

NEWPORT IMPROVES EACH YEAR

FAMOUS BEACH RESORT COMING TO THE FRONT AS NOT ONLY ONE OF THE FINEST IN OREGON, BUT ON THE WHOLE COAST.

Visitors to Newport this season will find many welcome changes. There have been many improvements finished and others are under way.

One of the greatest improvements for the town of Newport is the planing on Front street. This will make the street passable in all sorts of weather, and will be a great comfort to the great crowds on excursion days. All the business houses are being opened up, and the Abbey hotel, which has remained open all winter, already houses quite a few guests. A concrete bank building is in course of construction, and several other buildings of good size are nearly completed.

Half way over the hill to Nye Beach a large Odd Fellows hall is going up, the lower part of which will be used for store rooms. The top of the hill has been leveled and a new walk built, the grade being materially lessened in consequence.

At Nye Beach all is in readiness for the coming of the tired city people. All the hotels and boarding houses are already open, and many cottages are being built. The plunge opens tomorrow and has been completely renovated. The Hotel Nicolai is nearly finished, and Manager Anderson is now in Portland buying furniture.

Newport people predict the most successful year of all for Oregon's most famous summer resort, and President Blanchard of the Commercial Club says that he fully expects to see Newport and Nye Beach come fully into their own this year.

Proposals for Supplying the State Institutions.

Sealed bids are invited by the State Purchasing Board for Supplies and Stores for the Oregon State Institutions, for the six months ending December 31, 1912.

Bids will be opened at 2 p. m., June 20th. Lists, with instructions to bidders may be secured by calling on, or addressing C. D. Frazier, Secretary, Salem, Oregon. 6-1-5t-mood

NATURE'S ESSENCE... Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the wild-cherry tree, the root of sandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.
It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

E. Williams, Inc. Dr. Pierce's Pleasant Pellets are for Liver Ills.

DISCUSS THE OVERFLOW OF MILL CREEK

A meeting of much importance to people living along the banks of Mill creek was held last night in the council chamber of the city hall, at which the matter of deepening the channel and raising the banks of the creek were thoroughly gone over, and it is now believed that active steps will be taken so that in the future that stream will not overflow its banks. The meeting was called by Governor West, at the instance of a large number of property owners along the line of the creek. John H. Albert was elected chairman of the meeting and William Brown was chosen secretary. Governor West, in calling the meeting to order, stated his purpose in calling it was to devise means of preventing the inundation of a large area of country and some of the city by Mill creek, and to co-operate with the city with a view to deepening the channel of that stream.

Governor West, William Stencloff and Russell Catlin were appointed a committee to ascertain the power and liability of the power company maintaining the ditch, and William Brown, A. Whitney and Thomas B. Kay comprise a committee to investigate a drainage district plan. T. B. Kay addressed the committee, in which he stated that the overflow was caused by the surface drainage, and not from any water taken into the creek from the Santiam, as during the rainy season the gates are all closed so that no water enters the creek, except what falls in its basin.

County Judge Bushey spoke favoring the strengthening of the channel. While Dr. R. E. Lee Steiner and W. J. Culver spoke on the question of drainage and developing of the land as the reason for the surplus water during rainy seasons.

Another meeting will be held June 8, at which time the two committees will make reports and further plans will be discussed and adopted for preventing further overflow and damage.

Man Coughs and Breaks Ribs.
After a frightful coughing spell a man in Neenah, Wis., felt bad pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonfuls ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it's a God-send to humanity," writes Effie Morton, Columbia, Mo., "for I believe I would have consumption today, if it had not been used this great remedy." It's guaranteed to satisfy, and you can get a free trial bottle or 50 cent or \$1.00 size at J. C. Perry's.

Polk county will, within the next two years, spend \$145,000 in bettering her roads.

Each age of our lives has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all dealers.

THE TURKISH BATHS IN AMERICA

Madame Quivilla will be glad to answer any questions pertaining to womanly beauty. Personal replies will be given if a stamped and self-addressed envelope is enclosed.

The Russian bath differs from the Turkish in being a vapor bath, in principle the same as the primitive baths first described; while the Turkish begins with exposure to dry heat at a temperature of from 120 degrees to 150 degrees Fahr. The effect of both is much the same, and when many bathers gather at the same time in a Turkish bath, the air becomes quickly charged with vapor. It is thought by some that the Turkish bath favors reduction of flesh and the Russian increases; but both have been used with equal benefit in curing obesity.

When taking a Turkish bath in this country, you don a loose cotton chemise of simplest form, and enveloped in an ample sheet, enter the sudatorium, where your attendant seats you comfortably in a reclining chair, binds a wet towel about your forehead, and gives you a glass of cold water. Your attendant carefully watches the effect of the heat, supplies more drinking water if needed, and leaves you for a longer or shorter time, according to the response of the perspiratory glands. When the sweat starts freely from every pore, you go into a still hotter room and recline on a marble couch, which stretches round the sides of the apartment. A fresh wet towel is bound about the brows, more water drunk, and you lie here till as wet as if dipped in the swimming pool, and altogether the sensation is delightfully soothing. You feel as if a lot of depressing, clogging products were being coaxed out of you. Sometimes there is a progression through several of these hot rooms, at increasing temperature up to 210 degrees Fahr.; or, if you are alone, the temperature is raised in this second one, the attendant adjusting it according to the effect upon the bather.

After this you are taken to a marble cabinet, where, reclining on a marble couch, you are lathered and shampooed, while hot water is freely poured over you. The needle-spray—very delightful—follows, and after it, if you choose, two or three quick dips into the cold swimming pool. Some women are too timid to venture upon this, and if there is weak action of the heart, it is best not to; otherwise an enjoyable part of the bath is missed. After friction with Turkish towels, there is another shampoo with alcohol, if desired; and then the bather is enveloped in a fresh sheet and tucked upon a rest-ful couch in the tepidarium for a half-hour's rest; and, if she wants it, has a cup of tea or coffee.

BEWARE OF SUDDEN ATTACKS THAT MAY PROVE DEADLY.

INCREASED PENSIONS FOR G. A. R. VETERANS.

The new general service pension bill became a law Saturday, May 11, last, when the president signed the bill. After granting \$30 per month to all soldiers wounded in battle or disabled by disease contracted in line of duty and incapacitated for manual labor as a result thereof, the bill combines age with service in the allowance of pensions from the date of applications therefor as follows:

Age—	3 Mo.	6 Mo.	1 Yr.	2 Yrs.	2 1/2 Yrs.	3 Yrs.
62 years	\$13.00	\$13.50	\$14.00	\$15.00	\$15.50	\$16.00
64 years	15.00	15.50	16.00	17.00	18.00	19.00
66 years	18.00	19.00	20.00	23.00	24.00	25.00
70 years	21.00	22.50	24.00	30.00	30.00	30.00

This provision will afford a substantial measure of justice to many thousands of worthy veterans throughout the country, and while it will not furnish all the relief for which they have struggled, it is a decided improvement over existing law.

NEWPORT OREGON

UNSURPASSED AS A SUMMER RESORT **ADVANTAGES AS A HOME CITY**

Newport has every advantage the pleasure seeker or the person wishing rest and quiet might desire. Here you can find the gay life of the summer resort with all its attractions and excitement, or if you wish rest and quiet, you can find a secluded spot where the only sound to break the stillness will be the cry of a seagull and the distant beating of the surf. There are the mountains for the man who wishes hunting, trout streams for the lover of the fly and the deep sea fishing for the person who craves a little more dangerous sport. Accommodations can be had of every description, hotels, cottages and tents. The Southern Pacific Railroad furnishes first-class service from all points, and the best wagon roads to the Coast come into Newport. For information write the Newport Commercial Club, or any advertiser on this page; we recommend them.
