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by 10 bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for coughs and colds with excellent results." It's quick, safe, reliable and guaranteed. COLORED PAVEMENT EMPLOYEES

STOOD UP FOR THEIR RIGHTS WHEN ATTACKED BY BULGARIANS AND ITALIANS, WHO, IT IS CLAIMED, WERE UNDER I. W. W. INFLUENCE.

A pitched battle was narrowly averted Saturday morning, about 9 o'clock, when several Bulgarians and Italians attacked Tom Lowe and another colored man, at work on the bitulithic pavement on Chemeketa street, between Commercial and Front streets. On account of the condition of the progress of the work, Superintendent Nicholas W. Scharf announced that a single crew would be worked today, instead of a double crew, as during the past several days. This was unsatisfactory to the men, who have been importuned by the I. W. W. workers lately regarding their supposed rights as workmen. On account that half of the men were laid off, Tom Nidoff, the aggressor in the altercation, was going to quit work, when Lowe, the foreman of the raking crew, tried to dissuade him from quitting. He demurred to this interference, and soon became very angry. He made a rush toward Lowe, saying, "let's get the black s— of a b—." This Lowe and his colored associate resented, and with shovels in hand the Bulgarians and Italians rushed toward the raking crew. Lowe used his rake to defend himself, and the others had their shovels. At one point the colored men were ready to wipe out their assailants. Nidoff was struck by the rake of Lowe, and quite a severe wound was made in his left arm. This stopped the row, and both sides soon became quiet. Lowe and Nidoff were both taken to the city

Mrs. Wm. A. Allen, Chacon, New Mexico, had so severe a cough that it nearly choked her to death. Mr. Allen says: "We tried many things without helping her when by good luck I got a bottle of Foley's Honey and Tar Compound. It helped her at once and finally cured her. It is the best medicine we ever used." Dr. Stone Drug Co.
