### For Women Who Care

Of course you use an antiseptic in your family and in the care of your own person, and you want the best.

Instead of what you have been using such as liquid or tablet antiseptics or peroxide, won't you please try Paxtine, a concentrated antiseptic powder to be dissolved in water as needed.

Paxtine is more economical, more cleansing, more germicidal and more healing than anything you ever used.

**In the toilet**—to cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean and odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration odors by sponge bathing.

**As a medicinal agent** for local treatment of feminine ills where pelvic catarrh, inflammation and ulceration exist, nothing equals hot douches of Paxtine. For ten years the Lydia E. Pinkham Med. Co. has been regularly advising their patients to use it because of its extraordinary cleansing, healing and germicidal power. For this purpose alone Paxtine is worth its weight in gold. Also for nasal catarrh, sore throat, inflamed eyes, cuts and wounds. All druggists, 25 and 50 cents a box. Trial box and testimony of 31 women free on request. THE PAXTON TOILET CO., BOSTON, MASS.

### HE WANTS PROPERTY GIVEN BACK

John W. Cook has filed the papers in a suit against Belle Cook to set aside two deeds executed by himself in 1909 and 1910, in which he deeded to the defendant, who was then his wife, valuable lands in Woodburn worth \$9000. It is alleged in the complaint that the plaintiff at the time the deed was executed was addicted to the use of intoxicating liquors, to such an extent as to be unable to properly conduct his own business. It is further alleged that Belle Cook is an intelligent and strong-minded woman, who had such control over the husband that she was able to induce him to execute the deed to her of all his real estate, with the understanding, so it is alleged, that if ever he recovered from his condition of gross drunkenness, that it was to be deeded back to him. He further alleges that, while he was yet sick, the defendant filed suit for divorce against him, and that the divorce was granted. The records of the clerk's office show that the divorce was granted September 12, 1911. In the complaint the plaintiff asks that the defendant be required to deed the property back to him, as he alleges that the property was his and that since the divorce was granted the defendant has refused to allow him the possession of the land or any of the profits therefrom. One of the pieces of property has a brick building, while the other has a fine residence on it. He also alleges in the complaint that he gave his wife \$1000 to pay the cost of assessments against the properties.

### SEALS ON MANY BALLOT BOXES FOUND BROKEN

[UNITED PRESS LEASED WIRE.] Seattle, June 10.—That the seals on many ballot boxes have become broken since election day, March 6 is the sensational testimony developed today in the recount contest started by H. C. Gill against Mayor Cotterill. The preliminary hearing, which began today, will determine whether a recount is to be had. Gill's witnesses this morning testified that the ballot boxes have not been tampered with since election. On cross examination, however, William Gaynes, former registration clerk, admitted that the seals have become broken and that the keys to the ballot boxes had not been locked up for five days. He accounted for the former as due to moving the boxes from one portion of the office to another.
