THE WATER PROPOSITION.

There is not much use filling the papers with long reports about Salem water matters. The Salem water at present is as good as can be had out of the

river with present filter. The proposition to start condemnation proceedings has failed

to accomplish results. The water company wisely refuses to go into arbitration

schemes until the city is ready to act. Without some plan for a better water supply the people will

not authorize a bond issue.

It is useless to write or talk about the failure to buy the plant last year, but it would have solved the problem.

THE SCARE OVER THE BRIDGE.

It is not plain what purpose is being served in working up a scare over the steel bridge at Salem.

To all appeaances the bridge stands in as perfect alignment as it did the day it was completed. It is too narrow for any congestion of traffic that is liable to

break it down under any circumstances, Only two vehicles can pass at the same time, and only a drove

of elephants could put a serious strain on it. The law should be enforced about fast driving, but even that is

difficult, as motorcars will speed. The next bridge built at Salem should be heavy enough to be

as safe as a street anywhere. But a solid concrete and steel bridge, like the one at Salem, will stand for fifty years.

THE PRESENT ROTTEN SYSTEM.

It is a remarkable fact that all the big newspapers that are allied with the capitalistic interests, regardless of politics, are fighting the nomination and election of Roosevelt.

The delegations from states like Washington, California, Idaho and Oregon are to be stolen by the hocus-pocus of the national committee seating the Taft contestants.

The rotten element in the whole situation is that it puts the Republican party in the attitude of suppressing the direct vote of the people, and by this they hope to win.

This is the audacious campaign management on which the interests hope to keep control of the national government. The audacity of the campaign waged by the Taft managers

becomes more apparent each day. The people of the nation are fully conversant with the details of the system.

All fair-minded people admit the legality of the Roosevelt delegation from Oregon, Washington and California-by direct

Colonel Roosevelt carried the state and he is overwhelmingly backed by the Republican voters.

In the face of these facts it is almost beyond understanding to read the astounding misrepresentations of the Taft managers.

TWO REMARKABLE GATHERINGS.

At the Hotel Marion last night a group of financiers sat around a dinner table and discussed howto get money to build homes for working people.

On the street was a large gathering of workingmen demanding that they be given a chance to have employment on public work done by the city.

How can workingmen with families get homes and pay for DOCTOR TELLS HOW TO them, or even pay their rent in homes they do not own, if they cannot get a chance at public work?

It is not fair to turn the larger part of public work over to the non-resident and transient who comes into the town to camp or board for a short time.

It is a rather remarkable coincidence that this divergence of the two policies should have been accentuated by the presence of the home-building financiers.

PROFIT IN THE INSURANCE BUSINESS.

The insurance companies are reaping a bigger harvest out of Oregon than ever before.

They practically dictate all the insurance legislation, and es-

cape publicity as far as possible. Oregon has stacks of laws regulating insurance, but the people

pay more and more. Does this not prove that insurance departments and insurance

legislation only plunder the people?

Following statistics from the Portland Telegram indicate the need of insurance for the people by the state:

The 105 companies doing a fire and marine insurance business

in this state during the year ending December 31, 1911, wrote risks aggregating \$214,764,844, for which they collected premiums amounting to \$3,296,633.75 and paid \$1,473,591.91 for losses sustained.

The 48 lif einsurance companies added \$13,674.140 to their insurance in force, collecting \$3,276,997 in premiums, and paid \$1,417,848 to claimants.

The 39 miscellaneous insurance companies transacting casualty, liability, surety and miscellaneous classes of insurance, collected \$1,127,617.83 for premiums and paid \$398,280.94 for loss-

The Mutual fire relief associations of this state added \$5,333,-223 to insurance in force, collected assessments of \$429,637, and paid \$193,419.89 for losses. The fraternal societies collected \$1,179,760 for dues and assess-

ments and paid to members \$693,333.28 for death and disability

Oregon seems to be paying the piper to a very liberal degree.

THE SONS OF

Corporal John Huntington, of Lents, came to Salem Saturday, commisioned to organize a camp of Sons of Veterans, composed of lineal descendants of honorably discharged soldiers or sailors who served in the Civil War, 18 years of age or over. He was met by a committee of the Grand Army and Ladies of the Relief Corps. and at the evening rally at Union Laoor hall a large delegation of Grand Army people and sons of veterans urned out, and a camp was organized, with the following officers, who were obligated and installed:

Officers Joshua Smith Camp.

On motion the new organization was named in honor of the late Joshua Smith, who was drowned at Salem two years ago while coming down to the city on a message for one of the state department officials of the Women's Relief Corps. The officers elected and installed are as follows: Commander, E. Hofer.

Senior vice-commander, J. F. Dun-

Junior vice-commander, S. E. How

Secretary, W. F. Drager. Treasurer, W. P. Rigle. Guide, C. C. Clark.

Inside guard, L. W. Benson. Endorsed by Grand Army.

Commander Stolz and Adjutant Websurprised the new camp with a treat their fights for reform. of ice cream and cakes. Comrades Howard, Lumpton and Bennett were named as a committee to confer with the Grand Army officials about assisting in the grand encampment to be held in Salem next week. Joshua Smith camp will meet next Saturday had long bothered him. Such a recomevening at the same place to receve recruits and complete organization. Huntington Entertained.

Corporal Huntington was royally enertained during his stay in the city. and all who met him found him a very Pills. pleasant gentleman. He is one of the Drug Co. few Sons of Veterans who served through the Civil War, his father having been in the army at the same time. Within three months Corporal Huntngton was wounded, his brother was killed and his father went to the hospital with a bullet through his body. Corporal Anderson served a term in Andersonville prison. He expects to attend the encampment at Salem. In 1911 he was chosen senior vice-commander of the department of Oregon. He says there will be quite a delegation of Sons of Veterans in attendance at Salem next week.

SHED BAD COMPLEXION

We cannot restore degenerated facial tissue any more than we can restore a lost limb. It is useless to attempt to convert a worn-out complexion into a new one. The rational procedure is to remove the complexion instead-remove the devitalized cuticle. Not by surgical neans, however, as the underlying cutis is too thin, too tender, to withtand immediate exposure. Applying ordinary mercolized wax will gradually absorb the offending cuticle. By degrees, a new, youthful skin appears; a skin soft and delicately tinted as a rose petal.

No lady need hesitate to try this, Procure an ounce of mercolized wax of the druggist. Spread on a thin layer before retiring, removing this in the morning with soap and water In from one to two weeks the complexion is completely transformed An approved treatment for wrinkles is provided by dissolving an sunce of powdered saxolite in a balf pint witch hazel. FALLS CITY BOY COMMITS SUICIDE

Falls City, Or., June 11,-Growing also brother, on a ranch in Eastern Oregon had discouraged him in accepting a like position on the same farm. Alfred Philips, aged 16, committed suicide at his home near this city Sunda evening at 7 o'clock by shooting himself in the head.

MOST IMPORTANT OF THIS WAS REPORT OF WATER COMMITTEE WITH REGARD TO ACQUIRING THE SALEM WATER COMPANY PLANT.

Complaining that a bowling alley pelonging to T. G. Bly, and located in the lower portion of the building in which the Oregon Hotel is conducted, is so noisy that it is disturbing the peace of his guests, the proprietor last night petitioned the council that the bowling alley license be revoked. The matter was referred to the health and police committee and will come up for consideration at the next meeting.

Mr. Long, representing the firm of which the city purchased a fire automobile stated that the machine would likely arrive here July 14. He said it was a new car-the latest model, and desired to exhibit it for Boston, June 11.—Settlement of the a few days in cities on the coast, and
