APHIS IS DAMAGING GARDENS

With the aphids not only attacking the gardens and orchards at the asylum farm, but also the grain, the superintendent is hoping that the hot weather will soon arrive, as this is the only thing which will stop the operations of the pest.

During the past years the gardens and orchards have been attacked by the pest, but this is the first time in the history of the valley, as near as can be learned, when it has attacked the grain. The pest was discovered yesterday in the vetch crop, and unless hot weather comes soon the damage will be considerable.

X-RAYS AND SMILES.

Loren M. Bycerly city treasurer of Newport, wants his throat cut, and a wooden whistle, which he swallowed, when a boy, and which, he says, stuck in his throat, removed. He says it bothers him sometimes when he wants to sleep. Strange how some men will kick at trifles.

While Senator Kern, of Indiana, is pouring the vials of invective on Lorimer for buying a seat in the United States senate, it would make good parallel column reading if Senator Kern would make a list of government jobs and other rewards he has handed out to those who supported and elected him. Lorimer paid out money, while most of the senators bought their way just the same, only making Uncle Sam pay the bill. Lorimer is probably rotten, but he is surely being tried by a gang of his peers.

If you prefer your steak broiled to boiled, the horse editor who reads and corrects proof, sometimes, has no objection to your cooking it that way. Anyway at that demonstrator at Buren & Hamilton's, Mrs. Strickler can show you how to cook it to the queen's taste or your own, even to serving it up as a red hot corpse—so to speak—smothered in onions.

After all Lorimer will only occupy the humble position of scapegoat. Stephenson might well travel with him, but the senate draws its lines very finely, and only the man with the microscope glued to his eye, can see or understand the delicacy of the machinery which the aristocratic old jewelers examine so critically.

If the Cubans use those rifles Uncle Sam sold them, in the laudable effort to kill each other, it was a good sale, but if our soldiers have to go down and take them away from the gang—it may prove expensive.

England launched 40 warships in 1911. Her tremendous power on the seas is what makes Europe sit up and be good. We may criticize the expenditure, but if it prevents war, which it undoubtedly does, it is a good investment.

The Oregonian editorially remarks that "Fred Dubois, of Idaho, was not always a Democrat." True! Fred has at some time or other been "pretty-much-of-a-good-deal-of-most anything" except, of course, being consistent, and come to think of it—he has been consistently inconsistent.

MRS. MCGILL BROKE DOWN

Gives the Real Facts in Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good. One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headaches and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui. Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

BIG ORDER STIRS LUMBER

20,000,000 Bought by Harriman Lines Stimulates Market. Seattle, Wash., June 5.—Harriman railroad officials have just finished buying approximately 50,000,000 feet of fir lumber. The orders have been placed largely with Columbia River mills.

The Harriman purchases are the largest made by any company since the railroad companies entered the market for lumber. While the Harriman orders will not be filed by the Puget Sound mills, lumbermen here says the placing of the business in Southern Washington and Oregon will have a good effect on the Northwest market.
