WILL IMPROVE TWELFTH STREET TO CITY LIMITS

In the matter of the improvement of South 12th street the city council last night indulged in some real mud-slinging. Alderman Sauter wanted the street paved from Mission to south city limits, while Alderman Pennybaker was of the opinion that for a distance of two blocks south of Mission street was sufficient. Alderman Jones was opposed to paving the entire length of the street for the reason that in his opinion the property was not worth the amount that would be assessed against it for the pavement. "I am actually astonished at you Mayor Lachmund said Mr. Jones, to think that you would consent to such a thing, knowing that there are people on the street in majority numbers who do not favor the improvement. Much of the property is nothing but holes in the ground."

"I am astonished at you too Mr. Jones," said the mayor, "I think your argument is perfectly ridiculous."

Alderman Sauter took up the argument and attempted to show Mr. Jones by figures he had compiled, wherein the property owners along the street wanted the improvement, to which Mr. Jones replied that he did not believe that the property owners along the street favored improvement and did not believe Sauter's figures were correct.

Alderman Pennybaker then took a hand. Among other things, he said: "Alderman Sauter, you agreed to stay out if this street was improved to Waller street, but now you fall to keep your agreement, and you know it." You now come here proposing that this street be improved for its entire length.

Plans and specifications were then adopted for the improvement of 12th street from Mission street to the south city limits.

His Whiskers in the Hedge.

(TUPPER PRESS LEASED WIRE)

San Francisco, June 4.—Because "shrubbery" on his countenance became entangled today with a Golden Gate Park hedge while he napped and another attendant trimmed hedge and whiskers together, Andrew Reese, a landscape gardener, was vexed. He was more vexed when a laughing, jeering crowd followed him into the street and finally was locked up as a vag. After the jail barber had completely removed his straggling "follage," or the remains of it, Reese was turned loose all bare.

Wants To Be Governor.

Seattle, Wash., June 4.—W. H. Paulhanus, of Sumner, president of the state senate, will be a candidate for governor this fall. This is vouched for today by some of Paulhanus' closest friends here and leaders in the Roosevelt fight.

Paulhanus will enlist under the Roosevelt banner, whether it is the progressive Republican banner or that of an entirely new party as the result of the Chicago convention. His formal announcement will probably not be made until after the convention. Paulhanus was one of the chief leaders in the progressive Republican convention at Aberdeen recently.

A Fine Job of Paving—The paving on Center street is progressing very rapidly and from the looks of the street where it is finished it will be the best concrete street in Salem. Contractor Clegg is to be complimented on the way the work is going down and the rapidity with which he is doing it.

77 More Lawyers—There are 77 more lawyers in the state today, for the supreme court announced today that each and every student taking the recent examination had passed, and is entitled to a certificate to practice law in the state. Incidentally the class is the largest to pass the examination without any failures.

Kick on Street—There is general complaint at the condition of South Commercial street. Coming off the hard surface roads south of the city, at the city limits, South Commercial street strikes the traveler as the worst excuse for a street possible. It is full of ruts, high crossings, and trenches dug for water and gas pipes. Worst of all is the Oregon Electric crossing south of the big bridge across South Mill creek. This is one street, for the good name of the city, the street department should keep in order.

Bought 500 Chairs—At the meeting at the Board of Trade rooms last night, J. L. Stockton was authorized to purchase 500 chairs for the armory, which he said could be purchased for \$331. He placed the order with the Imperial furniture company.

Fined for Fishing—Ralph T. Shepard, 15 years of age, was fined \$25 and costs amounting to \$4.50, this morning in justice of the Peace Webster's court, for fishing without a license. The young man had been told by his father that he could fish without a license as he was under 16 years, the age at which the father thought the license law became effective. The fine was paid.

It Holds Five Tons—The Journal yesterday inadvertently reduced the capacity of Hill & Hansen's big cooler 80 per cent, just with a single slip of a lead pencil. It made the cooler hold only one ton of ice, while, as a matter of fact, it gets away with five tons without distending its "tummy" or suffering from indigestion. The Journal's statement did not hurt the cooler's feelings, and this statement is not made to conciliate it, only to bring the Journal strictly into the realm of truth, where it always tries to get with both feet.

Asks to Be Cut Loose—Henry F. Lage has begun suit for divorce from Violet G. Lamson Lage, whom he married at Hood River, Oregon, January 1, 1902. He alleges desertion since December 3, 1910. Two children were born to the union, only one of whom survives. The plaintiff alleges that the defendant is a good woman and a proper person to have the care and custody of the child, which is 7 years old. The plaintiff has contributed \$15 a month to the support of the child, which he is willing to continue, although he alleges the mother is able to care for it, and asks for the privilege of visiting the child at all proper times.

Robbed Hardware Store—The Spencer Hardware store was broken into last night and some real divers a few chisels, wrenches and screw knives stolen. The work looks like the deed of some boys or other articles of much more value were close by the articles taken. To gain entrance to the building the burglar cut a hole in the back door with a knife which enabled him to turn the key in the door.

A Previous Farewell—The graduating number of the Clatsop contains a good natured roast of the school board. There is a formal announcement of the retirement of Prof. Fargo and Prof. Schreiber, in ad-verse of any action of the Board. The farewell is pathetic, and very complimentary to the retiring educators, who were popular with the students of the high school.

A New Democratic Paper—The first copy of the "Messenger," the new Democratic weekly published by James E. Godfrey and A. M. Dalrymple has reached the Journal table. It is in magazine form, 12 pages and as a frontpiece, the picture of Harry Lane Democratic candidate for U. S. senator. It is neatly gotten up and the matter is well prepared. I come to fill a long felt want and will probably fill it. The Journal is not well informed as to the Democratic needs, but the messenger promises to enlighten the people generally and the Democrats especially, and perhaps both need it.

Expert Demonstration—Gas cooking every day this week, from 2 till 5, at Buren & Hamilton's.

Will Entertain Them—Mr. and Mrs. F. A. Thompson at south end of Commercial street, will entertain the W. R. C.'s and G. A. R.'s Wednesday afternoon from 2 to 5.

Piano Recital—By advanced pupils of Frank E. Churchill, assisted by Mrs. Bross and Mrs. Babcock, Mrs. Lamoine Clark and Blanche Liston, will be given at the First Christian church tonight. Public cordially invited.

Get Some Helpful Hints—On cooking with gas, and see the best of all gas ranges in operation any day this week, from 2 till 5, at Buren & Hamilton's.

Granted Two Divorces—Judge Galloway granted divorces yesterday as follows: Mary Yantis Mueller from Otto Mueller on account of cruel and inhuman treatment; W. H. Royal from Anna Royal, on account of desertion.

Newcomers Got Contract—Arenz & Son, contractors, recently located in this city from North Yakima, were awarded the contract last night for the paving of Lincoln street in South Salem. Their bid was \$9,604, being the lowest of the seven bidders. These gentlemen were contractors in paving and concrete work in the Yakima valley for five years. They recently moved to Salem and will make their home here.

Two Glory Tickets—A marriage license was granted yesterday to Russell L. Moorman, aged 20, of Salem, and Miss Vida Irene McMillan, aged 18, of Salem. License to wed was issued this afternoon to David LeRoy Lambert, a young man of 26 years, of McMinnville, Oregon, and Miss Mabel Adell Harold, aged 23, of Salem. Both of the weddings are to take place in this city tomorrow.

Fairmount Park Snap

If you wish to buy in the coming exclusive district of Salem, see my modern house in Fairmount Park on one of the finest view lots; looks straight down Commercial street, so that with good field glasses, one can sit on large airy front porch and watch the moving panorama of the business section of that street. Grand and unobstructible view of mountains, river, city and valley. Lot is 75x150. Five rooms down-stairs, besides reception hall and large bathroom. Up stairs, large enough for two good rooms, is not finished; but floor is laid and is used as bedroom, two 6-foot width windows sweep the view. Well built house; no basement. Good back porch, screened and latticed. Bedrooms and bathroom finished in white enamel; rest of house hardwood finish. Hot and cold water in bathroom, kitchen and back porch. Wash trays. Good water pressure all summer from Fairmount Park water tank. The improvements on this place cannot be duplicated for less than \$2200. Bare lot next door, same size, held at \$2500. Price for this house and lot, \$3,900. This is a sacrifice price, but owner must sell, as he is going east. Call Star Grocery, Main 1456. 6-4-12
